Thousands of Women Suffer, and Many Die, Owing to False Treatment.

Paine's Celery Compound

Never Fails to Banish Disease and Re-establish Lasting Health.

Thousands of women are kept in sickness for months and years owing to false treatment and the use of worthless medicines, and we are inclined to believe that Milton thought of this class of almost dying women when he said:

"The angelic guards ascended, mute and sad."

The common sense treatment of today for weak, rundown and suffering women, is Paine's Celery Compound. This marvelous medicine is spoken of in every part of the civilized world, and men and women of all classes derive new life from its use. M. Elizabeth Messick, Marietta, Ohio, writes about her rescue from low condition of physical weakness; she says:

"Eight years ago I was most successfully operated on for an ovarian tumor, weighing twenty-five pounds. After the operation tonics and foods were used in vain to bring back strength. In some way Paine's Celery Compound came to the rescue, and it really seemed that four doses produced a change. I was then sixteen years old, and had three years more of school work. Your compound is the only thing I have to thank for strength during the last three years at school. Now, I am eight months of each year in the South in home missionary work among the freedmen. This last spring I would have had to give up, but one bottle of Paine's Celery Compound made me over again. My sister cured her eczema with Paine's Celery Compound. We recommend it to all."
