

### MISS JULIA BRITTON

A Young Society Lady of Augusta, Georgia.

1515 Estes Street, Augusta, Ga., May 16, 1902.

TAKE pleasure in joining the large number of testators who have been cured through the use of Wine of Cardui. It is certainly a very remarkable curative agent, and while it is pleasant to take and mild in action it is very strong and positive in curative ability. Since early womanhood I suffered from extreme nervousness and seemed unusually sensitive to climatic changes. A slight cold or too great heat would upset me and headache and general indisposition would result. My stomach was easily upset and I would frequently have heartburn, sour stomach, and the heavy feeling you experience when you have indigestion. I was also irregular and had severe monthly pains, all of which showed me that I was entirely out of harmony with health. I naturally desired a change and doctored for several months, hoping for better health. I was however disappointed to find that the medicine afforded me no relief. I noticed your ad in the street car and I bought a bottle of Wine of Cardui on my way home and great was my joy to find that within a few days it brought me great relief. My food seemed to digest without trouble, and the headache soon disappeared altogether. I kept using it until I had taken five bottles and felt that I had never invested any money in my life which brought such great returns. Within two months I was like a changed woman. My aches and pains disappeared as if by magic and new life and activity seemed to course through my veins. I began to enjoy out door life, long walks and exercise as never before. It is indeed gratifying to experience such a remarkable change in body and mind which perfect health brings, and believing that your medicine is well worthy of full confidence and endorsement I am glad to give it both.

*Julia Britton*

Young women cannot too carefully guard the monthly function. Women as a rule look upon this great function of nature as a trouble instead of a blessing. They seldom consider that it relieves the body of poisonous wastes and that a suppurative or a scanty flow is invariably a forerunner of sickness. Because Wine of Cardui perfectly regulates the monthly function hundreds of thousands of women owe their lives to it. Wine of Cardui as a regulator of the monthly function not only purifies the blood but it relieves weak and nervous women of troubles which doctors not only did not cure but do not often diagnose correctly. In thousands of cases of so-called "debility," "nervousness" and "tired, worn out feeling" Wine of Cardui by regulating the menstrual flow, has proven the remedy that was needed. If your doctor is doing you no good, secure a bottle of Wine of Cardui and take it in your home. It will cure you but you will only be one woman among thousands with the same experience. Remember Wine of Cardui cured Miss Britton. Accept no other medicine as a substitute. Give Wine of Cardui a fair trial and health will be yours.
