## IS GIVEN SNUG AT THE WHITE HOUSE

Taft Refused to See Representative Harrison

## STATEMENTS ARE MADE

The President based his refusal to see the New York Congressman on statements by newspapers attributed to Mr. Harrison in which reflections were made on the President and Attorney-General in the Ballinger-Pinchot matter.

Washington, D. C., June 9.—President Taft today declined to receive Representative Francis Burton Harrison, Democrat, of New York, who called at the White House in company with two other representatives to introduce a number of Jewish rabbis who took up with the president the question of the expulsion of the Jews from Russia.

The president received the delegation and chatted with its various members for fifteen minutes. Representative Goldfogel, of New York, acted as spokesman for the party, and so adroitly had the situation been handled by Secretary Norton that no one of the rabbis knew anything of the incident until Representative Harrison returned to the capitol and there made a statement to the effect that he had been rebuffed by the President.

Mr. Taft based his refusal to see Mr. Harrison on the statements attributed by newspapers to the representative in connection with his resolution in the House calling upon Attorney-General Wickersham for full information as to the condition of his office with the Ballinger-Pinchot episode. Mr. Harrison, according to the White House version of the matter, charged the President and the Attorney-General with having wilfully attempted to lead Congress in the back dating of the Attorney-General's summary of the Davis charges against the secretary of the interior.

Mr. Harrison was at first unwilling to discuss the incident in any way. Later when he was informed of the positive statements made by Mr. Harrison, he told the story of what happened. He declared that the President had no purpose of publicly humiliating the congressman, as had been reported, and that nothing would have been said regarding the affair if Mr. Harrison himself had not made the matter public. Mr. Norton said it was indeed his understanding that Mr. Harrison expressly desired that nothing be said.

Mr. Norton's statement. Mr. Norton said that during the congressional recessing hour this morning he noticed Representative Harrison in the news. He said he had been talking with the party of rabbis at the head of the line awaiting admission to the President's office. He said he had been talking with the party of rabbis at the head of the line awaiting admission to the President's office.

## SENATOR BAILEY GETS REAL RILED

Criticizes The River and Harbor Measure

## CHARGES DISCRIMINATION

Washington, D. C., June 9.—The conference report on the river and harbor bill was adopted by the Senate by a vote of 45 to 12. Mr. Bailey criticized the course of the engineers, saying that they discriminated in favor of one place as against another. "This," he said, "is monstrous and if there were no other reason, I should vote to reject the report on this account."

Speaking in support of the Senate provision for a canal connecting the Sabine and Neches rivers in Texas, which was compromised by the conference, Senator Bailey asserted that members of the House had been "swarming into the Senate and telling Senators that the defeat of the conference report meant the failure of the bill in the House. Admitting that some members of the House had been 'swarming into the Senate and telling Senators that the defeat of the conference report meant the failure of the bill in the House."

Mr. Bailey referred to the abolition of the waterways commission and said that the House had taken its course to punish the chairman of the commission, Senator Burton, for attempting to make the bill. He declared such a course to be disgraceful.

Washington, D. C., June 9.—By almost unanimous vote the North Carolina Pharmaceutical Association this morning voted to move up the time of election of officers from the third to the second day, though some members thought this would cause many delegates to return home one day earlier.

Mr. Bailey, however, offered a motion also adopted, that the reports from the various committees and the discussion of important papers and miscellaneous business be set for the third day always, and thus the objection of those opposing the first resolution was overcome.

Mail Service Delayed—Stove and Manufacturing Plant

Washington, N. C., June 9.—The recent change in the Norfolk Southern train schedules between this city and Raleigh, in which the early morning train and the night train arriving here at 1:30, has been removed, is causing a great deal of dissatisfaction, not only in Washington and vicinity, but in all of the intermediate stations between here and Raleigh.

The large stove and manufacturing plant of the Atlantic Manufacturing and Stove Company situated on the outskirts of the city, which has been in the hands of a receiver for the past several months, was sold at public auction at the courthouse Monday by H. C. Carter, Jr., attorney, receiver.

## HOWEVER TWO VENIRES WERE EXHAUSTED IN EFFORT—PROBABLY FIFTY WITNESSES WILL TESTIFY

Charlotte, June 9.—Two venires were exhausted before a jury of twelve men was secured to try Will Hartis and his father, Henry Hartis, for the murder of Robert Simpson, on November 29 last, in criminal court today.

The father is held as an accomplice, the charge being accessory before the fact. The programme of the defense has not yet become apparent, though it is believed by some that it will be argued as part of the defense that Will Hartis in the excitement of the moment and seeing William Simpson's son leap in front of his father just as he fired the trigger, raised the young man to turn his weapon, and shoot by accident Robert Simpson, who was not far from the man at whom Hartis fired aimed.
