

IT WAS PULL DICK AND PULL DEVIL

University and A. & M. 6 to 6 at Football.

IN DOUBT TO END

Large Crowd Witnesses the Clean Struggle Between Brain and Brawn of Rival State Institutions-- Football "Special" That Stalled in the Woods.

BY R. L. GRAY.
Chapel Hill, N. C., Nov. 16.—With a final score of six to six the game between the University and the A. & M. College foot-ball teams here this afternoon caused the "Varsity" to scratch an embarrassed head and the "farmers" to jubilate over a victory that scarcely lacked completion.

If explanation be needed, it may be said that the University's line from right guard to right end was lamentably weak during fifteen minutes of the first half in which A. & M. made repeated gains on the right side of the line, which resulted in a touchdown and goal.

University, in the early stage of the game seemed totally unable to hold A. & M. on their tandem and tackle plays through the right end of their line. In the second half the University's work was better in this particular but gains were still made by A. & M. almost at will.

A pretty game of foot-ball from the standpoint of the spectator was marred by fumbling on both sides that have caused a tyro back on the academy team to blush for shame. The "Varsity" players appeared to be possessed with an over-confidence that was tinged with fear; and the A. & M. boys, hoping for the best, neglected their play to be spoiled by the over-care of anxiety.

Manifest blunders were made by the University, as when in the first half when they were on the 15-yard line of the A. & M., Jacobs dropped back for a try at goal instead of rushing for distance; and in delaying, in the second half the end plays which made ground rapidly and too near the close of the game to win.

On line bucking the University was fine and vigorous, and the A. & M. very effective over the right side of their opponent's line, which they early marked as a soft spot. At the end of the game, the University made repeated gains around either end which showed that if they had adopted that style of play earlier, they would have won, the ball at the end of second half having been carried to A. & M.'s 12 yard line on repeated rains around the ends, that style of attack having been seriously undertaken by the "Varsity" less than a minute before time was up.

The team showed up in the whole exceptionally strong in defense and was finely run by quarter back, Sadler, who found the weak point between right guard and tackle and hammered it to the Queen's taste.

the return being in strong contrast to the anticipation of the start.

The Game in Detail.

Game was called at 2:30 o'clock on the University field, which is level, and of a hard half-sandy, half-clayey soil. The park is fenced and the surrounding woods are well kept for a contest of gladiators that was witnessed by at least a thousand people.

The officials were Doggie Trenchard, famous Princeton end, who acted as umpire, and M. J. Thompson, of Georgetown, referee. There was never a better ordered game than this, and absolutely no kicking. Both teams were penalized at times, but in every instance rightly and with a refreshing promptness.

At the beginning it looked like a University walk-over. Robson kicked off for N. C. for 25 yards, A. & M. tried the line for no gain and lost the ball on a fumble. University made 9 yards through right tackle, 15 yards by Bear through right tackle, Newton 5 yards through left guard, and Webber was "hiked" through the line for a touchdown, Barrie kicking goal—score University 6, A. & M. 0. Time 40 seconds.

While the University rosters went into spots of sand, Robson kicked off to A. & M.'s five yard line. The ball was received by Abernethy, who ran back 10 yards. The A. & M. failed to gain and Wilson tried a kick for 15 yards. It was University's ball on their 25 yard line. Newton "hiked" for 2 1-2 yards. While the crowd gasped, the ball flew through the air for a fumble, but was recovered by University. Newton went around right end for seven yards. Bear, 3 yards through centre. Story through line for 6 yards. Webber, 3 yards through left guard. The ball was recovered by Barrie. With the ball on A. & M.'s 15 yard line Jacobs dropped back for a kick for goal but Stewart made a high pass and H. Baer was "hiked" through the line for 15 yards. Wilson dropped back kicking to University's 15 yard line. Jacobs kicked for 2 yards. Wilson kicked for 4 yards. Wilson pulled him through by main force. Wilson went over for touchdown. Sykes kicking goal—score University 6, A. & M. 0.

Webber made 1 1-2 yards. Jacobs kicked 20 yards and the first half was up. Score six to six.

The Second Half.

The second half brought no score. It was distinguished by three plays. Wilson, for A. & M., made a beautiful run, getting clear of his field, but was tackled by Jacobs after 20 yards. Wilson jumped viciously and landing his feet in Jacobs's breast.

Exciting Play.

The game, particularly during the last half, was of the most exciting description. The teams swayed over the field first one and then the other in a striking manner. Neither side could score, however. It was a fine exhibition of educated brain and muscle. The crowd went wild with a sense that was consistent. It was "bull dick, pull devil" throughout.

ONE BANDIT CAPTURED.

Believed to be the Man Who Killed Cashier Middaugh.

(By the Associated Press.)
Omaha, Neb., Nov. 16.—A special from Cheyenne says the robbers who held up and killed Cashier Middaugh of the Cody National Bank, and made their escape with a considerable sum of money have been captured in Northern Wyoming. No details have yet been received.

Kansas City, Mo., Nov. 16.—A special to the Times from Cody, says, according to news received by telephone from Thermopolis, only one man has been captured. This was the larger of the two men who robbed the Thermopolis saloon. The captured man appears to fill the description of the one who shot Middaugh in the attempted bank robbery in Cody. The capture was made about three and a quarter miles above the mouth of the Snake in the Big Horn valley a few miles from Thermopolis.

The three rode cautiously upon the ruffian and succeeded in getting a drop on him before he was captured. They were landed at the Portsmouth, N. C. life saving station, where they are being cared for. The house boat is a total wreck, going to pieces shortly after it was partially submerged. Captain Hutchins is a Washington newspaper man.

Wethersfield, Conn., Nov. 17.—(Thursday)—Joseph Watson, the 19 year old colored boy who murdered Henry Osborn, of Hartford, last August, paid the penalty for his crime this morning when he was put to death by hanging on the gallows in the State prison. The drop was sprung at 12:09 and at 12:15 Dr. Fox, the prison physician, declared him dead. The reflect muscular action shown by Watson after the drop was sprung, was remarkable. While suspended in the air, and apparently after his neck had been broken, clasped his hands then drew them apart, and finally set his feet to his side. Some weeks ago while in Marquette, Mich., trying a law case, Col. Breckinridge contracted a severe cold, and upon his return to Lexington contracted the second attack of illness of his life. He had never fully recovered from that illness and had attended to little business, though going to his office in the morning for the past week. He was stricken with paralysis. His stenographer hurriedly summoned his son, Desha Breckinridge and physicians. They worked through the night, but were unable to give consideration to his condition serious, but not immediately critical. Should he suffer another paralytic stroke, however, it is feared the result would prove fatal.

A Rear End Collision in Which Three People are Killed.

The collision occurred at Elmdale Junction, twenty-two miles east of Grand Rapids. Both trains were east-bound, number six for Detroit and No. 34 for Saginaw. The Saginaw train had preceded the Detroit train out of Grand Rapids by a few minutes and was standing on a "Y" at Elmdale, where the Saginaw division branches off from the Detroit division. Through some mistake the switch was not turned behind the Saginaw train, and the Detroit train also ran upon the "Y," the engine of the Detroit train crashing into the rear of the parlor car of the Saginaw train.

THE NORTH SEA INCIDENT.

Report from an Alarmist Whose Statements are Little Credited.

(By the Associated Press.)
London, Nov. 17.—(Thursday)—The Daily Telegraph's St. Petersburg correspondent who throughout has taken somewhat alarmist views regarding the outcome of the North Sea dispute, in a telegram printed this morning asserts that the admiralty has gained an ascendancy which compels the Foreign Office to repudiate its agreement with Great Britain and that Count Benckendorff, Russ an Ambassador to Great Britain, will be made the scapegoat and probably will be recalled. Meaning, he adds, the negotiations are at a standstill and the matter will be referred to the Emperor.

INDIGESTION

One of the Best Yet.

About two years ago I was taken with an incessant aching and burning of the stomach, which produced inflammation. Nothing would stay on my stomach, neither food, milk, or even water. I would vomit everything almost as soon as I would swallow it. Finally I got so weakened down I had to take my bed, and my condition grew violent attacks of colic. Three doctors treated me and pronounced my trouble indigestion. Their treatment did me no good whatever. Everything I swallowed disagreed with me, and I could not retain a thing I ate. Finally a friend begged me to try Mrs. Person's Remedy, and I was willing to try anything.

On the third dose I knew it agreed with me and was doing me good. In a week's time I could retain light diet like crackers, milk and rice. At that time I have been confined to my bed seven weeks, and was not able to sit up at all. In a month's time I could eat anything I wanted, ham, cabbage, my stomach, neither food, milk, or even water. I would vomit everything almost as soon as I would swallow it. Finally I got so weakened down I had to take my bed, and my condition grew violent attacks of colic. Three doctors treated me and pronounced my trouble indigestion. Their treatment did me no good whatever. Everything I swallowed disagreed with me, and I could not retain a thing I ate.
