# "LILLY WHITE" PLAN THE OLD RELIABLE

### To Prevent Mr. Roosevelt's Nomination in 1904.

#### President's Fight Against Proposed White Man's Republican Party in South Likely to Cost Him Delegates.

(Special to the New York Times.) Washington, Nov. 16 .- Delegations pledged to Mark Hanna for the Presidency are likely to appear at the next Republican National Convention, as a result of President Roosevelt's fight against the movement to reorganize the party in the South. A quiet movement is being put on foot in certain Southern States to fight the Roosevelt boom by turning the support of the "Lily White" Republicans to Mr. Hanna.

The "white" Republicans are thoroughly in earnest in their purpose to form a white man's party, with the view of attracting to the party persons who have hitherto held aloof merely on account of the negro question. The attitude of Mr. Roosevelt, Mr. Payne and Mr. Clarkson has severely injured their movement and has completely deprived them of Federal patronage. They intend to keep up the fight regardless of this state of things, and as they have control of the party organization in their States they can fight the Adminis-

They realize that the negroes will send contesting delegations to the National Convention. They believe, however, that they can make such a fight before the Committee on Credentials that it will be difficult to "turn them down," In most of their States the negro has been disfranchised by the Democratic Legislatures. In Alabama, for instance, only a few hundred negroes are entitled to vote under the law, while there are thousands of white Republicans. Thus if the National Convention, organized in Mr. Roosevelt's interest, admits delegates who represent the few hundred and throws out the thousands of voters who constitute the Republican party of the State the white men believe that it will be such an object lesson of minority government that the Republicans will not wish to carry during the campaign.

Early reports indicated that Senator Pritchard of North Carolina, was wavering in his adhesion to the movement, of which he is the leader. The bait of a Federal Judgeship was dangled before Mr. Pritchard's eyes. He has long wanted in Raleigh yesterday. ed to be a judge, and the demand for a Mr. J. H. Holcombe new judge in the Fourth Judicial Circuit, which is apparently about to be granted, gave him an opportunity to realize his ambition. Owing to the volume of business in that circuit, which is made up of the States of Maryland, Virginia, West Virginia and North and South Carolina, a third Circuit court judge is recognized as a necessity, and the place undoubtedly will be created. But Senator Pritchard has, according

to good authority, decided to reject this bait and continue his fight. In Alabama it is certain that the fight is to be continued even if the President drops off all the Federal patronage and continues to give it to Democrats, as he has been doing. How far the Alabama and North Carolina Republicans will be supported in Tennessee, Louisiana, Texas and other Southern States, which have indicated sympathy in the movement, is not known, but a Hanna movement has been started in these two States at least, and recruits are expected in the others. Last week ex-Congressman Romulus

Z. Linney, a well known figure of the Fifty-sixth Congress, made a speech nominating Mr. Hanna for President, and he delivered it from the steps of Senator Pritchard's law office, in Marshall, N. C. It is not long since the President delivered a speech in the same town, going there for no other reason except that it was Mr. Pritchard's town, and eulogizing the Senator. Mr. 'Pritchard's personal newspaper organ is declaring for a continuance of the fight.

That Alabama is prepared to fight to the bitter end, even though it has no eminent statesmen in public office and no grip on Federal patronage, is well known The doubtful question has been about the attitude of North Carolina. It is certain now that a Hanna movement has been started in that State, and that it will make a fight.

Whether Mr. Hanna is friendly to the movement the Southerners do not know and do not care. Their adhesion to Mr. Hanna is not because of any knowledge they have about his sentiments toward their party organization or toward the negroes, but because they want to beat Mr. Roosevelt and think Mr. Hanna the likeliest candidate.

The worst cases of Asthma in the world succumb readily to the one great cure that never fails. Dr. Rudolph Schiffmann's Asthma Cure almost performs miracles. Mr. R. M. Spencer, 2380 Vermont avenue, Toledo, O., says: "Asthma has been growing on me for 3 years, until last summer the attacks became so severe that many nights I spent half the time gasping for breath. Doctors seemed to give no relief whatever, and I felt there was no hope for me, when a drug clerk recommended your Asthma Cure. Its effect is truly magical and gives complete relief in from 2 to 5 minutes.'
