

RED BIRDS KING
GIANTS BROKE EVEN
Wilson Takes Them Both
A DRAW AT FAYETTEVILLE

Booles and Otis Pitch a Magnificent 15 Inning Game in Which Each Only Allow Three Hits. In the Second Game Fullinwider Couldn't Be Touched and Raleigh Was Hitting Right Along For Extra Bases—Wilmington and Fayetteville Play a Draw for Eight Innings, Stopping It to Catch Train—Rocky Mount's Pitchers Pounded Heavily by Wilmington Who is Now Increasing Her Lead.

Although it was raining five minutes before play was called a crowd of one thousand fans went out to see the double-header between Raleigh and Goldsboro yesterday afternoon and it was a highly crossed one. Their games have never been seen on the local diamond.

Especially was this true in the first game, for both sides played ball for all there was in it and was a pitcher's battle from start to finish, in which each pitcher held the opposing team to three hits for fifteen long innings.

Booles, who won the famous seventeen-dollar game at Fayetteville, was on the firing line for the locals and too much cannot be said for the class of balls he shot to the batter.

The first single off Booles came in the third when Smith cracked it to left and the next came with Sharpe's Texas leaguer in the tenth and the final came in the fifteenth as Steinback, the first man up, singled over short which proved to be the only one that was flagging for Steinback on a passed ball and a wild pitch afterward came home. There were three errors only charged to each team, two of Raleigh's came in the fifteenth and helped to lose the game. Seven Giants struck out and among the number were the heavy hitters Doak and Mr. Gettig (two times).

Four men went to first, being hit by Booles' pitched ball, however they didn't do any damage. Gettig succeeded in being hit twice, but he did not get a hit.

Otis for Goldsboro pitched a grand game and the first hit he yielded came in the ninth when Smith singled, stinging one to left; another was added in the tenth on Hoffman's nice hit down the line over third base and the last one was a beautiful bunt by Rowe which he easily out-ran.

A wonderful piece of game was put into use by Otis, for he fanned fifteen Red Birds and some of them were the hard hitters. Of the fifteen that were fanned Hart and Hoffman hit three different times, four Hoover and Brumfield twice and Wright once.

Otis has his fielders to thank for their strong playing in their positions as the Red Birds were robbed of several nice ones.

of Stubbe's high one in the third, Hoffman's magnificent catch in seventh, and Brumfield's difficult stop of a hot one in the same inning; Drake's failure to hit the ball, the Hoover-Brumfield-Haas double, Irwin's fast fielding in right, throwing Crockett out on a single and two strange happenings of a fair ball hit by Gettig and Brumfield unintentionally.

Just after the last man was out in the first game a large part of the crowd started to go, others were pleading for a second game; the Goldsboro pitchers started to warm up, and Crozier and Crockett started to talk. Crozier was heard by many to say that it was too late to play and the umpire informed the writer tonight that Crockett protested the game before playing, asking him (the umpire) to notify the proper authorities. Crockett probably had this rule in mind when he made the protest.

St. O. B. G. Rule 23 which reads in part: "Every championship game must be commenced not later than two hours before sunset." However the game will be credited to Raleigh's percentage column until some official action is announced.

Fullinwider, who pitched the great game at Wilson Saturday, in which he didn't allow any runner to go to second, was on the mound for the locals in a dit was regular "Mathewson" wonder. Fully out allowed one scratch hit during the seven innings and this was an infield one on which he covered first and the man was safe on a hair's breadth. At no time was there a chance for a giant to score.

Fullinwider fanned eight, including such as Steinback, Stubbe 2, Smith, Doak and Fulton.

Sheridan, a new pitcher for Goldsboro, did very well until the fourth, when Raleigh pounded him from then on and for extra bases at that. Hart sent it down the line for two bases but failed to reach home, as Crozier flew out, Haas struck out, Hoffman flew out to left.

The first run came in the fifth, which was started; Hoover singled to right but Brumfield taking too much is caught at the plate on Stubbe's fine throw, Hoover went to second; Wright hit a liner to Crockett who made an extra good stop, getting Wright at first but Hoover went to third and was afterwards scored on Irwin's single to center.

The other run was added in the six, after one man had fanned; Crozier hit a long one to deep center for two bases and afterwards scored on Haas's single; Sharpe ends the inning by hobbing Hoffman of a probably three base hit which he made a beautiful catch of and doubled Haas at second.

No one wants to see finer ball playing and the management of the Raleigh club may rest assured that one of the largest attendances will be had on the return here July 15-16 and in the meantime don't forget you can get the score by detail in the Henry Building every afternoon the team is away.

Wilson Keeps Climbing. (Special to News and Observer.) Wilson, July 7.—The first game of the double header between the Rail-roads and Tobaccoists was won by the locals. In the first inning Wilson's new pitcher, Buckingham, seemed to be asleep in the box, allowing two hits which were made by little fielding by the locals, allowed three to cross the plate. In the last half of the third inning the Tobaccoists took a new line, when Waymack forced Irwin out on a wild pitch, Haas, a full Yorkies knocks a long fly to center and Buckingham scored from

third, and on a wild throw by Walsh, Moore crossed the plate, tying the score. Nothing more was chalked up for the visitors, but one run, one hit and error, but in the last half of the game the locals had another bunch of their runs.

In the second game the visitors were shut out. The features were the beautiful left hand catch of Yerkes in the seventh and one of Lambert's for the visitors in the eighth.

BEFORE JUDGE CONNOR. Cases Argued Yesterday Involving Railroads, Timber and Machinery.

Judge Henry G. Connor yesterday heard a number of cases in chambers here, being engaged till six o'clock. These cases were: Samuel P. Hensley, Receiver, vs. Raleigh and Western Railroad and Empire Trust Company. The road, which extends from Cummock to Colon, is being sold and the matter of the disposition of its affairs is before the court. Mr. R. H. Hayes, of Pittsboro, appeared for the receiver and Col. John W. Hindsdale appeared for the Trust Company.

Roper & Parrish vs. Crane Brothers & Company and Vyne, from Pasquotank. This is a suit to remove cloud on this land to enjoin the cutting of timber on the latter till the hearing. The case was continued, a restraining order being issued to the hearing and a survey of the lands ordered. Messrs. Shepherd & Shepherd, of Raleigh, and W. H. Bond of Edenton, appeared for the plaintiffs; Mr. E. F. Aydt, of Elizabeth City, for the defendant.

Healy Ice Company vs. Green and others. This case was argued on the motion of Mr. A. B. Anderson, Jr., counsel for complainant, to dismiss a cross bill or counter-claim, filed by Green and others. This was resisted by Col. Henry Skinner, Messrs. Shepherd & Shepherd, who had appeared for the defendant. The suit was one for amounts for machinery.

SCHOOL PROPERTY SOLD. Garfield and Chavis School Buildings and Lots Sold for \$3,285.

Two pieces of land, with buildings on them, heretofore used for school houses for the colored, were sold at public outcry yesterday, and \$3,285 was paid for them, the same having been made at good figures. The colored schools have been consolidated and placed at another location.

The Garfield school lot and building on Swain street, the building being that on which the Tobaccoists' Baptist church was started with Rev. Thomas Dixon, Jr., as pastor, was sold for \$1,825 to Mr. J. Rosengarten. The Chavis school building and lot on West street near the Southern freight depot, was sold to Mr. N. E. Rand for \$2,660. The building is a two-story one used as a residence, and now rents for \$15.00 a month.

SELLING DAYS:

The Greatest Bargains From Our \$50,000 Stock of Dry Goods, Ready-to-wear Garments, Housefurnishings, Carpets, Shoes, Etc.

On July 16th we begin a complete renovation of our store, and rearrangement of a number of our Departments, and the work to be done necessitates immediate and complete clearances of all our stocks of summer goods.

Our plan of selling has been to arrange sales tables—and as these tables were cleaned up—to make up other tables of as big bargain values from other lines—offering daily attractions—of the greatest interest to everyone.

To-Day's Banner Offerings:
A GREAT BIG TABLE OF TABLE LINENS, DAMASKS AND NAPKINS.

This offering will create more talk and greater buying enthusiasm than any table we have yet made up. We are willing to part with these Table Linens at a loss---than to carry them through the renovation of our store. Every housekeeper in and near Raleigh will fully appreciate our position---it is much better to sell these Linens before they are soiled. It will pay every housekeeper many times over to be here early to-day.

These last seven days of this great sale many small quantities—broken lots—odds and ends will be sold at a third and a half less than regular.

CARPETS Second Floor No housekeeper must fail to see our big offering of Carpets at a third off regular prices. Second Floor CARPETS

The prices have been reduced as never before. We haven't hesitated to cut them deep. We want the goods to sell. The workmen want the room, and the goods must not be in their way when they begin work on the 16th of July. There's not a section in the entire store that does not contribute. Not a half of the real clearing news gets into this announcement.

TRADING STAMPS—Notwithstanding the reduced prices, we will give Dobbin & Ferrall's Gold Trading Stamps—good as gold—with every cash purchase. One stamp for every ten cents.

FREE DELIVERY—Notwithstanding the reduced prices, for the benefit of our out of town customers, we will prepare express or freight charges to any point in North Carolina on all cash purchases or mail orders of \$5.00 or more.

WHY THE STEAMER NOT USED AT FIRE

Chief-Lumsden Says That It Was Not Needed

ONLY OUT AS PRECAUTION

Officers of St. Paul's Methodist Church, Colored, Have Already Received Subscriptions of Over \$1,300 to Rebuild and the Insurance Was \$17,000—As to Water at the Fire Mayor Wynne Informed by Firemen That There Was Direct Pressure.

variously estimated as being from \$50,000 to \$75,000, has been in the course of erection for about twenty-six years, and this week work was to have been begun on completing the tower, while the shingle roof was to have been replaced with a slate roof. It was at this time when a fifteen cent toy balloon fell with its ball of fire on the roof, set it in flames, which only ended after there was little left but the brick walls. It is now found that the insurance on it amounted to \$17,000, in place of \$21,800 as at first reported.

While the fire was going on there were over \$500 contributed by white and colored, this to be used in rebuilding the church. Yesterday the church officers began the work of securing more funds, and last night the insurance money, which had been given by Raleigh citizens for the rebuilding. The church officers held a meeting last night and decided that they would begin to rebuild immediately after they receive the insurance money. In the meantime they have arranged for church services to be held at the colored Masonic Temple, corner of Cabarrus and Blount streets.

Except for the falling of the upper section of the rear wall, all the walls of the church are standing. It is expected that the upper section of the front wall will have to be taken down, but the other walls, as well as the tower section are said to be solid, while the woodwork of the vestibule and in the tower is all right. Beyond this all has been destroyed, the stained glass windows, the seats, the pulpit furnishings and the new pipe organ, valued at \$2,500 and insured for \$1,800. The piano, a \$400 instrument, was saved.

Fire Chief L. H. Lumsden, who was in charge at the fire, makes the following statement in regard to this: "The fire steamer was not called out to be used, but as a precaution so that it might be at hand if needed. It was fired up and held in readiness, because I recognized that there were other large risks in the neighborhood, which would have to be protected if they caught on fire. When I reached the fire I felt that the work of the church would be a total loss, and I therefore used all my energies in protecting the walls. This I did by means of direct pressure, which was called for and given. I did this in place of using the steamer, as a stream of water from it would have done more damage to the walls than any protection that might have been given to the wooden part of the building, owing to the fact that the roof was nearly entirely on fire and it was impossible to save it. I had five streams in use, which were used to protect adjacent property. This was ample and I did not need the stream from the steamer."

Mr. V. C. Roper yesterday made formal complaint to Mayor Wynne that the streams of water thrown at the fire were inadequate in force, and that direct pressure had not been given. Mayor Wynne later stated that he had talked with a number of firemen, who said that the streams were sufficient and that there was direct pressure. With this statement he said, there would be no further examination into the matter.

Whedbee today for the purpose of examining his court docket to ascertain the difference in cases tried by him for the last six months before and the first six months after prohibition went into effect. The result of this investigation is shown in the following figures:

During the last six months of 1905, when Greenville had a dispensary, the total amount of cases of all kinds was \$210.88, while for the first six months of 1906 under prohibition the amount was \$23.15. For the same six months in 1905 the number of cases tried that were for drunkenness or known to be due solely to liquor was 90, while for the six months of 1906 they were 20. For the same two periods of six months each the total number of cases of all kinds were 238 and 74 respectively.
