WARSHIPS WIRED TO RUSH TO PANAMA

The Wisconsin, the Cincinnati, the Panther.

THE CINCINNATI NEAR

It Will Take But a Few Days to Steam to Panama.

NO BOMBARDMENT TO BE PERMITTED

In View of the Alarming Situation on the Isthmus these Warships Will Go to Protect Traffic in That Region.

(By the Associated Press.)

Washington, Sept. 11.—Secretary Moody today telegraphed to the commanders of the battleship Wisconsin, now at Bremerton, and to the cruiser Cincinnati at Cape Haytien, directing them to proceed as soon as possible to the Isthmus of Panama, the Wisconsin reinforcing the Ranger at Panama and the Cincinnati taking stand at Colon.

Orders were also sent to the United States steamship Panther, which is now en route to League Island, to take aboard a detachment of about 300 marines upon her arrival and proceed to Colon.

The gunboat Montgomery will replace the Cincinnati at Port au Prince. The Montgomery has just finished participation in the manoeuvres and is being overhauled at the New York navy yard. Allowing a couple of days in which to coal and fit out, she could probably reach Port au Prince by next Thursday.

It will take the Wisconsin fully twenty days to make the long trip of over 4,000 miles down the Pacific coast to Panama. The Navy Department had intended to send the Boston, which is now getting ready for service at San Francisco, to relieve or reinforce the Ranger, but the alarming situation which has so quickly arisen on the Isthmus prompted the officials to take more instant measures to increase the naval representation of the United States in that section.

The Cincinnati will only consume a few days in her trip across from Cape Haytien, so that by the beginning of next week, she should have reached the other terminal of the Panama Railroad.

SAVED FROM HORRIBLE DEATH.

A Trained Nurse Tears Flaming Garments From Her Body

(Special to News and Observer.)

Asheville, N. C., Sept. 11.—Mrs. N. I. Walton, a trained nurse of this place, narrowly escaped death from burning today. Her clothes caught from a grate, and being light were quickly a mass of flames. Mrs. Walton tore the clothes from her body, but not before she was badly blistered.

At the annual meeting of the Appalachian Park Association, held here today, R. P. Hayes was elected to the presidency and Dr. Ambler re-elected secretary and treasurer.

The Knoxville Chamber of Commerce will probably come to Asheville in a short time to have a meeting to boom the park bill, representatives from towns in Tennessee, Georgia and North Carolina will be invited to attend.

A negro yesterday worked a "skin game" on the ticket agent of the Southern by means of a counterfeit one hundred dollar bill, buying two tickets to Knoxville. He was caught at Marshall and is in jail here pending trial.

Boer Generals Plead for Destitute.

(By the Associated Press.)

Amsterdam, Sept. 11.—The Boer Generals, Botha, De Wet and DeLaRey, accompanied by Messrs. Wolmarans, Westels and Reitz, arrived here today from The Hague and were given a hearty welcome. Replying to an address General DeLaRey said he and his colleagues did not come here in the character of political persons but solely to obtain assistance for destitute Boer families.

At the reception of the General at the town hall, General De Wet in reply to the Burgomaster's speech, said: "We have come to ask for help for the widows, orphans and other necessitous persons. Upon assistance of this kind from England the Boers cannot count."

General Botha again speaking, said: "We have lost our independence and have endeavored to obtain compensation from the government for our burnt farms. We have every reason to believe no compensation will be forthcoming. Help is absolutely necessary to prevent the ruin of thousands."

Hodge's Suit for Injunction.

(By the Associated Press.)

Newark, N. J., Sept. 11.—Frank Bergen, of counsel for J. Aspinwall Hodge and other stockholders of the United States Steel Corporation, who are seeking for injunction to restrain the retirement of \$200,000,000 of the company's preferred stock and the issue of \$250,000,000 bonds, resumed his argument in favor of an injunction before Vice Chancellor Emery today. Mr. Bergen declared that the valuation of the Steel Corporation's properties was excessive and that not a single affidavit had been produced to show in detail that the valuation was not inflated.

Richard V. Lindabury followed for the defendant corporation. He said the only question to which the defendants would address themselves, on the argument of the merits, would be as to the validity of the syndicate contract with J. P. Morgan & Company. That contract, Mr. Lindabury said, was unassailable by stockholders.

Traffic among the railroads entering Raleigh has greatly increased in the past few weeks and extra employees have been put on the roads.

IN LEGISLATION LIES THEIR HOPE

The State Alone Can Stop the Strike Now.

PLAN OF THE ALLIANCE

Let the Operators Feel the Law's Strong Hand.

SO THEY URGE ON GOVERNOR STONE

Compulsory Arbitration and Enforcing the Sixteenth and Seventeenth Articles of the State Constitution Are the Remedies They Propose.

(By the Associated Press.)

Harrisburg, Pa., Sept. 11.—The conference committee of the People's Alliance, appointed at the convention at Hazelton last Thursday, appeared before Governor Stone this afternoon and submitted a plan for effecting a settlement of the anthracite coal strike. Their plan consists of calling an extra session of the Legislature to enact laws for compulsory arbitration; better control of foreign corporations doing business in Pennsylvania and enforcing the sixteenth and seventeenth articles of the constitution.

Article sixteen makes it unlawful for any operator or superintendent to employ any person as fire boss who has not obtained a certificate of competency and article seventeen prohibits any boy under twelve years of age, or a woman from working in a coal mine. Article eighteen prohibits a boy under sixteen years of age from mining or loading coal.

Daniel J. McCarthy, of Hazelton, said the alliance represented the business people of the hard coal districts, and that its purpose was to secure a settlement of the strike. There was no sign of a settlement, and the only hope of bringing about an end to the strike is an extra session of the Legislature for the enactment of the legislation that will end the present strike and prevent strikes in the future.

It is suggested that if an extra session is held some action should be taken to curb the great foreign corporations which are doing business in Pennsylvania. He attacked the Beef Trust, the Steel Trust and other large corporations, because of the alleged high prices which they charge for their products. Mr. McCarthy said:

"President Baer, of the Philadelphia and Reading Company, is the creature of J. P. Morgan and the latter should be forced to compel Mr. Baer to arbitrate the strike. A load of coal can be brought in the coal region at present from the large coal corporations at any price. If the legislation is enacted which the alliance recommends, it will bring the strike to an end and prevent strikes in the future."

Mr. McCarthy argued that the present difficulty in the coal region comes through the gross mismanagement of the great coal corporations. None of these corporations, he said, pays a dividend, while the individual operators are all making money and getting rich, by arbitrating the strike. He continued, by enacting legislation that will enforce the sixteenth and seventeenth articles of the State Constitution.

Addresses were made by other members of the committee along the same lines, all urging remedial legislation. The Governor said he was glad to hear from the alliance, and expressed his gratification on hearing the views of the speakers. He made no comment on their remarks.

MORGAN WON'T INTERFERE.

And the Operators Will Not Agree to Arbitrate With Mitchell.

(By the Associated Press.)

New York, Sept. 11.—Abram S. Hewitt, former mayor of New York, gave out a statement today in which he said he knew positively that J. P. Morgan would not interfere in the coal strike. Mr. Hewitt also said that the coal operators would not agree to arbitrate with John Mitchell, but that he believed they would consider grievances presented by their employees.

"I don't altogether blame Mr. Mitchell for bringing on this strike. Mr. Mitchell advised against the strike. When he called the convention at Shamokin, he thought he would be able to control it and show what a big fellow he was. But those young fellows came in and wanted the strike and the convention got beyond Mitchell's control."

"Then he called the Indianapolis convention. He told the anthracite miners that he would ask the bituminous miners to go on a sympathetic strike. He did so and they refused."

"Mr. Mitchell in public clamors for arbitration. But does he want arbitration? What Mr. Mitchell wants is recognition for himself. Mr. Mitchell is fighting for his very life, but there will be no recognition of Mr. Mitchell by the present operators and no arbitration between the operators and Mr. Mitchell."

"It was Mr. Mitchell who destroyed the principle of arbitration in the coal fields. The operators are willing and ready to adjust any grievances by concussions or

otherwise with their own employees. But they will have nothing to do with Mr. Mitchell. That is positive."

True Bill Against the Prince.

(By the Associated Press.)

London, Sept. 11.—The grand jury in the Old Bailey today returned a true bill against Prince Frans Joseph of Braganza (a Lieutenant in the Seventh Austrian Hussars, and who was a member of the Austro-Hungarian mission to the coronation of King Edward, charged with "misconduct under the criminal law amendment."

Later in the day the Prince and the others concerned in charge was placed in the dock at the Central Criminal court and pleaded "not guilty."

Prince Nicholas, of Braganzas, and other friends and relations were in the crowded court room.

In opening the case counsel for the prosecution said the offense with the prince was charged was far too common in London.

THE BOLTERS MEET IN SECRET SESSION

To Perfect Organization for Active Campaign.

OR IS IT RATHER FOR THIS

To Furnish the Republicans Boodle for Nominating Hill.

(Special to News and Observer.)

Greensboro, N. C., Sept. 11.—The conference of Democratic bolters against Judge Clark is now in session in the Benbow Hotel here behind closed doors. Those present are Henry A. Page, Lindsay Patterson, W. W. Clark, John W. Fries, W. A. Blair, P. J. Sinclair, J. W. Odell, F. M. Whittaker, F. L. Williamson, J. H. Holt.

Nothing of the result of the caucus is yet known. A leading member said the object of it was to ascertain for certain whether it was best to organize a complete machinery to prosecute active, the aggressive operations throughout the campaign or to drop the fight, that the gentlemen present were members of the Central Campaign Committee, and were in conference for the purpose of effecting a complete organization if it was decided to continue the fight.

Another version is that the object of getting so many big financiers together was in pursuance of an agreement to furnish large campaign contributions in return for the Republicans not putting up a straight ticket against the Supreme court, thus making possible Clark's defeat through Hill.

There have been several caucuses here this week, preliminary to the Democratic conference tonight.

Tuesday night F. M. Whittaker, Hill's representative, was in caucus with Fritchard, Blackburn, C. A. Reynolds and others on the eve of the Congressional convention, which was agreed to be called off. Last night Blackburn, District Attorney Holton, W. H. Day, Whittaker and Henry A. Page had a long secret caucus, and tonight no announced Republicans are in the meeting.

Patterson and Holt both said before the meeting was called tonight they would not agree to run against Kitchen for Congress.

It is said the Republican leaders insist that the endorsement and putting forward of a nominal Democrat for Congress in this district is an indispensable part of the programme to recompense them for agreeing to endorse Hill for Chief Justice.

At 10 o'clock there is no news from the conference, not a single person having left the room.

THE KAISER LEADS A CAVALRY CHARGE

Our Officers Ride With the Garde Du Corps.

CLIMAX OF THE BATTLE

Nine Thousand Horsemen Bear Down on the Blues.

SCATTERING THE INFANTRY LIKE CHAFF

General Corbin Declares it to Be the Finest Military Spectacle He Ever Saw. The Zeitung Compliments the American Officers.

(By the Associated Press.)

Frankfort-on-the-Oder, Sept. 11.—Major General Young and Brigadier General Wood and their aides de camp, Lieutenants McKinley and McCoy, charged with the cavalry led by Emperor William today.

The Americans did not draw their swords, but they rode with the Garde du Corps, one of the household regiments and the Emperor's bodyguard.

This charge was the climax of the manoeuvres. About nine thousand horsemen, lancers, cuirassiers and dragoons, fell upon the flank of the Blues (defending army) capturing thirty of the latter's guns and 2,000 of its infantry.

The cavalry started at daylight, making a twelve mile curve, and at about half past eight swept over rolling meadows and upon the enemy's forces, which had been theoretically disorganized by heavy infantry attacks.

The nine thousand cavalry made a frontage of a mile and a half, and in the sunlight, over the open country, they rushed at a hard gallop upon the artillery and infantry, which did not cease firing until the horsemen were near at hand.

When the cavalry was within one hundred yards the infantry quickly formed into close platoon groups, which the horsemen broke up, galloping between the groups and the guns. Several horses fell dead.

The Emperor, mounted on a white Arab horse, directed the movements, and at the finish galloped ahead as recklessly as any trooper. The Emperor was present on horseback.

Major General Corbin and Lieutenant Colonel John A. Johnston, Earl Roberts and other foreign guests were on a hill, around which the charge was made. General Corbin said it was the finest military spectacle he ever saw.

Emperor William's customary salutation to the Americans has been: "Well, how's the khaki brigade?"

His Majesty has also been disposed to chaff the Americans a little. Today they wore blue fatigue uniforms. His sharp eye noted the change and he remarked pleasantly upon it.

The Zeitung, commenting on the simplicity of the American uniforms, said: "The American visitors have no need of uniforms to make them look like soldiers."

IT IS THE SOUTH'S DUTY TO PROVIDE FOR HER VETERANS.

Army of the Tennessee Adopt Resolutions Thanking General Torrance for His Generous Offer of Aid.

(By the Associated Press.)

New Orleans, La., Sept. 11.—The Confederate Veterans of New Orleans last night refused the proffered aid of General Torrance, Commander-in-Chief of the Grand Army of the Republic. They decline with thanks the money to build a home for indigent Confederate soldiers in Louisiana. The Army of the Tennessee adopted resolutions referring to General Torrance's offer in the kindest terms, declaring that he "possesses a noble heart full of brotherly love," but the resolution says:

"We cannot accept even this generously proffered assistance from any source save from our own people. It is the duty of the South, and the South alone, to provide for Confederate soldiers who may need assistance. To permit others to do that duty would, in our judgment, be both unbecoming and wrong to the Southern people. But let it be well understood that we are grateful to a neighbor who offers financial assistance when the angel of death visits his home. In both cases we must politely but firmly decline to accept the offer. There are certain duties which a high-minded people cannot permit others to perform and this is one of them."
