TILLMAN AROUSED BY ATTACK ON SOUTH

He Makes an Impassioned Reply to McComas.

BURTON ANSWERS HIM

And Then Rawlins of Utah Hotly Assails Burton.

THE PHILIPPINES BILL THE ISSUE

The Measure to Admit Oklahoma, Arizona and New Mexico to Statehood Comes Up

Before the House of Representatives.

(By the Associated Press.)

Washington, May 7.—Discussion of the Philippine Bill in the Senate took a sensational turn again today. Mr. McComas, of Maryland, referring to the alleged cruelties of American soldiers in the Philippines—cruelties which he deeply deplored—told of some of the cruelties which had occurred on both sides during the Civil War. Neither side, he held, was to be held responsible for those regrettable occurrences, as neither side approved them. Referring to elections in the South Mr. McComas said that the Senators from South Carolina and Mississippi (Tillman and Money) cried out against the small number of voters in the early elections of the Philippine. After discussion the election methods in the States referred to, he said: "We behold Senators from the two States where there is less popular liberty than in any others shouting loudest for constitutional liberty on the other side of the globe."

These remarks drew a sensational reply from Mr. Tillman, of South Carolina. He charged that Mr. McComas had passed over with complacency the "outrages and iniquities and barbarities" which had been, he said, committed by American soldiers. He declared that when the light had been turned on in full upon the Philippines situation the American people would see to it next November that the majority in one branch of Congress would not be "committed to this infamous policy."

"If I can have my way," he declared, "you shall not pass this bill until full light has been turned on the Philippine situation."

He declared that it was no longer possible to sneer away the responsibility for the cruelties and infamies committed by the American soldiers in the Philippines. Referring to the situation of colored people in the South, Mr. Tillman declared the Senators from those States were prepared to meet any legislation which might be brought into Congress upon that subject.

He discussed the situation in the South and subsequent to the Civil War and declared that it had been known prior to the conclusion of the war that in the South the reins of government were to be turned over to the negroes there would have been inaugurated a guerrilla warfare in the swamps of the South that would have kept up indefinitely.

As he discussed the question, he said he was scarcely able to contain himself when he recalled the indignities and humiliations to which the people of his State were subjected during the reconstruction period, from 1868 to 1875. In his own State, he said, there were 230,000 more negroes than whites and in Mississippi there were 300,000 more colored than white people. In order to maintain their self-respect the whites, he declared, were obliged to take the reins of government in the South by whatever means they could—namely the shot guns as one of the means.

Referring to the re-inauguration of white supremacy in South Carolina, he said the whites had secured a majority of 3,900. It might just as easily have been, he said, 49,000 or 99,000. They simply got such a majority as was necessary.

He referred to the outrages in the Philippines and then said he heard only of the application of the "sand cure" in the South. He thought the sand cure as described was mild. "When," he declared, "we get ready to put a negro's face in the sand, we put his body there, too."

He insisted that the Republican contention was that the negroes of the South were fitted to government in this country but that the Filipinos were not fitted to govern themselves in the Philippines. In the United States he maintained, a serious problem confronted the government—the problem, a negro—and we might better try to solve that than to hunt for trouble in the Philippines.

"Throughout the South," said he, "there is a horror hanging over every household for this awful fear of rapine. And yet you turn your back upon it and march to the east, where you murder and butcher and torture the poor Filipinos. And you are doing all this in the name of Christianity and humanity and liberty. I can see the hypocrisy oozing out of you all over. (Laughter.)"

"As Confederates," the Senator declared, "we cannot think it right to go into the Philippines and desolate the islands with fire and sword."

the sooner you understand that the better."

He urged that discussion of the Southern race question should cease. "You are taunting us," said he, "about our treatment of the negroes of the South, hoping at the same time that we will not interfere with your game of deviltry in the Philippines. We hope you will help us of the South to get rid of threat of negro domination which hangs over us like the sword of Damocles. Lynchings will continue as long as those fiends rape our wives and daughters."

While Mr. Tillman was speaking many of the Democratic Senators left the chamber, his audience on the floor being largely on the Republican side.

Mr. Burton, of Kansas, vigorously arraigned Mr. Tillman for his utterances. He asserted that the Senator who could defend slavery and government by the shot gun could not be expected to think well of Senators who were trying to carry good government to the Filipinos. He was astonished that a Senator in one breath should make an appeal for unswayed government in the Philippines and in the next boast of crimes almost unparalleled in history.

He was astonished that a Senator in one breath should make an appeal for unswayed government in the Philippines and in the next boast of crimes almost unparalleled in history.

Mr. McLaurin, of Mississippi, quoted figures concerning Mississippi elections in response to statements made by Mr. McComas. He said he thought the time was past for the wailing of the "bloody shirt." Or for the making of invidious remarks concerning States of the Union.

After the Philippine Bill was laid aside for the day a bill authorizing an appropriation of \$375,000 for the construction of a lighthouse and for signal at Diamond Shoals, on the coast of North Carolina, at Cape Hatteras, was called up and discussed briefly. It was laid over, however, until it could have further examination.

TO ADMIT THEM AS STATES.

Bill Providing for Admission of Arizona, Oklahoma and New Mexico.

(By the Associated Press.)

Washington, D. C., May 7.—The House today entered upon the consideration of the bill to enable the people of Oklahoma, Arizona and New Mexico to form a constitution and State government and be admitted into the Union on an equal footing with the original States. Representative Knox, of Massachusetts, Chairman of the Committee on Territories, and Mr. Roddy, the delegate from New Mexico, made extended speeches in support of the bill and Mr. McKee, of Arkansas, while favoring the admission of the three territories, gave notice of an amendment he would offer to consolidate Oklahoma and Indian Territory and admit them as a single State.

Before the Statehood bill was taken up the House adopted the conference report upon the Indian Appropriation Bill, a vigorous but unsuccessful fight was made upon the Senate amendment to open up the Ninth Indian Reservation in Utah.

Mr. Little, of Arkansas, declared the proposition was a venal one. The amendment confirmed existing leases, many of the most profitable of which had been consolidated, he said, into the Florence Mining Company, which contained in its original directory Henry C. Payne, now postmaster general and Ben. B. Odell, now governor of New York. They had, he said, since resigned.

Mr. McKee, of Arkansas, attacked the amendment on similar grounds.

Senator Money Won't Press Charges.

(By the Associated Press.)

Washington, May 7.—Senator Money, of Mississippi, has notified the commissioners of the District of Columbia that he will not press the charges he made against Truck Foreman Hooper, of the Fire Department, who assisted Conductor Shaner during a street car altercation about ten days ago. The cases against Senator Money, Shaner and Hooper were not pressed in the police court yesterday, but Hooper was ordered to be tried by the Fire Department authorities. This trial will not take place and the case is dropped. The Capital Traction Company, which employs Shaner, also announced today that he had acted in every way as a gentleman should and would remain in their service.

(Special to News and Observer.)

Washington, N. C., May 7.—The Commerce Committee of the Senate has favorably reported Senator Simmons' bill to appropriate \$550,000 for a lighthouse off Diamond Shoals, Cape Hatteras, and the bill was discussed for a short time in the Senate this afternoon. Senators Simmons, Hoar, Clay, Berry and Perkins spoke for it, but on a suggestion from Senator Allison the bill went over. Several amendments were adopted and the bill, as amended, was ordered printed. It will doubtless pass when it comes up again.

At the instance of a committee of Charlotte gentlemen, Senator Simmons will call at the White House tomorrow and invite President Roosevelt to attend the unveiling of the Shipp monument in Charlotte on May 20th. It is hoped that the President will accept.

The North Carolina Society of New York, which numbers 350, will give an elaborate banquet at Delmonico's on the evening of May 20th. Senator Simmons and Pritchard, ex-Senator Ransom and Mr. Walter H. Page have accepted invitations to be present and deliver speeches. Over 300 guests are expected.

DEATH OF MR. J. E. MAGEE.

A Good Man Passes Away After a Lingering Illness.

After an illness of many months Mr. Joseph Emmett Magee died yesterday morning about 3 o'clock, at the residence of Mr. and Mrs. J. E. Drake, corner of McDowell and Hargett streets, where with his family he was boarding.

Mr. Magee was a native of Prince George County, Va., where he was born in 1845. At the age of sixteen he enlisted in the Confederate army and proved a gallant young soldier. He resided in Petersburg for a number of years and afterwards located in Warrenton, N. C., where for years he was engaged in the tobacco business. Some time before removing to Raleigh last fall he was in the tobacco business in South Carolina and Dunn, but his system gave way and since that time he has gradually grown weaker, till death came.

Ten years ago he married Miss Rozelle Wiggins Drake, of Warrenton, daughter of Mr. and Mrs. J. E. Drake, who with two small children, a boy and a girl, survive him. These also survive him, a brother and two sisters, and of these Mr. Allen W. Magee, of Clarksville, Va., reached here last night.

Mr. Magee was a man of the highest type of manhood, his characteristic being such as to endear him to all who knew him. Kind, gentle and tender, true and sincere, he is deeply mourned as a husband, father and friend.

The funeral services will be conducted at the residence this morning at 10 o'clock by Rev. I. McK. Pittenger, and the remains taken to Warrenton at 11 o'clock for interment this afternoon. The pall bearers are Messrs. T. W. Davis, R. H. Battle, Edward E. Britton, C. T. Bailey, Phil Andrews and Alex. Kroth.

CHAFFEE GOES TO MINDANAO.

Thinks There'll be no More Fighting Unless Moros Again Attack.

(By the Associated Press.)

Manila, May 7.—General Chaffee sailed today on the transport Ingalls for Lanao district of the Island of Mindanao. General Davis telegraphed that he thought the presence of the military governor of the Philippines would have a favorable effect on the prominent Moros and General Chaffee immediately replied by going to Mindanao. He has ordered General Davis to arrange a case with the prominent surviving sultans and dattos.

Little information can be obtained concerning the wounded Americans. General Davis thinks only two or three amputations will be necessary and that few deaths are likely to occur.

General Chaffee took with him a quantity of medical supplies and two doctors. He thinks there will be no more fighting unless the troops are attacked where they now are.

H. & B. Beer's Market Dettor.

(Special to News and Observer.)

New Orleans, La., May 7.—Early Liverpool advices were not encouraging, consequently our market opened 1 to 2 points lower, but subsequently the firmness of Liverpool combined with fresh buying caused an advance of from 10 to 15 on summer months and 8 to 13 on new realizing, and the elimination of the speculative short interest occasioned a break of 10 to 15 later, making the net less 3 to 5 points on all months except July, which closed unchanged from yesterday's figures, trading in this year's positions is limited to small proportions, as brokers are not encouraging their friends to operate in them under present conditions. The new crop months are attracting investors, owing to large discounts and the chances that they will shortly become more active than old crop options. Such being the case, we suggest that purchases of these positions be made on all weak periods as there is less risk and because any serious setback to the next crop would cause them to advance materially. The opinion is gaining ground that there will be a sufficiency of cotton to go around and that present prices will have a tendency to restrict consumption.

North Carolina Pine Association.

(By the Associated Press.)

Norfolk, Va., May 7.—The North Carolina Pine association will meet here today. A large number of lumber men will be present. The lumber market is stiff, and prices are being maintained in every line, but there is a shortage of some lines. In these, it is said that the price will be advanced at the meeting.

Shipments of Berries.

(Special to News and Observer.)

Mt. Olive, N. C., May 7.—Four thousand crates of strawberries were shipped from here today at \$2.25 to \$2.50 per crate, 42 quarts to the crate. Late berries are injured by an insect, it is said, to be worse below this point.

WRECK ON SOUTHERN

Three Cars Burned and the Engineer and Fireman Hurt.

(Special to News and Observer.)

Greensboro, N. C., May 7.—All trains were delayed here today. The Washington and Atlanta vestibule, due here at 7:15, was wrecked at Lawyer's junction, near Lynchburg, Va., early this morning. It is found to have run into by a freight, and it is currently reported here that seven passenger cars were burned, a fireman and engineer killed, and several others injured. The train is marked to arrive at 12:50. All efforts to get information from railroad officials here have been unsuccessful, the only matter given out being that the wreck is greatly exaggerated.

The trains due from Charlotte were also delayed several hours by a wreck of a train of flat cars, near Poundred, a few miles South of here. A flat car, it is understood, broke in two, and delay was caused in clearing the track.

It looked like "community of interest" to see a long line of passenger coaches go through today with Louisville and Nashville printed on them, in spite of the published rumor of a war being on between it and the Southern.

Second Story of Wreck.

(By the Associated Press.)

Lynchburg, Va., May 7.—Train No. 37, the Washington and Southwestern Vestibule Limited, southbound on the Southern Railway, ran into the rear of a freight standing at Lawyer's Station, 12 miles below here at 5:15 o'clock this morning. Two postal cars, the combination baggage and smoking car were burned, the letters and baggage being saved. Engineer McCormick and his colored fireman, Owin Gordon, jumped just before the crash and were painfully cut and bruised. No passengers were injured. It seems that the freight train had orders to remain on a siding a few miles this side of Lawyer's until three passenger trains passed, but when, only two of them had gone by the freight pulled out for Lawyers.

RED BIRDS MAKE THREE STRAIGHT

Sea Gulls Again Put to Flight Yesterday by 7 to 4.

A BRILLIANT TRIPLE PLAY

Childs, the New Pitcher, Strikes Out Seven in Four Innings.

CHARLOTTE AGAIN DEFEATS DURHAM

And New Bern Takes a Second Tumble. The Score at Charlotte is Seventeen to Five, at New Bern Eight to Two.

(Special to News and Observer.)

Wilmington, N. C., May 7.—Raleigh made it three straight here today. Wilmington was never in sight of victory all the way through. But it was a fine game, characterized by bunching of hits and sharp fielding. A beautiful triple play by Raleigh in the fifth inning fairly took the breath away from the five hundred spectators. The stars who took part were Pastor, Soffel and Hook. Two runs had been made and the play was most timely. Pastor caught a hot liner from Maginnis' bat. He threw to Soffel and caught Matthewson, and Soffel threw to Hook, catching Brown. It was simply great.

The new pitcher Childs from Georgia, who joined the team in Wilmington, was tried by Raleigh, and proved a very speedy and effective twirler. He was put in in the fifth-inning, and struck out no less than seven of Wilmington's men in the remaining four innings. In the eighth Maginnis, Dommel and Brandt, all mighty wielders of the willow, went down one after another before his fast delivery. He has wonderful speed. He hit Fisher on the arm in the ninth inning and knocked him out. Dommel having to run for him.

The bunching of hits by the Red Birds was very noticeable, as well as their shrewd work in the field, only three errors being charged up to the team. Wilmington's fielding was also very good on the whole.

Dommel was fined \$2.00 for kicking against a decision of Umpire McNamara. In the first inning Pastor walked, Soffel fanned, and Kain hit safe, sending Pastor to third base. Hook went out to short stop, and Kain was caught off second. Brown struck out, Matthewson hit to short and was out at first. Maginnis hit a safe hot grounder between first and second, and Dommel landed a hard grounder between short and third. Brandt struck out.

Raleigh went out one, two, three in the second, and Wilmington fared likewise. Leonard made a fine catch of a high throw to first in this half.

In the third inning Soffel alone got to first on a hit to the left of third base, Lattin alone for Wilmington reached the initial bag, on a hit past short stop.

In the fourth Sherman reached first on an error by Brown at second. Maginnis for Wilmington got to the bag on Soffel's fumble. Dommel reached second on Sherman's fumble, sending Maginnis to third. Brandt struck out. Henry's high fly to Kain was gobbed up. Kain then made a magnificent throw home from right field, cutting off Maginnis at the plate.

The fifth netted four runs to Raleigh and two to Wilmington. It began by Leonard striking out. Charters landed a fly close between third and short, and was safe at first. Pastor hit a hot grounder, which bounced over third baseman's head. Soffel hit a safe liner to center field and Charters beats the throw home and Pastor gets to third, with Soffel on second. Kain lined out to right of left field, and Pastor and Soffel scored, Kain reaching third. Hook hit a grounder to short, and was out at first. Kain slid home on the play, setting in by one inch. Smith struck out.

For Wilmington Fisher and McCann both walked. Lattin bunted and beat it to first. Brown hit a hot one to right, who made a beautiful stop and throws home to Smith, who muffs. Fisher and McCann score, and Lattin gets to third. Matthewson is hit by pitcher. Now Childs goes in the box for Raleigh. Maginnis lands out a hot one to Pastor, who catches it and heads off Matthewson at second. Soffel throws to third and catches Brown. It is a beautiful triple play.

No one got to first for Raleigh in the sixth. Dommel hit a hot one to right field and reaches the bag. He gets to second on a wild pitch by Childs, and scores on another, which hit the plate and bounced clean over the catcher's head. Brandt struck out, and Henry likewise. Fisher walked, and McCann popped to Smith, who made a pretty catch.

In the seventh Childs struck out; Pastor sends a little one to short, but Dommel muffs at first. Soffel hit safely just back of short stop. Kain hit safely to left field, and Pastor scores. Hook hits a hot grounder to pitcher and is out at first. Smith hit to third and is headed off at first by Dommel's fine catch.

Lattin struck out, Brown hit safely between first and second, and in trying to steal second is thrown out finely by

Smith. Matthewson hit a nice liner to Pastor, who does not fail to hold it.

The eighth inning gave Raleigh two runs. Sherman hit a grounder to short, and died at first. Myers contributed a hot one for three bags over Matthewson's head and by Brandt. Leonard followed with a long fly to the tree in left field, and does not stop until he reaches second. Myers scores. Childs came in the game with a hot one to right, landing him at second, and Leonard crossed the plate on the throw home. At this point Dunn relieved McCann in the box and his first act is to catch Childs trying to steal third. Pastor walks. Soffel sends a grounder to Dunn and is out.

Childs struck out Maginnis, Dommel and Brandt one after the other. Raleigh went out one, two, three in the ninth, and Wilmington added another run. Henry landed a pop fly in front of Soffel. Fisher hit on right arm by pitcher and knocked down. Dommel runs for him. Dunn sends a nice one between short and left and reaches second. Henry scores. Dommel was caught trying for third. Lattin struck out. Brown hit a little pop fly to Pastor, and it is all over.
