Engineers, Firemen, Pumpmen a Stumbling Block-

BY THE CONVENTION

NO VOTE IS REACHED

FEAR LOSS OF POSITIONS

The Miners Will Probably Vote on Ending the Strike Today and an Overwhelming Majority for it is Practically Assured.

(By the Associated Press.) Wilkesbarre, Pa., Oct. 20 .- The anxiously awaited convention of the 145,000 striking miners met today, but did not reach a vote on the proposed plan of settlement. It is expected to do so tomorrow.

There were 662 delegates present in the Nesbitt Theatre, where the convention was held and they were empowered by their local unions to cast 867 votes for or against President Roosevelt's proposed plan of arbitration. The great majority of the delegates were uninstructed, the few who were, being engineers, firemen and pumpmen who fear that the 5,000 strikers of those classes may not get back their old places now held by non union men. This question of the engineers, firemen and pumpmen proved the only stumbling block in the way of almost immediate adoption of the President's plan, which carries with it declaring the strike off, and a general resumption of work through the 17 mile strip of the hard coal region. At one time today it seemed certain that the convention was about to adopt the recommendahall. tion of President Mitchell to end the earnest and the final vote went over until statement of the men. A dozen speeche tomorrow, when it is next to certain the were made for and against the question vote to declare the strike off will show of obtaining some specific assurance that a big majority for it. The leaders of the the men would get back their places if strikers, except Mr. Mitchell, were hardly they returned to work. heard at all in the convention today, the anxious engineers being allowed to give full expression to their feelings. But to- on the subject. He immediately respond morrow, it is predicted, the leaders will be heard, and one of them, a high district officer, said today there would not during the past five years. The strike

The moment he finished, a Wilkesbarre delegate was on his feet and moved that old soldiers, and voters from every part the recommendations contained in Presi-

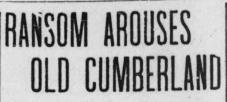

dent Mitchell's address be adopted. If this had been acted upon at once, the strike would have been off and the convention's work done, but those in opposi-

tion would not have it that way. They wanted to and did debate the matter until the adjournment after 5 o'clock. A Panther Creek engineer was the first to take the floor in opposition to accepting the plan until he and his colleagues had some assurance that they would be reinstated in their old positions. The companies have said, he continued, that they will not dismiss the men now employed by them and place strikers in their positions. A number of other delegates spoke along the same line and then confusion resulted over the presence of person who were not delegates.

President Mitchell straightened this out by requesting outsiders to leave the About half of those present retired. The question again reverted to rein-

A LONG TRAIL OF INFAMY

The General Reviews the Black Career of Republicanism in North Carolina and his

Words Thrill his Hearers to the Heart.

Fayetteville, N. C., Oct. 20 .- Under the burning words of General Ransom the of Cumberland have rallied, and are now in line and ready to charge. Our court house was crowded with ladies.

Cumberland. His appearance was greeted with long and loud applause. He was introduced by Hon. John G. Shaw in a short but eloquent address.

General Ransom began by referring to his love for the people of Cumberland, calling by name a number who had stood with him in the battles of the past. His address proper began with a review of political conditions in North Carolina. We saw the Republican party disintegrated and with no flag that they dared to raise. Only a line of a few skirmishers, a few "Independents" here and there, and yet they had deceived some into thinking that they could defeat the grand and united Democracy. He reviewed their past history in the State, with its infamy and shame. He then took up the

National Republican party and showed its hostility to the South. The Foureenth and Fifteenth Amendments born in passion, the Civil Rights Bill carrying with it shame to our schools and deseration to our cemeteries, Southern elec ions surrounded by Federal bayonets, and the iniquitous Force Bill. He said:

"Men of Cumberland, surely, surely, you have not forgotten these things and the Democratic party that saved you." Then returning to the State and the women in almost every eastern county.

What party delivered us from it? The Republicans whipped out had now changed

ANOTHER STORN IN Was allown the mark over the switch. He was asleep when the crash came, as was Charley Crump, the fireman, who was dangerously hurt. James Roberson, the engineer on the vestibule, went down with his engine, which went 20 feet into a field. His skull was fractured and it is thought his backbone is broken and that he cannot live. The mail agent saw the danger and jumped, saving his life, for the mail car was smashed to flinders. The fireman in

the cab with Engineer Roberson climbed out the cab window and was only bruised. No passenger was hurt, though there was a con derable shaking up. Mr. Holland's body was taken to his neme in Sanford today for burial. He was an excellent young man and had

friends in Raleigh, where he boarded. One Killed in an Explosion.

The books are now open for registration, and will be open for that

purpose every day, Sunday excepted until sunset Saturday, October 23th. Let every person who is entitled to vote under the amendment register at once.

Register yourself and get your neighbors to register.

NOTE FIRST!

The adoption of the Constitutional Amendment made an entirely new registration necessary. The disfranchised negro registered in the campaign of 1900, and, if the Legislature had not provided for new registration this year, the names of all these negroes would remain on the registration books.

NOTE SECOND!!

An entirely new registration this year was necessary to put the amendment in operation in this election.

NOTE THIRD!!!

Each Democratic paper is requested to keep this in a prominent place in the paper until the registration closes.

NOTE FOURTH!!!!

Cut this out and post it at some prominent place in the voting precinct.

F. M. SIMMONS,

Chairman State Dem. Ex. Com.

roads is stated to amount to at least a billion dollars. "One man or firm, with a few associates, controlling the Southern Railway," the complaint alleges, "has now secured control of the stock of the Louisville and Nashville Railroad. and later of the stock of the Atlantic Coast Line Company, and the Atlantic Coast Line Railway Company, and has secured an entrance into St. Louis and Chicago through lines by which it would be able to force and compel other lines out of St. Louis and Chicago into that territory to make rates such as it should dictate, and to dictate schedules, terms and rates of every kind to all smaller roads." The complaint alleges that this ourchase, consolidation and ownership means, the placing of the commerce of hat entire section under the control and operation of a very few men, dominated by the firm of J. P. Morgan & Company. It is alleged that the defendant companies have not filed with the Inter-State Commerce Commission, as required by law, copies of the contracts, agreements, etc. It is charged that such arrangement, combination, purchase and sale for the producing of what is called a 'community of interest, constitute simply an agreement or combination by which all freights of all roads named shall be pooled or controlled or routed so as to prevent competition." This consolidation, joint ownership and joint control, it is charged, are simply to pool freights between these railways in such proportion as those controlling or managing the combination shall designate and so destroy competition. The complaint alleges that as a result the rates will be advanced. communities discriminated against, and freight will be routed over one or another of these lines to maintain increased earnings and create fictitious earnings to give fictitious values. "By this control and operation," says the complaint, "the commerce of these States will become subject to the dictation of a few individuals and by the tremendous combination of powers thus secured legislation may be had, traffic impeded, and business destroyed in part of this territory. The object," the complaint continues, "is to place all the railways under the control of a single firm or of a few individuals; to control and manipulate railroad traffic and practically pool all the business of all the railroads in all this territory, to produce enormous profits, etc., and to place all the business and products of over 16,-000,000 people in 422,000 square miles of territory under the control and dominaion of a single individual." The combination, the commission charges, is in violation of both the letter and the spirit of the laws of the United States and of the several States involved.

The Inter-State Commerce Commission will immediately notify all concerned of the complaint and probably will arrange for a hearing not earlier than December.

Mr. W. H. Penny, of the Register of Deeds' office, went to Apex yesterday to register and also to attend the county canvass.

Any young man who is in love likes to say good night the next morning.
