The Campus Deserted for the Summer.

AS TO A COURT HOUSE

the Proposition, in Which the

New Hotel Matter is Involved -Coming Convention of

Rural Carriers.

(Special to News and Observer.) Durham, N. C., June 6 .- As an afthe trains were crowded today with the visitors, students and some members of the faculty who were getting off home. Many left during the night but this morning and again this afternoon the trains were crowded. Most of the students have left the college and the campus now has a deserted look. It will be several days, however, before all have left for their homes and the members of the faculty, or rather most of the members,

will be here some little time. A few will spend the summer here. The annual meeting of the State Association of Rural Mail Carriers will convene here on July 3 and 4. A representative from every county in the State is expected to attend this meeting. The local rural carriers are arranging to give the visiting men a royal good time. There will be several addresses delivered at the business meeting and then the visitors will ven a trolly ride over the city there will be some thing on the order of a barbecue, and everything possible will be done to make the trip an enjoyable and very profitable one. The county commissioners are still talking over the matter of building a new court house and get away from the present site and present building. This has been talked for some time and the last Legislature gave the comsioners power to purchase a new site and erect another building. If this is done it will be an elegant tructure. There is talk now that the which is immediately n front of the union station, should be used on

which to build a modern hotel. Since the burning of the Carrolina the city has been in a bad way for hotel accommodations. There is no doubt that in a short while the move for a new hotel will be fully developed and the work started. In the meantime there is great demand for the moving of the court house, the in order to get away from the noise of Main street and the railroads and also for the purpose of getting a court house that will be more in keeping with the demands of the time.

The commissioners devoted some time to the consideration of this and since then the board has been revising the jury list of the county. The board will not adjourn until tomorrow.

The remains of Mrs. Emma Turner, 66 years of age, who died at her home on Seeman street, were taken to Little River church, Orange county, today for interment. The trip was made through the country, this being twenty-two miles from Durham. Mr. A. P. Faucette, one of Dur-

ham's old and highly honored citizens, died at his home on Dowd street during last night. The funeral took place from the home this afternoon and the burial followed in Maplewood cemetery. Mr. Faucette had been a sufferer from paralysis and other complications for several years, and for weeks his death had been expected. He left a wife and three children. Mr. Faucette had been deputy sheriff here, in the past, was for a long time United States commissioner, and held other positions of trust and honor.

WITH CHAINS CLANKING. Convict Makes His Escape With

Asheville, N. C., June 6 .- A convict guard here today reports the daring escape of Herbert Gaddis, from the county convict gang several miles from the city, late yesterday afternoon. The convicts had just quit work for the day, when Gaddis darted out from under the guns of the guard and started on a run for a creek and laurel thicket, with double chains a-clanking. The guards fired but Gaddis continued to run. At the bank of the creek the guards fired twice and Gaddis yelled and tumbled in, the guards thinking they had killed the escaping convict. h ried to the creek to pick up the "remains." They found, instead of the remains, Gaddis going through the laurel thicket. He sucvithout warning an hour earlier. He ceeded in making his escape.
