WILSON AND ROCKY MOUNT GAME BROKEN UP BY RAIN

(Special to News and Observer.) Rocky Mount, N. C., June 17-What looked to be a game going for extra innings was broken up in the seventh this afternoon by rain. After the Wilson team had received their part of that session and the Rocky Mount team were in the bat, both teams were on their toes and when Umpire Carter called time it did not look as though it was anybody's game. Lane was in the firing pit for the Tobacconists and pitched superb ball and his fielding of his position was of the bigger league varity. Smith toed the slab for the crew and he was as steady as a clock and with men on bases wouldn't yield anything for a score. Lane did not yield in his six innings while Smith let two, one of which was for an extra base, but he fanned the succeeding batsmen both times and made the other one pop out.

----CHINESE RATLWAY American Capitalists Wift Be Allowed

to Participate. Washington, D. C., June 16 .- Events

are so shaping themselves in the matter of the proposed loan of \$27,500,000 on the Hanowk-szhe-schun Chinese Railway as to make the State Department hopeful that American group of bankers anxious to participate will be allowed to do so.

Today a cablegram came to the deartment saying that the agents European bankers at Peking had advised their principals to permit the New Yorkers to join and a despatch from Berlin also was received which caused the officials to state that the administration was much gratified at the cordial reception which he German government had given to the

proposals for American participation. The attitude of the German government in the matter throughout has been extremly agreeable to Washington officials. She was not aware, it appears, previously to the initiating of the loan in Peking on June 6 of the prior claims of the United States arising out of the promises made to Minister Conger in 1904. Germany accordingly has been notified of the intention of American financiers to participate in the project. Negotiations with Paris and London are still going on through the foreign offices. It is expected that the American interests will be given an equal share of the loan with the French, German and English groups.
