RHEUMATISM,

AND ANY OTHER DISEASE CAUSED BY IMPURE BLOO

Do not be discouraged if other remedies have failed. RHEUMA DE has made its reputation by curing alleged incurable cases. Does not injure the organs of digestion.

GOLDSBORO, N. C., Aug. 25, 1902.

Gentlemen—Some six years ago I began to have sciatica, and also a chronic case of muscular rheumatism. At times I could not work at all (my business being baggage master on Southern R. R.). For days and weeks at a time I could not work. My suffering was intense. Physicians treated me, without permanent relief, however. Tried a number of advertised remedies without permanent benefit. Finally I tried "RHEUMACIDE." It did the work, and I have had excellent health for three years. I can cheerfully say that all rheumatics should use "RHEUMACIDE," for it is by far the best remedy.

AN IMPORTANT REPRODUCTION

We are pleased to announce that we have jut issued a Platinum Reproduction of the celebrated steel engraving "THE LAST MEETING," Generals Robert E. Lee and Stonewall Jackson, the evening before the battle of Chancellorsville, May 1, 1863.

The original picture was painted by Julio, of New Orleans, La., and copies of the steel engraving are almost entirely out of the market, the few copies remaining being held at a very high price.

Our reproduction is printed on platinum paper 16x20 inches, and is a facsimile of the original engraving.

We have also designed a special frame for the picture as shown in the illustration. The frame is a four-inch quartered oak moulding, stained to match the Confederate gray uniforms, with a burnished silver cartridge ornament inside. On the upper right hand corner are attached two small silk Confederate flags mounted on ivory standards. The frame is in every way worthy and emblematic of the picture.

There will be only a limited number of these pictures made. If you wish one order at once.

DURHAM WILL GET THE NEW DEPOT

The Legislature Will Grant the Necessary Relief.

The High and Mighty Southern Railway Must Now Come Before the Corporation Commission.

There is some dout as to whether the Corporation Commission clearly has the power to compel several railroads centering in a town to unite and build a depot. In order to set that doubt at rest and to make it so clear that he who runs may read, a bill was introduced in the House yesterday by Representative Jones Fuller, of Durham, to confer the power in plain terms. The bill is as follows:

A Bill to be entitled An Act to amend Chapter 164 of the Laws of 1899.

The General Assembly of North do enact:

Section 1. That chapter 164, of the Public Laws of 1899, be amended by adding to sub-section 13 of section 2 thereof a new sub-section to be known as sub-section 13a to read as follows:

13a. To require, when practicable in the judgment of the commission, any two or more railroad which now or may hereafter enter any city or town to have one common or union passenger depot for the security, accommodation and convenience of the travelling public and to unite in the joint understaking and expense of erecting, constructing and maintaining such union passenger depot commensurate with the business and revenues of such railroad companies or corporations, on such terms, regulations, provisions and conditions as aid commission shall prescribe.

Sec. 2. That this act shall take effect and be in force from and after its ratification.

It was whispered last night that certain Southern Railway influences would seek to have this bill delayed and pigeonholed. The intolerable conditions existing at Durham are such as to call for the speedy passage of this act. As soon as it is ratified, the Durham people will apply to the Corporation Commission for relief, it will get relief, and compel the Southern Railway to do what the Seaboard and the Norfolk and Western Railroad are willing to do without compulsion.

The Fuller bill ought to be ratified this week.

CAUTION.

This is not a gentle word—but when you think how liable you are not to purchase for 75c. the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds, perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings, there is nothing like German Syrup. Sold by all druggists in the civilized world.

Oxford and a Dispensary.

To the Editor:—There are two items in your paper, one day before yesterday and one yesterday, which illustrate the adage that you must go away from home in order to learn the news. These items declare in effect,

1. That the people of Oxford want a dispensary.

2. That a meeting of leading citizens has just been held which decided that the people of Oxford want a dispensary.

3. That at this meeting of leading citizens who decided as aforesaid that the people of Oxford want a dispensary. A petition was signed (and I suppose securely sealed so that the people of Oxford who are said to want a dispensary, might not see it) praying the Legislature to establish a dispensary here.

Having learned this much news away from home, many of us here are curious to know one or two things more. Will you kindly satisfy our curiosity and enlighten our ignorance?

1. Who is your correspondent?

2. Who are the leading citizens who have decided that the people of Oxford want a dispensary?

3. When and where did they meet?

4. By what authority do these leading citizens speak for the people of Oxford?

5. Do these leading citizens, whoever they may be, in their petition, whatever it may be, ask the Legislature to establish a dispensary in Oxford without ascertaining, by an election, whether the people of Oxford really do want a dispensary?

6. How do these leading citizens, whoever they may be, know that the people of Oxford do not want prohibition?

7. How do these leading citizens know that the people of Oxford do not want high license?

Personally, I am in favor of a dispensary, and will vote for one if the leading citizens will be so gracious as to permit me to have the opportunity to do so.

In all seriousness, would it be a crime to allow the people of Oxford to decide this question for themselves? The people of Oxford submit to majorities, but do not follow leading citizens, unless they be chosen leaders.

A SCIENTIFIC DISCOVERY.

Kodol does for the stomach that which it is unable to do for itself. Kodol digests what you eat and enables the stomach and digestive organs to transform all food into rich, red blood.

W. H. KING DRUG CO.

Out of Plumb.

When the wall is out of plumb the building is more or less unsafe, and the higher the wall is carried out of the perpendicular the greater the danger of collapse. It's about so with the health; it is out of plumb when the digestion is impaired, when there is a dull, sluggish feeling, with nervousness, irritability and sleeplessness. Every day that these symptoms are neglected increases the liability to physical collapse.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It purifies the blood and cures nervousness, irritability and sleeplessness by curing the diseases in which they originate.

"For three years I suffered untold agony," writes Mrs. H. R. White, of Stanstead, Stanstead Co., Quebec. "I would have spells of trembling and being sick at my stomach, pain in right side all the time; then it would work up into my stomach and—such distress it is impossible to describe. I wrote to the World's Dispensary Medical Association, stating my case to them, and they very promptly answered and told me what to do. I took eight bottles of Dr. Pierce's Golden Medical Discovery, and five vials of Dr. Pierce's Pleasant Pellets. Thanks to Dr. Pierce and his medicine I am a well woman to-day. Dr. Pierce's medicines also cured my mother of liver complaint from which she has been a sufferer for fifteen years. We highly recommend these medicines to all suffering people."

Code Commission Bill in Senate.

(Continued from First Page.)

Each member of the commission is to be furnished with two copies of the present Code and two copies of each volume of the Public Laws of North Carolina from the session of 1883 to the session of 1903 inclusive, and all necessary stationery. The act further provides that any vacancy in the commission is to be filled by the Governor.

There was but little discussion at the session yesterday, and this was concerning the question as to whether or not a tax was due before allowing the United Mutual Insurance Company to drop "Mutual" out of its name. The question was raised by Senator Henderson, and Senator Justice who had investigated the matter said none was due, as there was no material change enlarging its powers. Senator Norris, who introduced the bill, saying it was only a change of name. Senator Justice explained that prior to 1885 for material changes the charge had been $100, after that date $25, and by the Laws of 1901 a graduated tax for material changes, none for immaterial.

SENATE—FIFTH DAY.

The Senate met yesterday morning at eleven o'clock, Lieutenant-Governor Turner presiding, and Rev. W. C. Tyree, of the First Baptist church, led in prayer.

The reading of the Journal of Saturday after going on for two minutes was dispensed with on motion of Senator Brown, of Columbus. Senator Lamb, of Cumberland, noting the presence of ex-Senator James D. McNeill, of Cumberland, in the lobby, moved that he be extended the courtesy of the Senate and he was invited to a seat on the floor.

Senator Godwin, for the Committtee on Propositions and the Committee on Corporations reported two bills favorably and these came up later on their second reading.

The first petition of the session was then presented by Senator Gilliam, of Edgecombe. This was from citizens of Tarboro township, Edgecombe county, asking that an election be ordered on the dispensary question in Tarboro. There is a dispensary there now, and the petition is from those who desire to see the act establishing it repealed.

BILLS INTRODUCED.

The following bills were introduced:

S. B. 41. By Godwin, of Harnett: A bill to be entitled "An act for the relief of J. M. Marshburn, ex-sheriff of Sampson county." This provides for payment to him of $458.39 as the balance of $530.57 of insolvents from 1895 to 1900 inclusive. The payment had been declined by the State Auditor, on an opinion from the Attorney General that ex-Sheriff Marshburn had not complied with the law as to the time of making his request for a return of the insolvents, which should have come in January of each year. The bill sets forth that the application was made as provided for in an act setting forth the time. Of the original amount, $72.18, had been allowed. The bill was referred to the Judiciary committee.

S. B. 42. By Norris, of Wake: "A bill to be entitled an act to provide for revising and digesting the public Statute Laws of this State." This provides for the appointing of three commissioners by the Governor, by and with the advice and consent of the Senate, for the purpose of codifying the laws of the State.

S. B. 43. By Wellborn, of Ashe: "A bill to be entitled an act to repeal chapter 397, Public Laws of 1901." The act for which a repeal is asked prohibited the manufacture and sale of liquor in Ashe county, and the adoption of the bill again allows the manufacture and sale of liquor in Ashe county. Referred to Judiciary committee.

S. B. 44. By Reinhardt, of Lincoln: "A bill to be entitled an act for the better distribution of public school books." This increases the required number of school book depositories in the counties to between six and twenty in place of between one and six. To Committee on Education.

SECOND AND THIRD READINGS.

S. B. 53. By Milton, of Stanly: Prohibiting hunting in Stanly county without consent of land owners under penalty of fine of from $5 to $25, imprisonment not exceeding 30 days. Engrossed and sent to the House.

S. B. 3. By Norris, of Wake: To amend the charter of the United Mutual Insurance Company, by dropping the word "Mutual" from the name of the company. Engrossed and sent to the House.

BILLS RATIFIED.

The following bills were announced as having been ratified.

H. B. 14, S. B. 29: For the repeal of the act providing for a bond issue of $80,000 for public roads in Granville county.

H. B. 16, S. B. 31: For the relief of Lena Lee Ellis, of Granville, paying her $17.50 for salary as public school teacher, for work done when no funds were in hand for it.

With the announcement that there would be a meeting of the Senate Judiciary Committee at 3:30 in the Supreme court building, the Senate adjourned at 11:22 until today at 11 o'clock.

KILLED HIS OWN FATHER

But the Old Man Who Has High Temper, Attacked Him.

(Watauga Democrat.)

On Sunday night last Hiram Warren, of Zionville, returned to his home in a rage and demanded of his 18-year-old son, who had retired for the night, that he give him his pistol. The son raised up in the bed and told him that he had none, whereupon Warren struck him and grasped him by the throat and began to choke him. Young Warren drew his pistol and fired on his father three times, all of the balls taking effect in the right side, from the effects of which he died on Monday. The young man went and surrendered to an officer and is now in jail here awaiting his trial for the fearful crime. We are told that there has been hot blood between the father and son for some time. Hiram, it is said, was a man of fearfully high temper, and will be remembered as the man who killed Roby Thomas near Trade, Tenn., some years ago.

The best at one-half price

It takes five of the ordinary "quarts" to make a gallon, but a HAYNER QUART is a full quart, an honest quart of 32 ounces, four to the gallon. Now, you pay your dealer at least $1.25 a bottle for whiskey that cannot possibly be any better than HAYNER, if as good, or $6.25 a gallon. If you buy HAYNER WHISKEY you save at least $3.05 on every gallon. We sell two gallons for about the same as you pay for one gallon of probably poorer whiskey. Just think that over and remember that HAYNER WHISKEY goes direct from our distillery to you, carries a UNITED STATES REGISTERED DISTILLER'S GUARANTEE of PURITY and AGE and saves you the dealers' enormous profits. That's why it's so good and so cheap. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.
