Stewart of Nevada Speaks for the Philippine Measure.

THE NAVAL APPROPRIATION BILL

The House Takes it Up and Foos of Illinois Makes the First Speech, Warning the Nation Against Over Confidence.

(By the Associated Press.)
Washington, May 13.—An additional appropriation of \$200,000 was made by the Senate today for the stricken people of the French West Indies. The added appropriation was made in accordance with the recommendation of the President who had asked that the amount of relief be \$500,000. The joint resolution carrying the appropriation was adopted without debate.

Before proceeding to the consideration of the Philippine Government Bill the Senate passed the Agricultural Appropriation Bill.

In a speech on the Philippines measure, Mr. Stewart (Nev.) warned the minority that no political gain would accrue to them by reason of their attack upon the measure. "The American people always had supported the army and take down the American flag from the Philippines would be a national disgrace."

While discussing the proposed coinage of the silver dollar for the Philippines, Mr. Stewart declared that the silver question in this country was dead, at least for the present, on account of the large output of gold. In a brief statement Mr. Lodge (Mass.) explained the action of the committee in providing for the coinage of a dollar to take the place of the Mexican dollars now in use in the islands.

Proceedings in the House.

Washington, May 13.—The Naval Appropriation Bill which provides for two new battleships, two armored cruisers and two gunboats and carries a total of \$77,650,000 was taken up in the House today. The initial speech in support of the measure by Representative Foos, of Illinois, chairman of the Naval Committee, attracted attention for its note of warning against the over-confident belief that our navy is invincible. He declared that our victories at Manila and Santiago were due to the fact that we were contending with an effete and dying nation and that our strength for out-matching Spain in those contests.

Mr. Rixey (Va.) also spoke for the bill, most of his time being given to an argument for Government construction of war ships. The conference report on the Omnibus Claims Bill was rejected on the ground that a claim not considered by either branch of Congress had been inserted in the measure by the conferees and the measure was returned to conference.

CURRY HONORED BY SPAIN.

He is Our Special Representative at the Coronation of Alfonso.

(By the Associated Press.)
Madrid, May 13.—Dr. Jabez L. M. Curry, the special representative of the United States at the coronation of King Alfonso, which is to take place Saturday, arrived here at 3 o'clock this afternoon and was received at the railroad station by the Secretary of the United States Legation, S. S. Stokes, and Mrs. Stokes and by the Marquis Vallalobar, representing the government. The American envoy was driven in a royal landau to the residence which he will occupy during his stay in this city.

Dr. Curry was greatly pleased with the quarters provided for him. He reached the house in time to witness from the windows the first ceremony connected with the present festival, which was attended by the King, the Queen Regent and the court, namely, the laying of the foundation stone of a new school. The neighboring houses were gaily decorated with flags, and soldiers and civic guards were drawn up around the site. The military, with the crowd of spectators in many curious costumes, combined to form a bright and animated picture, which the American party watched with interest.

The American envoy has been placed on practically the same footing as foreign princes of the blood and is treated with greater honor than the other extraordinary envoys, with the exception of the envoy of France. Dr. Curry has a house to himself, servants, a French cook and a royal carriage, with a coachman and footman in the palace livery, whereas the other envoys are lodged at hotels.

The mansion set apart for the use of Dr. Curry belonged to an English lady, the Marquis DeLerville, who died before it was completed. The workmen hurriedly finished the picturesque residence. It is of medieval appearance and is situated on high ground within a

Stones two inches in diameter fell twelve miles away. At Kingstown, the capital of the island, the ashes were two inches deep.

SEVEN HUNDRED WERE REPORTED DEAD

Sunday, May 11. It is estimated that the total number of deaths on St. Vincent reaches two thousand. Most of the victims are said to be Carib Indians. Seven estates were burned to ashes and it is authentically reported that two earthquakes occurred there. It is believed the submarine cables in St. Vincent have been broken by the disturbances. The present volcanic eruptions on St. Vincent is the first since 1812.

Governor Hunt, of Porto Rico, has asked Louis Haye, the United States consul at Guadeloupe, who is now here, what assistance he could render. Governor Hunt's offer has been communicated to the government, which will gladly accept it.

SCHOOL FOR THE DEAF AND BLIND

Mr. John E. Ray Re-elected Principal for Three Years at the Annual Meeting of Directors

At the annual meeting of the Board of Directors of the School for the Deaf and the Blind, the attendance was unusually large, every member being present but one. It was the occasion for the election of officers and teachers. Mr. John E. Ray, the principal, was re-elected for a term of three years; and other officers and teachers for one year, respectively.

Mrs. L. W. Meadows, the capable and popular matron, was re-elected, this making her sixth year in the institution. There have been no new teachers elected. The board is seeking in every legitimate way to economize in the matter of expenses, but not at the cost of efficiency.

TO-DAY'S SCHEDULE.

Greensboro at Raleigh.
New Bern at Durham.
Charlotte at Wilmington.

Greensboro met with a shut out yesterday in its second game with the Pennant winners.

When the volcano which burst upon the Greensies had subsided it was to see them annihilated by a score of 8 against 0.

Threatening rain did not keep some 400 of the faithful from being out yesterday, and they saw some pretty ball playing and some terrific batting.

Greensboro might have done better if its captain, "King" Kelly, had not started the game off with a bad taste, and left his club short of ginger, in spite of his suspension for two days. It was at the grounds in full uniform. A provision of the league rules is that no player is allowed among the spectators in uniform. Umpire Proud read the rule to the people, but Kelly kept around, and finally climbed to the scorer's box, where he staid during much of the game.

Pitcher Childs, for Raleigh, did magnificent work, and had "all kinds of speed." He kept the Greensies guessing, and only allowed four hits, giving three bases on balls.

The Raleigh sluggers "got onto" Pitcher Connors, and drubbed him for nine hits. Of these a clean three bagger by Soffie and a home run by Kain, ran the enthusiasm up to the boiling point and it sized outlong and loud applause.

A splendid feature of the game was the double plays made. There were five of these and Raleigh had four of them. Pastor, Soffie and Farrell officiating in three, while Hook, Soffie and Farrell took the other two. Greensboro had one on a fly caught by Cook in left and throwing to Jones at third.

The game was a speedy one, being played in one hour and fourteen minutes, putting it up in the quick ball game class. It was made speedy, because Raleigh's infield and outfield did star variety work. Only one dusky little run was scored against the team, and that was simply because a ball thrown in a hurry by Pastor from short, left Farrell two feet to his left.

Greensboro was clearly and cleverly outplayed, and at no time had a chance to win from Raleigh, playing as it was. Had the Greensboro team kept down Raleigh's runs the game would have been ideal, but the sluggers in the team just hammered the ball into the wherewithal of the whinnies.

Greensboro opened with McTeer's hit, who, with two down tried to score when Jones batted, but ran out of the line and was out. For Raleigh Pastor led with a hit, too hot for Jones to handle and finally scored with two down on Hook's hit in left.

Greensboro's next two innings were three up, three down, a pretty double being the hoodo in the second. In Raleigh's second, with two down, Sherman reached first when Cook in left dropped a long high fly, but Childs flew to centre. Raleigh's third was a blank, a double, look to Jones, doing the work. Greensboro got a hit in the fourth, but it did not materialize into a run. In Raleigh's fourth with one down Farrell walked, advanced on Smith's single in left and scored on Sherman's hit in right.

A double and a strike out ended Greensboro's fifth that began with a hit. In its half Raleigh took three runs. Childs flew to Fox, Pastor walked, Soffie put a hot three bagger to the left of centre, Kain plunked a home run over both fences in left field, Hook and Farrell went out short to first.

Cook saw first on four balls in Greensboro's sixth, but that was all. In Raleigh's half Smith walked, Myers hit in left, Sherman bunted to the pitcher, who threw too low and left Jack safe, while Smith scored. Childs flew to the Tall Fox, Pastor's single scored Meyers, after which Soffie and Kain flew out to short.

In the seventh for Greensboro Jones reached first as Pastor threw to the left of Farrell, but nobody scored. In Raleigh's

CHARLOTTI WINS EIGHT TO SEVEN.

(Special to News and Observer.)
Wilmington, N. C., May 13.—A wild pitch by Dunn in the ninth inning with two men down and a tied score gave victory to the Hornets again today by the narrow margin of 8 to 7. Person opened in the box for the visitors, but he had his day off and was pounded so unmercifully that Ashenback to save the game relieved him with Bishop. The local slab artist likewise had his day off and in the third and fourth innings handed out passes, forcing two men in and otherwise contributing to the mucky go round to such an extent that seven out of the eight runs were chalked up.

Then in the ninth, when the side was all but retired, he hit the top of the plate squarely and the ball bounded over the fence, letting in the winning run. The game was witnessed by 250 people. Manager Beer has telegraphed for two men with which to strengthen his team.

EFFORT MADE TO HOLD CONTINUOUS SESSIONS

War Claim Issue

THE RESOLUTION TABLED

Mr. Hill Was for Pushing to Immediate Settlement.

The Louisville Conference Asks That the Next Quadrennial Meeting be Held at Louisville. The Request is Referred.

BUT ONE SESSION YESTERDAY.

(By the Associated Press.)
Dallas, Texas, May 13.—H. Warner Hill, of the North Georgia Conference, precipitated a spirited five minute debate on the year claim issue in the Methodist General Conference today by a resolution seeking to instruct the committee on publishing interests to hold continuous sessions until the matter be settled, because of the importance of the matter and the universal interests of the church in it. On motion of Dr. Rankin, the resolution was tabled 169 to 68.

Soon after this vote was taken, J. P. Strother, of Los Angeles, presented a paper to read at the open conference in defence of the attitude of the minority of the book committee in 1898 on the war claim.

One of the most acrimonious debates since the conference opened resulted. The paper finally was referred to the publishing committee.

Dr. Wilson, of South Georgia, gave notice that a reply from the majority members of the book committee of 1898 was ready.

A resolution signed by A. Cook, Smith, of Virginia, expressing gratification at the visit and addresses of the fraternal delegates of the Methodist Episcopal Church North, and endorsing the sentiments contained in the addresses was adopted.

A greeting from the Southern Baptist Convention at Asheville, N. C., was read and accepted.

Among the reports of committees was one from the Educational Committee, urging closer and more careful study of the Bible in theological seminaries. The report elicited unusual interest.

The Louisville conference requested that the next quadrennial meeting be held in Louisville, Ky. The request was referred to the Committee on Entertainment of the general conference.

Rev. H. B. Parksall, missionary and fraternal delegate of the African Methodist church, was presented to the conference and received by the delegates rising.

Only one session of the conference was held, Bishop Hendricks, of Kansas City, presiding.

Bishop Fitzgerald in a communication to the conference requested to be relieved from active service because of advanced age and general physical condition. His request was referred to the Committee on Episcopacy.

MORE WILSONS HEARD FROM.

Coleman, N. C., May 10, 1902.
To the Editor: There is no use for the Wilsons or Gideonits up the State to try their blame shot down this way. There's a different breed of Wilsons down this way. I have a brother over 90 years old, a good part of a regiment of boys and grand boys and every one will vote for Judge Clark. If in a thorough delineation of Judge Clark's character by Major Wilson only could be found a few lines written with pencil to a supposed gentleman as private, Judge Clark must be a very pure man.
