CIVILIZING WITH BULLET AND FLAME

Our "Benign" Labors in the Philippines.

A WAR WITHOUT MERCY

Mr. Rawlins Continues His Speech in the Senate.

TILLMAN READS HOAR A LECTURE

He Instructs the Gentleman From Down East in the Principles of Courtesy. Considering Senate Amendments to Oleomargarine Bill.

(By the Associated Press.)

Washington, D. C., April 23.—During today's session of the Senate, Mr. Rawlins, of Utah, continued his speech in opposition to the bill providing for a form of government for the Philippine Islands. He devoted the greater part of his speech to a discussion of the testimony presented to the Philippines Committee relating to the administration of the "Water cure" to natives and to other forms of torture inflicted upon the Filipinos. He had not concluded his remarks when the Senate adjourned.

Mr. Hoar (Mass.), participated in the debate on this bill and soon found himself in a wordy discussion with Mr. Tillman, who charged that the Massachusetts Senator had been discourteous to him at which he was surprised because the Senator who was always a stickler for good order, Senatorial dignity and decorum, should set a high example that Senators might imitate.

Mr. Rawlins presented many cases of torture of Filipinos, of the burning of towns and of the incarceration of Filipinos. All this, he said, was done to carry to the Filipinos the benign administration of the American government. The war, he said, was to be waged relentlessly and vigorously and the articles of war were to be cast to the winds. The war to be waged was not to be a war of humanity but a war without mercy. It was uncivilized warfare and without excuse.

Mr. Rawlins said that Waller's men performed the most thankless and unhonored task ever soldiers were called upon to perform. He declared that the troops were ordered to make the island a "howling wilderness," and kill everybody over the age of ten years. Messrs. McMillan (Mich.), Elkins (W. Va.), and Berry (Ark.), were appointed conferees on the River and Harbor Bill.

The Day in the House.

(By the Associated Press.)

Washington, D. C., April 23.—The House today began consideration of the Senate amendments to the Oleomargarine Bill. A special rule for this purpose was adopted by a vote of 152 to 79. By the ruling of the chair the question of further amendment of the Senate propositions was confined within very narrow limits and slow progress was made. The opponents of the measure who sought to modify the Senate amendments in various places, were outvoted upon every proposition submitted. Bills were passed to donate the spars of the Don Juan de Austria and the Almirante Oquendo to the State of Alabama; to authorize the construction of a bridge across the Tennessee River in Marion county, Tenn.

IN CHAFFEE'S HANDS

Much Left to His Discretion in Dealing With the Moros.

(By the Associated Press.)

Washington, April 23.—The War Department today made public the telegraphic cable correspondence which has taken place up to date respecting the Moro outbreak in Mindanao. The important feature of the correspondence is the closing chapter, showing that General Davis' expedition is not arbitrarily stopped, but that General Chaffee is allowed to exercise his discretion. It is believed that the presence of Governor Taft in Washington, is the explanation of the President's direction that General Chaffee shall confer with the acting head of the Philippine Commission before adopting hostile tactics.

The correspondence begins with the cablegram given out last week, dated Manila, April 15, in which General Chaffee recites the killing of the first American soldier near Malabang and the forming of an expedition under Baldwin to arrest the murderers.

In answer to this the following dispatch was sent:

"Washington, April 20, 1902. 'Chaffee, Manila. 'Expedition ordered under Baldwin will not leave coast until you hear from here. This will not, however, interfere with complete preparation. 'CORBIN.'"

On April 22, the following cablegrams were sent General Chaffee:

"Chaffee, Manila. 'The President is anxious that no expedition be made against Moros until all efforts by negotiation have been exhausted. To this end he desires that you confer freely with the acting civil governor. In the event the force has to be sent, he directs that it go under the immediate command of General Davis. The President will give you all support, but desires exercise of great care and prudence. If possible avoid by all honorable means general war. 'CORBIN.'"

"Chaffee, Manila. 'With reference to previous cables on subject it has been suggested to President that possibly surrender of the Moros murderers might be effected by instrumentality friendly Dattos. President desires this considered in conference with Wright and to have assurance every honorable peaceful remedy has been exhausted. 'CORBIN.'"

General Chaffee responded to the last cablegram by the dispatch, given out this morning stating that to withdraw all the American forces would ruin our prestige; to withdraw part of the forces would be dangerous.

To this statement, the following response was made today: "Washington, April 23, 1902. 'Chaffee, Manila. 'Your cable of yesterday has been submitted by the Acting Secretary of War to the President who directs that you keep in mind the President's orders, but of course do nothing that will impair our prestige or in any other way imperil the army. If after the expiration of the time named in your proclamation and after all possible diplomatic and friendly methods have been exhausted your demand for the Moros murderers has not been met, you will act upon the lines that in your judgment will best serve to bring about peace and order in the island of Mindanao. 'CORBIN.'"

STRIKERS TAKE DYE WORKS BY STORM

A Complete Suspension of Business Forced.

A BATTLE WITH POLICE

Attacked by a Mob While Guarding the Dye Works.

BULLETS FLY AND SEVERAL ARE HURT

Police Beat Their Way Through the Crowd Which Finally Scatters Before One Brave Man With Gun. Worst Believed Over.

(By the Associated Press.)

Paterson, N. J., April 23.—Striking dye helpers today stormed the establishments that were still running and by force compelled a complete suspension of business in their trade. They are engaged in a series of running fights with the police and plant managers and in one of these clashes each exchanged a volley of pistol shots with them. The radicals among the strikers were in command. Many persons on either side were severely injured during the rioting, but none dangerously so. It was believed for a time that it would be necessary to ask the State for troops to restore order and insure protection to life and property, but the police expressed confidence in their ability to handle the situation and no request for outside aid was made. Judge Dixon called the grand jury and charged them to indict the persons guilty of rioting.

The disorder began early in the day and was unexpected. A meeting was held at the works later.

While the meeting was in progress hundreds of strikers stood outside the hall angrily discussing their grievances. The radicals urged a raid upon the works still in operation, and when their suggestion was approved, headed a rush for the plant of Johnson Cowdin and Company. Eight men at work here were called out and the strikers moved on the establishment of James Simpson and Company. That firm fearing trouble dismissed the men and closed its doors. Robert Geades Works were visited next, and after that the Balford mill, where the first serious disorder occurred, was surrounded. The property is walled in, but the strikers gained the yard before the gates were shut. Windows were smashed, chemicals spilled and considerable damage done. The men at work in the plant quickly quitted their places.

While one mob was attacking the Balford, another was surging into the plant of the American Dyeing and Finishing Company. Armed with dye sticks and stones they charged through the plant, driving the men from their places. George Arnold, one of the members of the firm, was dropped insensible with a blow on the head from a dye stick.

Almost simultaneously an attack was begun on the works of Emil Gering and Company in the fight for possession of which the shooting occurred. The policemen were guarding the place and when the mob came rushing down on them they warned them to keep away. Some one in the crowd discharged a revolver and the police quickly returned the fire. Half a dozen shots were fired and one striker who was unidentified, was shot in the leg.

The mob stoned the two policemen and when one of the latter arrested one of the leaders, they closed in around him. The officers swung their clubs and beat their way out of the crowd. A striker engaged Mr. Gering but was beaten off. One of the patrolmen finally secured a rifle and when he came out and faced the crowd with it there was a general scattering.

From Gering's the strikers hurried away toward the property of Knipacher and Maas, but that rail was checked by a squad of police. The latter formed across the street, and marching forward with night sticks drawn, forced the crowd back. Gerald Mistell, a young striker, hurled a rock at the police and was placed under arrest. The crowd tried to rescue him and to the number of over a hundred followed the officers to the prison hooting at them as they trailed along.

The strikers met at Riverside again at 4 o'clock in the afternoon to receive the reports of the several shop committees. Nearly every one of the latter reported that their particulars shop would agree to the wage concessions demanded if all the other shops would. The conservative leaders strongly advised the strikers to avoid violence and disavowed the attacks made on the mills during the morning. Four thousand men are out.

GO WAY BACK, FUNSTON.

The President Politely Invites You, My Boy, to Keep Your Mouth Shut.

(By the Associated Press.)

Washington, April 23.—By direction of President Roosevelt, Acting Secretary of War Sanger has addressed the following letter to General Frederick Funston:

"War Department, 'Washington, April 22. 'Sir:—I am directed by the President to instruct you that he wishes you to cease further public discussion of the situation in the Philippines and also to express his regret that you should make a Senator of the United States the object of public criticism or discussion. 'Very respectfully, 'WILLIAM CAREY SANGER, Acting Secretary of War. 'BRIG.-GEN. FUNSTON, 'Commanding Department of the Colorado, Denver, Colo.'"

At a banquet last Saturday night of the Colorado Sons of the Revolution, General Funston is reported to have said of Senator Hoar:

"I have only sympathy for the senior Senator from Massachusetts, who is suffering from an over-heated conscience." Probably with the cause the issue of this particular letter was an application from General Funston for leave of absence in order that he might attend the banquet to be given in Boston by the Mid-Groes Club. The request for leave of absence was refused and the President telegraphed General Funston not to speak at the Middlesex banquet. A copy of Mr. Sanger's letter was forwarded to Senator Hoar.
