NEGRO BROUGHT BAGK FROM OHIO

Negro is Implicated in the Holt Murder

EDITOR MADDOY IS DEAD

His Death Came With Most Unaccountable Suddenness—Was at Work All Day Wednesday—A Popular and Useful Citizen—Other Rems of Interest.

(Special to News and Observer.) Durham, N. C., June 25.—Sheriff Harward reached here tonight from Columbus, Ohio, where he went Tuesday for Solomon Shepard, the negro man confessed to a complicity in the murder of Engineer Holt. There isn't any doubt now that Shepard was at least an accessory to the assassination of the engineer. From the authorities who have heard the strange talk, there has been much knowledge of the negro's conduct here and there is no longer doubt that he was seen that night at twelve o'clock with the shotgun by his side, that he stepped at a colored man's house and left the gun there. One of the three shells of peculiar color, was fired at the engineer. The weapon that wrought death has been found, his picture was in the clothes, and every circumstance that counts is against him. There is no possible escape from the circumstances dug up by the officers. The "white" man in the case has not yet been disclosed by the negro. It is the belief of the experts that there is no other man in the case. There were found tracks of only one man. The negro's girl at Effland, nineteen miles away, has been found, and it was in pursuit of his sweetheart that he came to beat the train and to be kicked off. Shepard hasn't a long criminal record.

At a meeting of the stockholders of the First National Bank today, that the directors proposed to increase from 4 per cent semi-annually to five, thus putting that stock upon the 10 per cent basis.

The directors set apart three per cent to surplus account and had this done at a time when without interfering with the great increase in the money. This is General Carr's bank which he has advertised so widely in the State and has fairly won its right to be called "the people's bank."

Death of Editor Maddoy. A shock, amounting to a gloom, was cast upon the community this afternoon when the news was conveyed to the city that Coroner J. Frank Maddoy had died at 7:30.

Mr. Maddoy's death came with unaccountable suddenness. He was at work all day Wednesday, though ill. Yesterday he was unable to be up, and had his work done by a stenographer. He was a man of quiet, unassuming character, but his business provision is made to safeguard them against wrongful use of data obtained for the purpose of assessing the tax. Penalties are provided in case of false or fraudulent returns.

Practically every character of incorporated institution organized for profit is brought within the provisions of the corporation tax. The provision defining the concerns from which the tax will be levied is as follows: That every corporation, joint stock company or association, organized for profit, and having a capital stock represented by shares, and every insurance company, now or hereafter organized under the laws of the United States or of any State or Territory of the United States or in Alaska or in the District of Columbia, shall be subject to pay annually a special excise tax with respect to the carrying on or doing business by such corporation, joint stock company or association.

"LEMON" FOR STATESVILLE

SOUTHERN RAILWAY OFFICIALS SAY REQUEST FOR NEW DEPOT CANNOT BE GRANTED.

(Special to News and Observer.) Statesville, N. C., June 25.—The Southern Railway Company "hands Statesville a lemon" in the shape of a letter from Mr. C. H. Ackert, vice-president and general manager of the Southern, regarding the building of a new passenger station at Statesville which is sorely needed. Statesville began an active fight for a new station several months ago and about two months ago Mr. Ackert and other officials of the road visited Statesville and heard the complaints, which they practically admitted were all just and right. On leaving Statesville Mr. Ackert promised a definite answer within sixty days.

Mayor Grier is in receipt of a letter which states that the railway is unable to do anything in the matter at present. The people will appeal to the Corporation Commission.

SENATE HAD NO ACTIVE WORK DAY

Expect to Clean the Deck by Tonight

CORPORATION TAX MONDAY

Harness, Scrap Iron, Monasite Sand, Theorite, Etc., Linoleum, Oil Cloth, Oil Schedules Considered—The Principal Debate Was On Petroleum.

(By the Associated Press.) Washington, D. C., June 25.—This was another of the Senate's active working days and by the time the Senate closed at 7 o'clock so many schedules had been considered and disposed of that Mr. Aldrich freely predicted that by tomorrow night all of them would be out of the way, leaving the Senate free to begin consideration of the corporation tax and income tax amendments at the commencement of proceedings next week and to follow these with the administrative features of the bill.

COMPLETE SEPARATION AND \$36,000 PER YEAR

ALLOWED KATHARINE GOULD BY COURT IN SUIT WHICH TERMINATED YESTERDAY.

Decision Considered a Sweeping and Complete Vindication of Mrs. Gould. Will Go to Virginia for a Long Rest.

(By the Associated Press.) New York, June 25.—After a trial which lasted nearly three weeks Katharine Clemmens-Gould obtained a legal separation from her husband, Howard Gould, third son of the late Jay Gould, by a decision of Justice Dowling in the Supreme Court today. With the exception of alimony her victory was complete, but in this phase of the case the court decided that \$36,000 a year was sufficient, although in her suit Mrs. Gould asked for \$250,000. She has been receiving \$25,000 a year from Mr. Gould, so that the amount fixed by the court is but a slight increase compared with the amount sued for.

It was in the vindication of charges of intoxication and heinous relations with Dustin Farnum, the actor, that Mrs. Gould scored most strongly, notwithstanding the long array of witnesses for Mr. Gould, who gave such testimony as to make Mrs. Gould appear at times a defendant rather than a plaintiff. The court held that the alleged "intoxication" might have been due to excitement. As to Dustin Farnum it was held that her association with him came after Mr. and Mrs. Gould separated, and as the husband apparently made no objection, it was held that she was not guilty.

Immediately after the decision Delancey Nicolli for Mr. Gould, asked for a sixty day stay of judgment and a continuance of the trial. The plaintiff was on his feet to object. He asked for an immediate judgment. Justice Dowling, compromised by making the stay thirty days. Mr. Shearn then asked for an extra allowance for counsel fees and the court gave him \$2,000. This, together with the \$18,000 allowance, recently and the original allowance of \$5,000 will bring his fees to a large circle of friends.

In Durham he was liked as generally as any man that ever lived here. He knew perhaps more people than any resident of the county, and so thoroughly had the people of the rural districts associated him with the editorial work of the newspapers that many of them would give an item to no other man. He had impressed himself upon the fraternity years ago, and to have to leave for a longer and bigger work than he ever really did.

Mr. Maddoy was thirty-seven years old. He attended college at the State University eleven years ago, and immediately leaped into the popularity that characterized him everywhere he lived. He was elected president of the largest class that had ever matriculated there and was one of the editors of the Statesville Herald, selling his interest for the purpose of going to school. The paper continued to be issued through his efforts, and he never severed connection with the journalistic work. He died in his shoes.

Mr. Maddoy leaves a wife, who was Miss Livesey, of Baltimore, whom he married in 1894. Besides her, he has a father, two brothers and a sister living after him. He has many kindred and a reputation throughout the State, and he will have scores to keep alive his life among them.

In person Frank Maddoy was good-hearted to an excessive and unselfish degree. He was as generous as energetic and no charge of unheeded distress could be laid to him. There will be few men to live here with so large a number of friends to regret his young life snuffed so early by death's untimely foot.

The funeral services have not been arranged, but will most likely be held from the Episcopal church, Sunday. There are some Baltimore relatives to come to-morrow.

Funeral of Mr. Edwards. The funeral services over the remains of Henry F. Edwards, who died last night at 9 o'clock were held from the Mangum Street Methodist church this afternoon at 2 o'clock. Rev. J. W. Fretz, of the North Durham Baptist church, and Rev. H. E. Spence, of the Methodist, officiating.

SENATOR OVERMAN WAS NOT ON ALDRICH'S TRAIL

TAR HEEL SENATOR FOUGHT FOR REDUCED RATES ON AGRICULTURAL IMPLEMENTS.

Senator from Rhode Island Defended the Schedule—Both General Carr and Mr. Tompkins Urged for Chinese Minister—Other News.

(By the Associated Press.) Washington, June 25.—Senator Overman was sharply on the trail of Senator Aldrich this afternoon during the consideration of the tariff schedule, but he was not on Aldrich's trail. The Tar Heel Senator fought for the removal of the high duties on foreign countries agricultural implements. He declared that notwithstanding the fact that the tariff schedule is a heavy one, it is not as heavy as the tariff schedule of the United States, and that it should be reduced to the same level as the tariff schedule of the United States.

Senator Overman carried his contention straight home when he recalled a speech by Senator Hansborough, of North Dakota, made on the floor of the Senate, in which he charged that the harvester trust sold reapers that cost \$48 for \$119 in this country, and disposed of the same reapers across the Canadian line for \$125. He declared that notwithstanding the fact that the tariff schedule is a heavy one, it is not as heavy as the tariff schedule of the United States, and that it should be reduced to the same level as the tariff schedule of the United States.

Senator Overman recalled that Senator Hansborough had made a statement to the Senate, especially in regard to the tariff schedule, and that he had been privileged to read this report, and that he could say it would refute the statement that the agricultural implements are sold cheaper abroad than to farmers of this country.

Senator Overman expressed a great surprise that the Senator from Rhode Island should be able to get a glimpse of this much delayed report, when the same privilege is denied to other members of the Senate. He said he had only recently asked, to be permitted to see the report and that the opportunity was denied him. He declared that he preferred to take the word of a Republican Senator made on the floor of the Senate, especially in regard to the tariff schedule, and that he had been privileged to read this report, and that he could say it would refute the statement that the agricultural implements are sold cheaper abroad than to farmers of this country.

Both General William S. Carr and D. A. Tompkins are being urged by the textile manufacturers for the Chinese mission. It is said that the President would tender the appointment to William S. Carr, but for the fact that his nomination could not be confirmed. Carrwell's record is such that the Democrats would fight his appointment to the very last. The President has not said anything to indicate that he will select a Southern man for the Chinese ambassadorship so far as can be learned here.

Representative Cowles received a letter today from a cotton mill man in North Carolina, urging the appointment of General Carr to be Chinese post. His reply was that he could not endorse a Democrat, and that he is already urging the appointment of a North Carolina Republican to a foreign position.

Phillip N. Peacock, of Salisbury, has been appointed disbursing officer for the public building at that place. The President sent to the Senate today the nomination of James B. Winters to be postmaster at Warsaw, N. C.

Winters to be postmaster at Warsaw, N. C. Representatives Grant and Moore have gone to the State.

W. Vance Brown and H. F. Seymour, of Asheville, who are interested in the mica schedule are here. The Senate has made the mica schedule the same that it is in the House bill. This is a slight reduction below the duty that prevailed in the Dingley law.

PEDDLED BOOZE IN CART

FAMILIAR OLD CHARACTER OF WILKES IN IREDELL JAIL ON RETAILING CHARGE.

(Special to News and Observer.) Statesville, June 25.—Alfred Myers a citizen of Wilkes county, is in Iredeell county jail in default of \$500 awaiting the next session of Superior Court to receive punishment at the hands of the court for retailing. He was given a preliminary hearing before Justice W. W. Turner Tuesday afternoon and admitted his guilt in one or two cases and the officers are now working up a number of other cases against him.

"Old Man Myers," as he is commonly known, has been making occasional trips to Statesville and vicinity for some time and his old story in the woods or on the public highways in the vicinity of Bloomfield, where, it is said, Myers has sold a good quantity of booze. Some time ago the officers found a gallon or two of liquor in Myers' cart and since that time he has been under suspicion. About two weeks ago he made a trip to Statesville and while here reported that ten gallons of liquor was stolen from his cart while he was camping in the woods north of town, but he refused to swear out a warrant for the party whom he says he feels sure took the liquor.

Tuesday morning Sheriff Deaton received a phone message that Myers was coming toward Statesville via the Chipley Ford road with a cart load of liquor which he was peddling out to those who cared to purchase. Mr. Deaton and Deputy Sheriff Ward left at once on horseback and met Myers and his outfit about five miles from Statesville. They placed the old retailer under arrest and on searching his cart found that it was laden with four gallons of apple brandy, which was in kegs, a lot of home-made cheese, a few bottles, and a number of funnels, tin cups, bottles, etc. By his side the old man had a shot gun, but he offered no resistance and the weapon was not brought into play. After searching the cart the officers commanded Myers to drive towards Statesville while they rode on either side of the cart. On arriving at the court house one officer took charge of the ox and cart, which is still in the possession of the sheriff, while the other took charge of the mountaineer and locked him up. Myers and his cart, with an officer riding on each side, attracted considerable attention when they drove into town.
