The Proposed Changes Now go to the Presbyteries For Ratification. A Number of Important Matters Before the

Assembly. (By the Associated Press.)

New York, May 22.-The General Assembly of the Presbyterian church today adopted the report of the Committee on Creed Revision making changes in the Confession of Faith. This action, which was practically unanimous, was taken with little or no debate. The changes proposed will now go to the various presbyteries for ratification. When the repert was presented last Friday a motion for its adoption was made at once, but the vote was deferred until today. As was to be expected, the prospect of an interesting debate on creed revision attracted a crowd which filled the galleries solidly and when the doors of the ground floor were opened, all the seats not reserved for commissioners were oc-

Rev. Dr. Henry C. Minton, chairman of the Revision Committee, spoke for the report. "The misapprehensions as to the confession," said Dr. Minton, "have come from two causes, first, the unguarded statements in the confession itself, and, second, unwarranted inferences from the field and the Oak Ridge orchestra, renconfession. In the first cases verbal changes were the remedy. In the second, fered by Rev. C. L. Whitaker, President

Dr. Minton resented the accusation brought that the Presbyterian church believed in infant damnation.

"The critics and enemies of the Pres byterian church have rolled it under their tongues as a sweet morsel that we believe in Infant damnation. We desent the The Color Line Partially Drawn and Two Conaccusation that this chapter contemplates any such interpretation."
