Bryan, Hill, Olney, Bacon of Georgia and Many Other Prominent Democrats Invited to be Present.

(By the Associated Press.) New York, May 31.-Ex-President Grover Cleveland has accepted an invitation to speak at the opening of the new Tilden Club on June 19th. About fifteen hundred men prominent in the Hoar and Spooner Have a Hot Passage of Democratic party have been invited. Aniong those expected are David B. Hill, William J. Bryan, Senator Bacon, of Georgia, Mayor Patrick A. Collins, of Boston, John D. Milburn, of Buffalo, Richard Olney, Dr. Felix Adler, Bourke Cockran, William C. Whitney, Ex-Mayo Grace, Grant, Gilroy, Van Wyck Hewitt, Cooper, Edson and Ely, and Lewis Nixon. This is the first time that Mr. Cleveland has consented to address a political audience since his retirement from office. This coupled with the fact that so many distinguished Democrats, whose vews on silver and other questions a thousand Filipinos had been put to two native officials of the town of Santa of the day were radically oppressed to death by American troops in trenches each other, are to be present, is pointed to as evidence that the occasion of the opening of the club means a direct effort to harmonize various discordant elements

THE SENATE HOLDS A NIGHT SESSION

Words Over the Philippine Question. A Remark by Carmack Greeted With Hisses.

(By the Associated Press.) Washington, D. C., May 31.-Hissing in occurred in the course of the Philippine debate today it created a sensation. Mr. Spooner, of Wisconsin, was speaking and referred, incidentally, to the story that which they were compelled to dig. Mr. Lodge, of Massachusetts, said the story had been denied by the father of the soldier who had started it, and that the War Department had cabled to General Chaffee to ascertain the facts. Mr. Carmack, of Tennessee, interrupted to say that no doubt the soldier would deny the story as all soldiers in the Philippines had been required to do. His remark

calling out a sharp rapping of the gavel from the chair. Mr. Spooner occupied nearly five hours of today's session in concluding his speech begun on Thursday. His eloquence and earnestness attracted the attention of all Senators and of hundreds of occupants of the crowded galleries. He did not believe in the admission of the Phil-

"I have not been in favor of permathat I have been in favor of the United States running away like a coward or abandoning a people who have come under our protection or surrendering them to tyranny, anarchy and chaos."

Mr. Spooner declared that there was little or no similarity between the conditions in Cuba and those in the Philiprines.

"Those Senators." he insisted. "wh cannot see the difference between the Philippines and Cuba have some sort of mental strabismus."

"If Congress had recognized the independence of the Filipinos," said he, "instead of being there, as we are now, with a title which the Supreme Court o the United States says is complete, which the Senate has accepted as complete, which Congress paid for as complete, which the world recognizes as complete, which gives us the power to do what is generous and noble and right and uplifhting to that people, we would be there Brotherhood, stated to the Associated on the shifting sands of contact with a Press correspondent tonight that while former tyrant. Later Mr. Hoar inquired if the inhabitants of the Philippines were not a people where there were millions of men, acting together, who raised an army, selected a general, turned Spain out of all territory except only the city of Mawere received from Houston, Texas, to- nila and who had agreed upon a constitution. Mr. Spooner said that Aguinaldo was "a government of proclamation, of confiscations, and assassinations, and the evidence all shows it."

Mr. Spooner quoted from a diary to show that Aguinaldo had said that once the independence of the Philippines was declared, he (Aguinaldo) and his friends would take a trip to Europe with an allowance of \$1,000,000 for expenses. Mr. Spooner regerred to the last Presidential campaign and the candidacy of Mr. Bryan and to the assertions of the Filipino leaders that the succes of the De mccracy meant the independence of the Philippine, and then, after saying that the American people had passed upon come nearest carrying out its purposes. the Philippine question at the polls

"I think," said Mr. Spooner, "that our fathers bought the lands of the Indians n Massachusetts and then proceeded to buy their scalps."

Mr. Spooner said to Mr. Hoar that if he did not believe his party was right and could not act with them he would

vote for the other party. This elicited quite a long reply from Mr. Hoar who said he did not believe the Democratic party was right in their view of the question. He believed that Republican party would work out the problem right in the end, but that they should be shown that their present policy was wrong. He could not be expected to abandon a party in whose policies in the main he believed, to join a party to whose policies he was opposed.

In conclusion Mr. Spooner declared that if the Democratic party ever obtained control of the government, no such "fatious and cowardly" policy as now suggested by the minority would be followed. The Democratic party would follow the plan now suggested by the Republicans and would declare that it was mpossible to withdraw from it.

Mr. Pettus, of Alabama, discussed some question, dealing with the powers of the and summary. United States and of the several States. He held that it was impossible for the United States to govern any territory now operated in accordance with the Constitution of the United States.

At 5:15 p. mfl the Senate took a recess until 8 o'clock.

At the opening of the evening sessioon Mr. Carmack, (Tenn.), took the floor. He said the debate had been carried on by the minority in the hope that the bill would be purged of its most objectionable features. All hope of substantial amendment of the bill was now abandoned.

He scoffed at Senator Morgan's theory that the Filipino insurgents were the "tools of wicked conspirators at Hong Keng," saying that that was the dishonored plea of despots, the plea of conquest and murder and robbery in all ages. He proceeded in an exceedingly sarcastic vein to reply to some of Mr. Morgan's arguments. He said he did not know of a more dangerous doctrine than Umpire, Proud. that advanced by Mr. Morgan, that the army was more representative of the people than Congress.

He did not believe that the United States had reached the stage of degeneration and decay when the custody of

Did Not Know of the Use of His Name

Reports That the Anti-Clark People are Straining Every Nerve to Prevent His Nomination as Chief Justice.

The report has been "in the air" for several days from the opponents of Judge Clark that "something would drop" very soon, and that Judge Clark would not get the nomination for Chief

Justice. At Wilmington, tickets bearing the name of Hon. M. H. Justice, present Superior Court Judge of the Fifteenth district, were printed, and an active campaign was waged to carry the county for Mr. Justice. The result of the primary was that Judge Clark carried the county by about 200 majority. His friends say that New Hanover is the only county in the State in which there are very few country votes, and that even in the city vote he had 200 majority, and that in the country districts his majority will be much larger than in the city

wards. Is Mr. Justice a candidate? Did he know his name was to be used in New Hanover? Is he cognizant of the use that is now being made of it? These questions were generally asked yesterday. In order to give an answer this telegram was sent to Mr. Justice: Hon. M. H. Justice.
