

ADMINISTRATION FORCES WORRIED Cannon Movement Started in the 8th. District KITCHIN'S POSITION

He Has Burned Bridges Behind Him, and Suggestions As to Other Moves Get No Credence in Washington—Chairman Oates' Call. T. P. Overman Nominated. By THOMAS J. FENCE. Washington, D. C., Feb. 13.—Assistant Postmaster General, Hitchcock, the new southern manager of the Taft campaign, who is quitting the government service to promote the cause of the administration's presidential candidate, spent more than an hour today in conference with the President. It is well understood here the administration forces are worried over the situation of the Southern States. The prospect of contesting delegations in all the Southern States has just begun to dawn upon the Taft forces. That there will be anti-administration delegates to the National Convention from every Southern State, is admitted on all sides.

Cannon Boom Started in the 8th District. News reached here today of a strong movement in North Carolina to elect delegates favorable to the nomination of Speaker Cannon. The fight is to be inaugurated in the 8th district, and will be extended to the other districts in the State. Most of leading Republicans in the 8th district have enlisted in the movement. The plan of campaign was formulated by one of the speaker's trusted lieutenants, who visited the State some ten days ago, going from this city. With the old Blackburn following as a nucleus the Cannon people have aligned with the ex-Congressman Linney, Solicitor Mose Harshaw, Chas. Cowie and Clint Wagoner. Although Wagoner is a son-in-law of Collector Brown, he has no love for the administration. No man ever received worse treatment at the hands of the President than he. After unreservedly promising him the collectorship Mr. Roosevelt ignored this pledge, for the simple purpose of embarrassing ex-Representative Blackburn. In addition to this combination, John Randeman, of Salisbury, who is for the nomination of Vice-President Fairbanks, will line up with the Cannon forces to prevent the selection of the Taft delegates. The moral support of Republicans like ex-Judge Bynum and Tyre Glenn will also be felt in the 8th district contest in opposition to the organization forces. Present indications are that the fight for delegates to the Republican National Convention in the 8th district will be one of the most spectacular in the entire South.

No Credence Given to the Suggestion. Members of the North Carolina delegation were very much interested today in the letter written by Representative W. W. Kitchin, in which he asked that the Fifth Congressional District Convention be held after the Democratic State Convention. The suggestion that Mr. Kitchin wrote this letter with the view of capturing the nomination for Congress in the event he fails of the gubernatorial job, received no credence here. People who talked with the Congressman from the Fifth district have been impressed with the fact that he has every confidence in the successful outcome of his candidacy. He is expected to return to the State to feel this way, and the same thing is probably true of the state of mind of the other gentlemen in the race. Mr. Kitchin has burned his Congressional bridges behind him, and it is only just to insist on their collapse. Mr. Kitchin went to the State Saturday and has not returned to the city. He is expected back tomorrow. Representative Claude Kitchin is also at home.

That P. Overman Nominated. The President sent to the Senate the nomination of Thomas P. Overman, the assistant postmaster at Elizabeth City, to succeed J. M. McKelins as postmaster at that place. Other presidential postoffice nominations were those of Thomas B. Smith, at Rutherfordton, and A. D. Faddison at Burgaw.

Midshipman Appointed. Representative Page has appointed E. Hudson, of Monroe, a midshipman at Annapolis. Chairman Oates' Call on Delegation. The senators and members of the North Carolina delegation have been invited by President Oates, of the Temperance League, to take part in the prohibition campaign in the State. All the members of the delegation are in favor of prohibition and will exercise the right of suffrage in election in May but they doubt the wisdom of abandoning their duties here to take part in the campaign. Last year the Republicans passed a partisan measure by one majority as the result of the absence of a score of Democrats at home and the absentees were very generally criticized by their colleagues. If the presence of members of the delegation should be regarded as necessary in the campaign undoubtedly they would volunteer.

STATE GUARDS OUT To Prevent Lynching at Plymouth

Town Constable Shot by Negro Infringes the Citizens—Governor Glenn Last Night Gave Permission to Call Out Troops.

Governor Glenn last night received an urgent telegram from the sheriff of Washington county asking permission to call out the militia to protect a negro from lynching by an infuriated citizenry. The negro had shot the town constable. The telegram to the Governor, by Sheriff W. J. Jackson, dated Plymouth, was as follows: "Grave danger of lynching caused by negro shooting town constable. Please put National Guard, marine corps, here at my disposal. Wire at once."

Governor Glenn's answer was as follows: "Order out State militia subject to your commands. Convey prisoner to place of safety. Allow no lynching."

SENATORS SCARED. Investigation to Find Who Received the \$150,000 of the Liquor Men. Detectives Employed by Anti-Saloon League.

(By the Associated Press.) Charleston, S. C., Feb. 13.—The Senate committee appointed to investigate who received the \$150,000 fund alleged to have been raised by the liquor interests to defeat the pending prohibition amendment, held a meeting today behind closed doors to hear what President Alford, of the Anti-Saloon League had to divulge. Senators are more agitated over rumors that the Anti-Saloon League has employed detectives to shadow members of that body. Senator Campbell introduced a resolution which was unanimously adopted providing for an investigation of the rumor. Senator Miller made an unsuccessful attempt to amend the prohibition measure by tacking on an amendment against the manufacture of cigars and cigarettes, but it was declared not germane. The prohibition amendment was passed to its third reading by the Senate today, and will come up for a vote on its passage tomorrow.

COTTON EXCHANGE TO FIGHT. Frye Bill Introduced in United States Senate.

(By the Associated Press.) New Orleans, La., Feb. 13.—Steps were taken here today to inaugurate a fight against the passage of the Frye bill, introduced in the United States Senate when the New Orleans Cotton Exchange ordered a meeting for the purpose of passing resolutions in opposition to the measure. It is claimed by opponents of the bill that it seeks to drive out foreign ships from the trade between the United States and the isthmus of Panama, and as foreign ships are practically the only ones in the trade between the isthmus and the ports of the South, it will work a great hardship to this section of the country as well as to the entire Mississippi Valley and contiguous territory.

TO ASHEVILLE FOR SAFE KEEPING

Randall is Hurried Out of Madison County AND MOB MAY FOLLOW

Reported That a Band of 100 Men Had Been Selected to Storm the Jail at Marshall—Much Feeling in Madison Over Wife Murder.

(Special to News and Observer.) Asheville, N. C., Feb. 13.—Sheriff Cole and Deputy Sheriff Springle, of Madison county, arrived here this evening on train No. 13, bringing with them John Randall, charged with the cruel murder of his wife several days ago. Randall was brought here for safe-keeping. He is, however, apparently indifferent to the crime charged against him and seems to have no fear. Sheriff Cole brought his prisoner to Asheville to prevent a lynching. The sheriff stated tonight that he had been reliably informed that as quick as the excitement died down in Madison, a band of one hundred men had been selected to storm the jail and take Randall out and lynch him. It was for the purpose of frustrating this plan that Sheriff Cole this evening hurried his prisoner off to Asheville.

It is rumored tonight that even the Asheville jail is not considered safe and that in a probable Randall will be taken away tonight or tomorrow and removed to Waynesville or some other safe jail. The feeling in Madison county against Randall is growing worse every day and much excitement is being created. Randall all over the county as a result of the brutal murder of Mrs. Randall by her husband. On the way to Asheville Randall talked about business affairs but admitted that he was in great trouble that "the loss of his old woman" (meaning his wife, whom he killed), was causing him uneasiness. It is almost certain that if Randall remained in Marshall jail he would be lynched.

SOUTHERN TRIP CERTAIN. Basketball Team Will Make a Tour—Mr. C. M. Davis Dead.

(Special to News and Observer.) Wake Forest, N. C., Feb. 13.—J. R. Crozier, athletic director, received a telegram this morning from Atlanta, Ga., making certain a Southern trip for the Wake Forest College basketball team. The team will leave here on the sixteenth of this month, making the first stop at Asheville, where a game will be played with the Y. M. C. A. team of that city on the 17th, and on the 18th with the Asheville Farm School. From there the team goes to Atlanta, playing the Y. M. C. A. of that city on the 19th. The game will take place at Columbus with the University of Georgia on the 20th, followed by a game with the Alabama Polytechnic Institute at Auburn, Ala., on the 21st. Director Crozier is seeking to perfect arrangements for a game with the Birmingham Athletic Club in his home town on the 22nd. This completes one of the most extended trips ever taken by a Southern college basketball team. The team is in excellent shape and Mr. Crozier is confident that the team will sustain its present high record. It is said that Georgetown University claims the basketball championship of the South. The team defeated William and Mary's College, which was up until that time the champion of Virginia for the two years preceding. It is not known under what conditions she claims the Southern championship, but Mr. Crozier, coach of the Wake Forest team, challenges Georgetown to prove who is who in the Southern basketball. The Wake Forest team enjoys the record of an unbroken series of victories covering the past two years.

Mr. Charles Manley Davis passed away last evening at his home just north of the campus, after an illness of only a few days. Mr. Davis was a Confederate veteran and a member of the Baptist church since before the war. He is survived by a wife, one son now residing in Texas, and two daughters. The funeral services were held this evening at 4 o'clock. Dr. William Royall conducting the services. The interment took place in the Wake Forest cemetery.

Shaw's Bond Increased. (Special to News and Observer.) Wilson, N. C., Feb. 13.—W. D. Shaw, the printer in Rocky Mount, who a short while ago attempted the life of his wife by shooting her in the head three times, and who was at the time locked up in default of a five hundred dollar bond, had a preliminary hearing yesterday morning before Judge W. L. Thorp, at Rocky Mount, when only the question of bond was argued by counsel for both prosecution and defense. Mr. E. B. Grantham represented the prosecution, and Mr. T. T. Thorne the defendant. The case has attracted much attention and speculation, and is still shrouded in mystery, inasmuch as contradictory statements are made by Mrs. Shaw and the defendant.

Judge Shaw deemed the case of sufficient gravity as to increase the bond to seven hundred and fifty dollars. Mrs. Shaw, it is thought, will recover. The defendant is originally from Fayetteville, and his brother went to his assistance. Major Vance on Retired List. Major Zebulon B. Vance, Fifth Infantry, who was declared by an army examining board incapable for active service owing to his failure to write, and the President's horsemanship test, was placed on the retired list of the army today.

Major Vance, who is a son of the late Senator Vance, was appointed to the army in 1876 and is but 45 years old.

An American Sent to British Prison

Arthur Hynes, With Many Aliases, Sentenced to Prison for Seven Years for Bigamy—Was Known and Married in St. Louis.

(By the Associated Press.) Bristol, England, Feb. 13.—Arthur Hynes, the man with many aliases, who has been on trial here—charged with bigamy and fraud in connection with matrimonial advertisements, was today sentenced to seven years imprisonment on the bigamy count, and to five years for fraud, these sentences to run concurrently. Hynes pleaded guilty to both charges. Hynes is a dentist who has an American diploma. He is believed by many persons to be identical with George A. Witthoff or A. C. Bessemer or A. S. Weston who several years ago married several women in America and then disappeared after having secured various sums of money from them. Witthoff left the United States in the summer of 1905 and search for him was immediately begun after he was finally arrested in England last month. He is said to have lived in Baltimore, Chicago, St. Louis and elsewhere and to have married women wherever he went. Known and Married in St. Louis. TROOPS BY SLEDS

Ordered to Preserve Order During Miners Strike in Alaska

(By the Associated Press.) Washington, D. C., Feb. 13.—By direction of the President, Acting Secretary Oliver today ordered a company of infantry from Fort Gibson in Alaska to Fairbanks in that territory to preserve order during the mining strike in that section. This action was taken upon representation from the United States Court in Alaska to the Attorney-General that the presence of Federal troops was needed. Attorney-General Bonaparte promptly brought the matter to the attention of the President and by his instruction afterwards consulted with Acting Secretary Oliver. Meetings are being held by the striking miners, and that threats of violence have been made. The marshal has been directed by the Attorney-General to use all the force at his command to arrest law-breakers and to prevent intimidation. The striking miners have picketed the trail between Valdez and Fairbanks. Most of the newly arrived laborers are Russians.

MOST EFFECTIVE.

Neglect of even an ordinary cough or cold is apt to leave the lungs sore and especially susceptible to bronchial affections. To break up a cold quickly and cure any cough that is curable there is nothing more effective than a mixture of one-half ounce of Virgin Oil of Pine, with two ounces of glycerine and a half pint of good whiskey. Take a teaspoonful every four hours. Five ounces of tincture Cinchona compound can be used instead of whiskey with the same result. The ingredients for this mixture are not expensive and can be purchased at any good drug store. It will always be found more satisfactory, however, to purchase each separately and mix them at home. Virgin Oil of Pine is a pure compound, guaranteed by the manufacturer under the Food and Drug Act, Serial No. 451, and is prepared only in the laboratories of the Leach Chemical Co., Cincinnati, O., being put up, dispensing only in half-ounce vials, each vial securely sealed in a round wooden case.

SOME REPUBLICANS MEET.

Cannot Agree Upon Constitution and By-Laws. Some of those who were out last week and a few Republicans who had not attended the initial secret meeting of the "Young Men's Republican Club" were out last night at the secret meeting and adjourned after seven hours of talking, and failing to agree upon a Constitution and by-laws. Mr. John Allen, it was said, was elected secretary, and a committee, composed of some of the officers, President W. J. Andrews, Vice-President C. L. Sikes and Postmaster Willis G. Briggs, was appointed to find somewhere in the city a place where the "club" can meet.

There were many speeches made, a superfluity of talk, but nothing was done. A meeting will be held in Salisbury either today or tomorrow, it was said, to find a man who is willing to accept money for attempting to organize "clubs" in towns in North Carolina. Directly after adjournment Mr. Sikes, the vice-president, went to see the correspondent of the Republican paper.

Leading Business Man of Greensboro Urges the Selection as Attorney General to Lead Fight to End Discrimination Against North Carolinians.

To the Business Men of North Carolina: The Legislature has adjourned and I believe the consensus of opinion is that it was a wise and patriotic body of men, and even those who reviled it last year as being radical and fanatical have concluded that after all has been said and done that possibly the Legislature of 1908 was perhaps the most representative body that has assembled in Raleigh since the war, and that the consequence of their actions have been more far reaching and beneficial in building up the interests of the State. It is true the agitation of passenger rates caused some uneasiness as to the outcome but as that has been amicably adjusted to the satisfaction of all concerned, it happily need not bother in the future adjustment of what has always been the matter of chief concern to the business interest of the State, namely, the equalization and corrections of the inequalities of freight rates, and the discriminations against North Carolina in the transportation of her great material interest, both intra and interstate. That this should be done, I believe every one concedes but a part of the railroad people themselves, but this is no new awakening. It was left by the Legislature of 1908 to take the first step towards correcting this inequality, and it behooves the business interest of the State to see that this matter is continued until proper relief is granted. The State has appropriated a sum to aid in pressing this claim, but it is necessary that the State be further fortified by furnishing it with the ablest talent to be had in pressing its claim. No novice can do this; time, effort, labor talent, patience and persistence are necessary to fit one for this duty and in addition to the ability to know and the determination to persist until the State is fairly treated in the freight haulage.

This brings to the front this inquiry: Who is to do it and where is the man qualified to fill this position? The answer is: The Attorney General of the State is the proper and only man who should do it, and in my humble judgment it is far more important to the business interests of North Carolina as to who will be our next Attorney General than it is as to who will be Governor. The answer to the second inquiry, Hon. Edward J. Justice, Speaker of the House of Representatives of 1907. He, in my judgment, is by far better qualified and equipped for this work than any man in the State; honest, wise, conservative, able and true. His absolute consistency in all the delicate and difficult legislation of the last year marks him as pre-eminently fitted to stand up for the people's interest in any cause that may arise.

I have never spoken to him about the matter, nor do I know that he would be willing to make the pecuniary sacrifice which he would have to make to serve in this capacity, but he is patriotic, and I believe the business interest of the State ought to insist upon his taking the office as the man of the hour.
