Serious Charge Against Young Raleigh Negro

Told People That Some One had Shot at His Father Through the Window and Bullet Entered Back While Asleep in Bed.

Under suspicion of shooting his father in the back while the man was asleep in bed, John Evans, a young negro, was arrested yesterday and is now in the city guard house.

Gus Evans is the father, a negro who works for the Raleigh Electric Company. The news that he was shot at his home, near the colored Deaf, Dumb and Blind School early Sunday morning, was told at the Bobbitt-Wynne drug store by John Evans ,the son, who came in search of a doctor. The boy said some one shot in the window at his father, who was in bed; that there were three pistol shots and that one bullet had gone in his father's back while he slept.

Gus Evans was reported as being in a critical condition last night, and there is little hope for his recovery. It has not been given out the reason for the boy's arrest, but the rumor is that he is charged with shooting his ernor. father, being angry because his father had whipped his mother, while still another report is that Gus Evans had some life insurance and it was to get tinued: "The thing now is to roll up at this that the shooting was done. It is reported that father and son had a difficulty Saturday morning, and a loser, but he lost magnificently and the shooting in the early hours of Sunday morning has, put the boy sporting parlance "he is a game loser" under suspicion.
