BOYLES NOW HAS PITCHING RECORD Pitched Two Games Lack- ing Two Innings WON FIRST, LOST SECOND

Boyles is Proving Himself to Be a Wonder in the Pitching Line--The Red Birds Support Him Admirably. Murry Features Himself for Rocky Mount.

(Special to News and Observer.)
Rocky Mount, June 25.--Today the first game of the double-header went to the Red Birds by a score of two to one, due to timely hitting and the fact that the locals could not connect when a hit was needed to score a run, though Boyles was many times in a hole and was leaped out from eight hits but only one run was netted. Clever base running by the visitors and never dying until the last man was down caused their run getting and made the game break in their favor. Thorpe was on the mound and pitched a game that would have meant victory for him, but support that was ragged by his team mates and the allowing of a fly to hit the ground in center when there was time to spare. Had Krebs not been disabled this afternoon by the score of 5 to 1 and 3 to 0.

The feature of the first game was Schumaker's home run. First up in the fifth inning he smote the ball to deep center for the longest hit ever seen on the home grounds, and trotted around.
Twice in this game the Tobacco-lands filled the bases, and twice did "Click" Walters, with an injured finger, let them down without a run. In the fifth inning, after Mills had gone out, pitcher to first, and Armstrong had been thrown out trying to steal, Gilmore received a pass and Anderson got a scratch hit. Suiter walked, filling the bases; but Cooper went out from short to first.
In the next chapter, after two were down, Byrd singled and Mills was safe on Streaser's error. With men on second and third Walters passed Armstrong and Gilmore died from pitcher to first. Anderson was almost invincible, allowing only two hits. A feature of both games was the pun and boyhead umpiring of Accossini.
Manager Charles Moss of the local club was released last night and W. U. Guerrant, third baseman, was appointed manager in his stead.
This action was taken by the directors owing to the fact that the team is leading the league in batting and fielding but is at the bottom of the percentage column.

Score: R. H. E.
Rocky Mount . . . 002 010 100--4 6 2
Raleigh . . . 020 100 001--1 10 2
Batteries: Smith and Walsh; Booles, Pope and Irwin. Umpire, McLaughlin. Time, 1:50. Attendance, 900.

Base Ball Raleigh vs Rocky Mount

Thursday, Friday and Saturday
June 24th, 25th and 26th

FAYETTEVILLE GETS IT TWICE YESTERDAY.

Guerrant New Manager--Anderson Inevitable While Walters is Pounded for 11.
(Special to News and Observer.)
Fayetteville, June 25.--The Tobacco-lands took two games from the Highlanders this afternoon by the score of 5 to 1 and 3 to 0.
The feature of the first game was Schumaker's home run. First up in the fifth inning he smote the ball to deep center for the longest hit ever seen on the home grounds, and trotted around.
Twice in this game the Tobacco-lands filled the bases, and twice did "Click" Walters, with an injured finger, let them down without a run. In the fifth inning, after Mills had gone out, pitcher to first, and Armstrong had been thrown out trying to steal, Gilmore received a pass and Anderson got a scratch hit. Suiter walked, filling the bases; but Cooper went out from short to first.
In the next chapter, after two were down, Byrd singled and Mills was safe on Streaser's error. With men on second and third Walters passed Armstrong and Gilmore died from pitcher to first. Anderson was almost invincible, allowing only two hits. A feature of both games was the pun and boyhead umpiring of Accossini.
Manager Charles Moss of the local club was released last night and W. U. Guerrant, third baseman, was appointed manager in his stead.
This action was taken by the directors owing to the fact that the team is leading the league in batting and fielding but is at the bottom of the percentage column.

SAILORS SEND GIANTS DOWN IN DEFEAT.

A Bunch of Two Hits and a Sacrifice in the Second Did the Trick for Wilmington.
(Special to News and Observer.)
Wilmington, June 25.--A bunch of two hits by Levy and Kite, the first for two bases, and a sacrifice by Jayes in the second inning gave to-day's game to Wilmington. Score, one to nothing. Howard, on the mound for the locals, was quite effective, keeping his six hits well scattered and receiving perfect support except last inning, when an error in throw from third to first promised a lead score, but the visitors were retired on a beautiful double of Doaks' fly to first to second. Forbes yielded only six hits for Goldsboro, but was not so fortunate in keeping them scattered.

Raleigh to Have New Pitcher.

Mr. R. D. Godwin, President of the Raleigh Athletic Club, gave out last night information to the effect that a Southpaw would be added to the Red Birds' already strong staff of pitchers.
This man is a No. 1 pitcher for he is recommended by Hoover, whom every fan in Raleigh knows and is proud of for he is one of the best third sackers known to the Eastern Carolina. The new pitcher will probably arrive Monday night.

GAMES YESTERDAY.

Table with columns: Eastern Carolina League, Carolina League, National League, American League, Southern League, South Atlantic League, and Virginia League. Lists game results.

Abbreviated Notes.

Fallenwilder will pitch to-day most likely.
All the fans are sorry to know that Hoover was hurt last Monday in Fayetteville and consequently he is under the physician's care for a week. He sprained a muscle around the heart. There is no one that could be missed more than Hoover.

Enfield Wins.

(Special to News and Observer.)
Enfield, N. C., June 25.--Enfield defeated Halifax in a slow game of ball here today. Features of the game were hitting of Barkley and pitching of Cuthrell for Enfield.
Score:
Enfield . . . 3 10 5
Halifax . . . 1 4 4
Batteries: Enfield, Cuthrell and Barkley; Halifax, Gravelly and Tuttle.

Wadesboro Wins at Union, S. C.

(Special to News and Observer.)
Wadesboro, June 25.--Wadesboro won at Union, S. C., score six to 0. Matthews and Stewart made home runs. Lowe made a sensational single-handed catch while running in left field. Batteries: Eldridge, Moore; Evans, Dunn. Eldridge allowed three hits and Evans allowed eleven. Errors: Wadesboro one, Union four. Not a single Union player reached second base.

UNIVERSITY SUMMER SCHOOL.

First of Series of Lectures Delivered By Mr. Wols.
(Special to News and Observer.)
Chapel Hill, N. C., June 25.--The first of a series of lectures to be delivered before the teachers of the University Summer School was delivered yesterday at 2:30 p. m. by Mr. A. E. Holtz, chairman of the department and a prominent figure in the educational work of the State since his graduation at the University in 1901. It is at present superintendent of the Goldsboro graduation school. His talk was greatly enjoyed by the teachers present and will prove a source of help and inspiration to them.

Other Notes.

Dr. Chas. H. Henry Smith, Professor of Chemistry in the University of North Carolina and dean of the School of Science of the University, leaves for Duluth Saturday to attend the annual meeting of the American Chemical Association.
Dr. Herty and his family will spend their vacation in Europe. They will sail from Baltimore July 7th and will land at Bremen, Germany, about the 12th. Dr. Herty and family will spend about three weeks in travel on the continent. During his stay on the continent Dr. Herty will visit several of the famous European Universities, among them Berlin, Zurich, Bern, and Bordeaux. Dr. Herty will return to Chapel Hill in the latter part of August, and will be ready to take up his work in September.
Mr. Adolph Vermont, instructor in Romance Languages at the University of North Carolina, recently left for Chicago, where he will do advanced work in Romance Languages at the

Summer Session of the University of Chicago.

Mr. J. McCauley Cowley, of Raleigh, who graduated at the University with the class of 1905, stopped over in Chapel Hill last night on his way to Chicago, where he has been attending the Southern Students' Conference of the Young Men's Christian Association. The University's delegation, of which Mr. Cowley was a member, was the largest of any college delegation. Mr. Cowley, who won the Holt medal in mathematics for 1905, has been appointed an instructor in mathematics at the University for the academic year, 1905-1906.
Some new students are registering every day, both in the Summer School for teachers and in the University Law School. The registration in the Summer School, although not as large as expected, is larger than that of any previous Summer School.
A number of superintendents of the various city schools of the State have visited the Summer School recently. Some came to employ teachers for their schools, and others came merely to see the work of the Summer School. Among those who have recently visited the Summer School are Superintendent A. J. Morgan of Superior, Superintendent L. W. Conard of Concord, and Superintendent Carmichael of Durham.

THE ORCHARD INDUSTRY.

The June Bulletin of the Department of Agriculture.
The June bulletin of the State Department of Agriculture has been published and is on "Orchard Spraying--Cultural Methods." The introduction by Frank Sherman, Jr., State Entomologist, says: "The fruit-growing industry in North Carolina is steadily and safely increasing, without any boom or unhealthy growth. The great majority of our orchards are owned and managed by native North Carolinians, who should be careful to guard them from injury by insects or disease, and whose profits will be increased by giving their orchards intelligent, painstaking care."
"It has been rightly said that at least four operations are essential to success in fruit-growing, namely: (1) Cultivation, (2) Pruning, (3) Spraying, and (4) Harvesting. The fruit grower, however, should begin his careful study of the business even before the orchard is planted in order to know the best possible selection of varieties, soil exposures, etc. And even after a crop is secured attention must be given to the picking, grading, packing and marketing. All of which shows that fruit growing, if rightly practiced, is one of the highest types of agriculture, and the man who knows and practices the proper methods may make a good profit in years when his less intelligent and less careful neighbor will lose money."
"Insect pests and fungus diseases of various kinds have become so widespread that the question of spraying is now as important as any other part of orchard management, and many of our growers assert that it is the most important single operation. This bulletin is therefore largely devoted to the question of spraying. A special attention to the Bordeaux Mixture (poisoned), and to the Lime-sulfur Wash, which are the two mixtures most used in the State. We also give some suggestions on the selection of varieties, soil exposures, etc. and account is also given of the orchard inspection work which is being conducted by this office. We give certain important suggestions to those who intend to plant orchards or expand their present ones, and also suggest to purchase fruit trees of a kind, and, finally, we give an excellent list of the larger fruit growers of the State, in the hope that it may stimulate more interest and friendship among growers in sections by giving them opportunity to communicate with one another."

Seventy Years Old.

Enthusiasm and scientific skill have gone to Perry Davis' Pain-Expeller, a medicine which has been doing good for seventy years. It is the new one, but a 50-cent bottle is really the cheapest. It holds so much more
