Mr. W. D. Pruden was the next

speaker. He asked that before a gen-

the obstruction of the inlets had made

fishing unprofitable and that he was

forced to discontinue his sein. The

Vann bill he said was sufficient before

amended by the last Legislature. Fish

commissioners he said had enforced

the law and that all that was neces-

sary was to continue enforcement. He

said he believed that all legislation

should come under the jurisdiction of

the fish commission. Dr. H. F. Moore, of the United

States Bureau of Fisheries, Washing-

ton, D. C., who was present, made

some remarks that were of value to

the fishing interests. Wm. J. Leary.

Sr., spoke of the importance of keep-

ing the inlets open. The fishing in the

ocean near the inlets for sturgeon he

Mr. Privett, representative from

Chowan, explained that he had passed

the bill referred to by Mr. Wood and

others but that the past conflicting

with the Vann hill he knew not how

it was. That it was not intended to

in any way conflict with the enforc-

ing clause of the Vann bill. That the

provisions embodied in his bill were

identically those recommended by the

Morehead City convention of fisher-

men called by the Governor for this

purpose some time ago. Here Speaker

Graham explained the activity of Mr.

Privett in the last' legislature: He

said that he very much doubted had

sturgeon but no definite action was

said should be prohibition.

or more each year.

He said a peculiar coincidence

ing its income and the expenses of the various schools, found that it would be able to maintain the regular public schools for the ensuing year for a term of four months only. An allowance of \$10 per teacher will. be made every school for incidental expenses.

Superintendent Judd made his annual report to the board and following are some interesting extracts from the report:

was that the fishermen could not agree The total number of children in among themselves what laws were the county was 13,212. Of this number 10,131 were enrolled, a gain in best. That he said happens at each enroliment of 392 over the previous session of the Legislature. year. The average daily attendance the resolution adopted by the recent was 5,826, a gain in daily average atsession of the Legislature, sating they tendance of 502 over the previous w held first grade certificates, 2<sup>c</sup> of his remarks said that the commitwere here today pursuant to that reso-

here offered a resolution prohibiting systers being shapped from the State only in barrels. He asked that the resolution be adopted. No action was taken on the resolution. White came forward and ex-Capt.

plained the injurious effects such a aw would have upon those engaged n oystering. At 1:30 the session adourned until 2:30 p. m.

The afternoon session met on time. Mr. Tynch of Rockyhock, asking the committee about certain laws. He also spoke of the necessity of opening the mouth of Chowan river and preventing the fishing of long drift nets about the channels. Mr. Lupton favored the original Vann bill. He said he thought Roanoke sound should also be opened up for the free passage of migratory lish. At present no law seems to apply to Roanoke ound. At this point the recent law eating upon the subject was read. The question of the N. & R. railway bridge across Albemarks sound interfering with the free passage of fish

to the spawning grounds, was discussed at some length. Most of the fishermen were of the belief and opnion that the fishing industry will suffer as a result of the construction of the bridge. The question also of

fishing near the trestle was discussed. but no recommendations were made

to the committee. Mr. Hoffier, rep-Edenton, N. C. July 7 .- Pursuant resentative from Gates, made a short a resolution passed by the last sestalk and asked for the establishment on of the General Assembly, the Fish of the mouth of Chowan river, etc. annittee met in the court house in Judge Graham then asked for denton today at 11 o'clock. The obthe adoption of a resolution of est of the meeting is to promote the shing industry of the State, to make thanks to Mr. W. G. Goodwin for the use of his baunch to the committee written recommendations to the next Mr. W. D. Pruden spoke on the en-Legislature and to toster and nerpet occentent of the laws. Dwelling ate the fishing interests of the Stat apon the necessity of keeping open the The committee consists of seven approaches to the various infets and centers of the last Legislature. Lieurivers.
