### HICKS-BEACH GOES OUT AS CHANCELLOR

King Edward Receives Mr. Balfour, New Premier.

### OFFICIAL SEALS DELIVERED

Duke Devonshire to be Government Leader in House of Lords.

### THE NEW PREMIER GIVEN AN OVATION

Mr. Balfour, in His Speech, Refers in Eulogistic Terms to the Chief Who For Nearly Fifty Years Was in Active Politics.

(By the Associated Press.) London, July 14.—Sir Michael Hicks-Beach has resigned as chancellor of the exchequer. King Edward received Mr. Balfour, the new premier, in audience today at Buckingham Palace and delivered to him the seals of his office and the privy seal.

Informally announcing Lord Salisbury's resignation in the House of Lords today, the Duke of Devonshire added that his lordship had also retired from the government leadership in the House of Peers and desired that he, the Duke of Devonshire, should take up that position.

The transfer of the seals of office from Lord Salisbury to A. J. Balfour had no effect whatever on the Stock exchange. The new premier, when he entered the conference room of the foreign office, accompanied by the Duke of Devonshire, Sir Michael Hicks-Beach, Lord Londonderry and others, received quite an ovation. Mr. Balfour referred to the loss of the services of the chief for nearly fifty years had been engaged in active political life. "I have accepted a great task and a heavy responsibility," he said, "certainly from an over-weening belief in my own capacity, but because I am sure, or at least have every reason to believe, that in attempting to carry on this work I will have the most important qualification a leader can have, namely, regard for and confidence in those with whom he works. I can not now promise myself that I shall have the continued assistance of all my colleagues. I grieve to say I can not count with any assurance on the chancellor of the exchequer's further assistance, though I can count with absolute confidence on his good wishes in the labor before me."

"As for the question of policy I need hardly tell you that the policy of the Unionist party remains now what it has always been. We have just the services of a brilliant advocate of our cause. We have lost a man around whom the sentiments and emotions of the party have for many years crystallized. Nevertheless I feel we would do wrong to despair, do wrong to have even the faintest misgiving in regard to the future of the cause he has so long and so well upheld."

Sir Michael Hicks-Beach, said there was no one whom he would have more gladly and more readily have accepted as leader of the party than the man he had followed as leader for more than seven years. But Lord Salisbury's retirement was a break with the traditions of his past political life. Two years ago he had begged for personal and not for political reasons to be relieved from office, but he had consented at Lord Salisbury's instance to retain it to the end of the war.

J. Austin Chamberlain, financial secretary to the Treasury, said his father wished him to say how greatly disappointed he was that he could not be present to welcome Mr. Balfour to the leadership. "My father bids me to say to you, Mr. Balfour," he added, "that in offering you his support he feels he may speak also in the name of the whole Liberal-Unionist party of the House of Commons."

### Windward to Sail Today.

(By the Associated Press.) New York, July 14.—The Peary relief ship Windward failed to finish loading her supplies today and it is now expected that she will sail early tomorrow. The Windward will go from this port direct to Sydney C. B., where she will take on coal and then head for the Arctic region. Mrs. Peary and her daughter will join the ship at Sydney.

### Refused to Read Ukase.

(By the Associated Press.) St. Petersburg, July 12.—By order of the Russian authorities seven Lutheran clergymen of Borgia, Finland, have had their stipends suspended for refusing to read in their respective churches the ukase relating to military conscription in Finland.

### Ordered to Venezuela.

(By the Associated Press.) Washington, July 14.—The Navy Department has ordered the Marietta to proceed from Cape Haytien to La Guaira, Venezuela. The department explains that Minister Bowen may use the Marietta for purposes of communication.

### JOYNER RECOVERING FAST.

Fun in Baseball While Thieves do Havoc in Greensboro Cemetery.

(Special to the News and Observer.) Greensboro, N. C., July 14.—The attending physician reports today that Superintendent J. Y. Joyner is on the road to recovery very fast. He is able to be up and hopes to attend the State convention next Wednesday.

The most interesting game of baseball seen here this season was played to a fair sized audience Saturday by the members of the court house crowd, yclept Tamany Tigers, against the bank employes, styled the Gold Bugs, for the benefit of the fund for the veterans reunion. Up to the sixth inning the score was tied, 5 to 5, but the more seasoned and hardened Tigers got in their work after this and cleaned up the Gold Bugs to the tune of 18 to 11. The next game on the tapis for the same fund is one between the Lawyers and Doctors of the city. The feature of the game was the phenomenal playing of Mr. C. G. Wright, first base and his winning the title of "Bruno."

The County Commissioners are in session today settling with former Sheriff Gilmer in hearing applications for increase of pensions.

The county is putting down a macadamized road on Buffalo creek, two miles south of town, to the city limits. There is frequent complaint of the stealing of vases and flower pots in Green Hill cemetery. The thieves have also been known to steal the ribbons that the flowers are tied with. The police have been trying to catch the thieves for months but so far have been unable to locate them.

### CHAFFEE RELIEVED

Maj. Gen. Geo. W. Davis Appointed in His Place

Gen. Chaffee Ordered to the Command of the Department of the East, at Governor's Island.

(By the Associated Press.) Washington, July 14.—General Chaffee has been relieved of command in the Philippines and ordered to the command of the Department of the East by an order issued today by Secretary Root. The order follows:

"By direction of the President Major General George W. Davis will relieve Major General Chaffee of the command of the Division of the Philippines September 30, 1902. On being relieved General Chaffee will, with his authorized aides, repair to Governors Island, N. Y., and assume command of the Department of the East."

A few days ago General Chaffee was called an officer of either the command of the Department of the East or of the Department of the Lakes owing to the retirement of General Brooke. General Chaffee, in choosing the former assignment, suggested that September 30 would be a good date to make any change in the command of the Philippines. President Roosevelt consulted with Secretary Root, who directed the order to be issued relieving General Chaffee and placing General Davis in command.

General MacArthur has been asked to take command of the Department of the East when General Brooke retires until he can be relieved by General Chaffee.

### "TO HONOR" TAREEL OFFICERS.

The Osborne-Hiatt Case the Rewards That Are Offered.

(Special to News and Observer.) Greensboro, N. C., July 14.—Policeman Jesse Adams and his attorney, Mr. E. B. Jones, of Winston, spent the night here in an effort to secure from the Oklahoma officers who came to North Carolina the reward offered for the man Osborne, arrested by Adams in Norfolk, Va., on a charge of murder in Oklahoma. It seems that the Oklahoma authorities got North Carolina and Virginia mixed, and had secured rendition papers from Governor Aycock. What Officer Adams and his lawyer were after, however, was the reward offered for the apprehension of Osborne. He was assured by telegram before he was ordered by the Oklahoma authorities, "to hold Osborne at all hazards; reward of \$450 certain," that there would be no trouble at all about it. Upon this order the policeman, at great personal expense, went to Norfolk and secured the arrest of the accused. When Adams met the Oklahoma officers, one going to Winston, the other remaining here, he was informed that they were not prepared to pay the reward, but would see to it after they reached home with the prisoner. This was not satisfactory, and an effort is now being made, since the conference here last night was unproductive of results, to induce Governor Montagu, of Virginia, to order the retention of the prisoner until the guarantee of the Oklahoma authorities has been fulfilled. While Adams was here last night one of the officers received the rendition papers from Governor Montagu, it is learned, and took the 12 o'clock train for Norfolk. Policeman Adams this morning before leaving for Winston sent telegrams to his attorneys in Norfolk to resist with all legal means in their power the delivery of the prisoner until the stipulated reward was paid. There is an impression that an attempt is being made to "hoodoo" the Tar Heel officer out of his reward.

It's up to a man to declare that appearances are deceitful when they are against him.

### SPARNELL RELEASED

Was Tried as One of the Lynchers at Salisbury.

After Sending Him to Jail Judge Shaw Change His Mind and Orders His Release.

(Special to News and Observer.) Salisbury, N. C., July 14.—Thomas Sparnell, who was arrested here Saturday night on a bench warrant issued by Judge Shaw, which charges Sparnell with participating in the lynching of the two Gillespie boys here in June, was brought before Judge Shaw here today.

The judge and Solicitor Hammer arrived in Salisbury this morning for the purpose of thoroughly investigating the lynching. About twenty witnesses were examined, among them Mayor Boyden, who stated that he thought he recognized Sparnell's voice in the body of masked men who stormed the jail.

All the details of the lynching were gone into and it is quite certain that other warrants will be drawn. The investigation will be continued here next Friday by Judge Neal.

Mr. Sparnell was represented by Hon. Lee S. Overman and Walter Murphy, Esq. Judge Shaw remanded him to jail without bail until Friday.

Salisbury, N. C., July 14.—Sheriff O'Jucklan received a telegram at 5 o'clock from Judge Shaw, who returned to Greensboro at three o'clock, authorizing him to release Sparnell from custody. It is supposed that he held that the evidence was insufficient.

The events leading up to the trial and final release of Sparnell today are as follows: Judge Thomas J. Shaw late Saturday afternoon issued a bench warrant for the arrest of one of the men in Salisbury charged with aiding in lynching the two negro boys there for murder of Miss

several weeks ago. The charge against the party was for murder, and Solicitor Hammer, who came here immediately from the Congressional convention at Monroe Saturday morning, took the warrant over to the Rowan sheriff on last night's train, and it is learned here that he was arrested last night and placed in jail. The warrant is returnable before Judge Shaw today at 10 o'clock. The arrest of this particular party was decided upon a week ago, but Judge Shaw was absent in Virginia and only returned home Wednesday. Owing to the presence of the solicitor at Monroe that day, and his enforced presence there until Saturday morning, the warrant was not signed until last night, returnable Monday. The solicitor preferred Tuesday.

Judge Shaw was to hear a case of habeas corpus on Tuesday, hence the examination at Salisbury today. That this case is going to "stir up a row" there can be no doubt in the world. I have it from the best authority that there are eleven other men known to have been in the lynching, one of them a county officer, or rather a sub-officer, and that it is expected soon to have enough legal evidence to justify their arrest. The solicitor is naturally reticent about it, and when asked about this last piece of information, declined to deny or affirm its accuracy, but said that it was the hardest matter in the world to get a shred of legal testimony against any man but the man arrested. He said he could find out all about who was in the crowd until the probe of evidence was put into the reports, when all basis of legal fact would vanish into thin air. My information is that not a single one of the better element of Salisbury people was directly implicated in the lynching, but that a great many know who was and won't tell.

### THE ILLINOIS STRIKES BOTTOM.

Admiral Crowninshield's Flag-ship Will Have to go to Drydock.

(By the Associated Press.) Christiania, Norway, July 14.—Owing to a faulty steering gear, the United States battleship Illinois, Admiral Crowninshield's flagship, which has arrived here with the United States cruisers Chicago and Albany, struck the bottom of the harbor. The accident will compel her to go back to England and be placed in drydocks there.

While the Illinois was standing into the harbor, leading the squadron, her steering gear failed and her helm jammed hard to starboard, with the ship headed straight for the shore. All the anchors were let go and her engines were backed promptly, but the port anchor chain parted. The ship struck an obstruction and a hole was punched in her bottom. Two small compartments filled with water, the crew were piped to collision quarters and the water tight doors were closed. The rest of the squadron stood into the inner harbor. The Illinois was eventually backed off and anchored safely.

Rear Admiral Crowninshield will probably shift his flag to the Chicago and the remainder of the proposed Baltic cruise may be abandoned.

### Mangled by Train.

(Special to the News and Observer.) Rockingham, N. C., July 14.—Julie Morrison, colored, who has been painting here for Mr. J. H. Lewis, was killed by the train near Rockingham yesterday morning. His coat was found only a short distance from the depot, near the old mill, while the main part of his body, badly mangled, was found about three miles down the road towards Hamlet.

### ELEVEN CANDIDATES FOR TWO OFFICES

Movement to Nominat Buxton For Judge to Knock Out Jones as Solicitor

(Special to News and Observer.) Winston-Salem, N. C., July 14.—The candidates for judge and solicitor and many delegates arrived today and tonight, to attend the Judicial Convention, which opens here at ten o'clock tomorrow. There are five candidates for solicitor and six for judge.

The best politicians here will not make a prediction on the result of the convention. It is known that there is a movement to nominate Mr. J. C. Buxton, of this city, for judge, for the avowed purpose of knocking out Mr. E. B. Jones of this county, who is in the race for solicitor, and who will go into the convention with the largest number of votes of any candidate.

Mr. Buxton says he is not a candidate for judge, and is taking no part in the agitation of the matter. Should he be nominated it would further complicate the race for the solicitorship.

### CHARGED WITH INFANTICIDE.

Young White Woman of Stokes Said to Have Murdered Day Old Baby.

(Special to News and Observer.) Winston, N. C., July 14.—Miss Minnie Ashby, a young white woman of Stokes county, was arrested here Saturday, charged with the murder of her child, one day old. The child was found in the woods about one mile from the house where the woman was staying. A young man who lived in the neighborhood, but whose name was not learned, has also been arrested, charged with complicity in the affair.

### WALLER AND DAY FREE

Gen. Chaffee Disapproves the Finding and Acquittal.

Day Should Have Disobeyed the Order to Kill, on Account of Waller's Physical and Mental Condition.

(By the Associated Press.) Washington, July 14.—The incoming Philippine mail brings the full printed record of the proceedings in the court martial cases of Major Littleton W. T. Waller and Lieut. John Horace Arthur Day, of the marine corps, growing out of the killing of some native bearers or Caragadores in Samar. The record shows that Major Waller was acquitted of the charge of murder, but that General Chaffee, declaring that "there has been a miscarriage of justice in this case," disapproves the finding and the acquittal with the exception of that while Waller should not have been found guilty of murder the court should have included a lesser offense, General Chaffee's endorsement is very strong and he declares that with the exception of three who deserted no overt acts were committed by the Caragadores, but on the contrary, those sent to their death continued to carry the arms and ammunition of the men after they were no longer able to hear them, and to render in their impassive way such services as deepen the conviction that, without their assistance, many of the marines who now survive would also have perished."

In the case of Lieut. Day, who also was acquitted, General Chaffee disapproves the finding to the specification and charge of murder. He said that Lieut. Day should have known that his commanding officer, Major Waller, had for three weeks been under a test for mental and physical endurance such as few men are called upon to undergo; that he was sick with fever, his temperature 105 and his body covered with painful sores. Day was the only officer not sick on duty and in the full possession of his faculties, and his plaudits were to counsel delay in the execution of the orders to kill the natives. General Chaffee refers to the order of Major Waller as "tainted" and says "that it should have prompted him (Day) to a positive disobedience of the same."

Notwithstanding the disapproval the two officers were released, as they could not be tried twice for the same offense.

### Approaching Puerto Cabello.

(By the Associated Press.) Willemstad, Island of Curacao, Sunday, July 13.—Advices received here today from Venezuela say that 900 Revolutionists under General Penaloza are approaching Puerto Cabello (a city of the State of Carabobo, Venezuela) and that 400 men from the local bands are now concentrated near El Palito. The Venezuelan government has fortified and entrenched Puerto Cabello. An attack on that place by the Revolutionists is expected shortly. If this occurs the city will be shelled.

The German cruiser Falke and the Dutch cruiser Kenigens Regents have left La Guaira for Puerto Cabello.

### Preparing Its Report.

(By the Associated Press.) Manila, July 14.—The board which has been investigating the charges against American officers and soldiers made by Major Cornelius Gardner of the Thirtieth Infantry as governor of Tayabas province, is preparing its report. The findings will be announced from Washington.

Major Gardner has been ordered home and will probably depart July 20 on the United States transport Buford.

Widows are never so young as they count themselves.

### After the Wife Murderer.

(By the Associated Press.) Norfolk, Va., July 14.—Sheriff J. P. Hesser, of Payne county, Okla., and his deputy, Hamilton B. Houston, have arrested here for Charles F. Hiatt, alias Osborne, the man now in jail here suspected of the murder in this city last month of his wife, Mrs. Mattie J. Osborne, and positively identified him as the man who killed A. F. Cooke, in Oklahoma, and on November 16, 1896, killed his wife in Stillwater in the territory for fear she would reveal his guilt. Hiatt told the Oklahoma officer that he would willingly return with them without requisition papers, and he will be turned over to the officers from the West.

### Died on His Tug.

(Special to the News and Observer.) Washington, N. C., July 14.—Capt. Zachariah Foreman, of the tug May Russell belonging to the D. C. Way Lumber Co., died suddenly on board his boat several days ago, during the very hot spell. Capt. Foreman fainted while steering the tug, and remained unconscious for two or three hours. He had not been well since.

### CLEVELAND COUNTY CONVENTION.

Platt D Walker Endorsed For Associate Justice. Populists Back in the Fold.

(Special to the News and Observer.) Shelby, N. C., July 14.—The Cleveland county primary Saturday and the convention today were the largest in the history of the county. The Populists have returned to the Democratic party and a love feast is imminent. The convention today unanimously adopted resolutions endorsing E. Y. Webb for Congress, Platt D. Walker for Associate Justice, J. L. Webb for Solicitor of the Twelfth District and Clyde R. Hoy for the Senate. No other endorsements.

The Shelby Brass Band dispensed patriotic selections. The custom of having both successful and defeated candidates address the convention prevailed.

### Measles on Training Ship

(By the Associated Press.) Newport News, July 14.—Three cases of measles among the three hundred apprentices on board the United States training ship Lancaster, now off Fortress Monroe caused the vessel to go into quarantine today. The disease is said to be of a mild type. The Lancaster was under orders to sail for Tompkinsville, N. Y. tomorrow and her departure is now indefinitely delayed.

### Orange Men's Celebration.

(By the Associated Press.) Belfast, Ireland, July 14.—A hundred thousand Orangemen participated today in their annual celebration. The entire police force was on duty and the military were confined to their barracks.

### A CRASH IN VENICE

The Bell Tower of St. Mark's Collapsed and Fell.

(By the Associated Press.) Venice, Italy, July 14.—The Campanile (detached bell tower) of St. Mark's church, 95 metres high, collapsed at 10:40 this morning and fell with a great crash into the piazza. It is now a heap of ruins piled to a height of one hundred feet. In falling it carried away the Sansovino Loggetta and the library of the royal palace. There were no fatalities, but a few persons were injured. The disaster caused an immense sensation. The town and communal councils have been summoned to meet this evening.

A little before the collapse a noise of falling stones within the bell tower warned the shop-keepers, workmen and tourists of the impending disaster and all fled for their lives.

Venetians were seen in the streets bemoaning the destruction of one of the oldest art treasures in the kingdom. Four of Sansovino's statues of Venetian nobles were demolished in the Sansovino Loggetta, while a beautiful example of a Paul Ceronese painting was destroyed in the palace. The wing of an angel from the top of the bell tower was thrown down to the front door of the Cathedral, smashing the Bando column which was hurled 35 feet, just escaping the column supporting the south angel of the Cathedral and thus averting a more serious disaster.

The fall of the tower produced a thick red dust, which spread like a hanging cloud over the city. This, with the rumbling noise, startled the inhabitants of the most remote suburbs. Thousands of soldiers and police aided in allaying the panic.

The deputies of Venice have telegraphed to the Government at Rome for authorization to establish a lottery to raise funds to rebuild the bell tower.

### CONSOLIDATION DECLARED VOID.

(By the Associated Press.) Nashville, Tenn., July 14.—The Court of Chancery Appeals today delivered an opinion in the case of the City of Nashville against the Nashville Railway Company with invalidates and declares void the consolidation attempted by the constituent lines of the Nashville Railway Company.

Efforts were made to effect the combination in 1900, but bills were filed in behalf of the tax-payers and the city to enjoin the consolidation and to declare a reversion to the city for breach of contract of the franchise and rights to the use of the streets.

The city contended that the consolidation was effected without its consent and sought by quo warranto proceedings to have a forfeiture taken of the company's charter and to abrogate its right to its use of the streets. The railway company insisted that its right to a use of the streets was a perpetuity and court properties are bonded at \$6,500,000 and stocked for a like amount. If the Supreme Court upholds the decision the railway company will be compelled to make terms with the city before a consolidation can be effected or the constituent lines will have to be operated separately and independently and the consolidated stocks and bond will be invalidated.
