never surrender.

But the sun tomorrow morning will rise upon a militant and united Wake rounty Democracy. The men who are nominated today will be the agents selected for carrying out the Democratic policies. Some voters will be disappointment will go hard. But the true and tried Democrats who But the true and tried Democrats who will participate in today's primary will bow to the will of the majority of their party associates and the ticket named Chi moerat in the county, whether the men he votes for in the primary or

THE INSURGENT MOVEMENT.

The whole country is naturally deeply interested in the insurgent movement in the Republican party led by
LaFoilette, Cummins and Beveridge.
This interest has increased since the
Taft supporters in Wisconsin organtized to fight LaFoilette and the Vicelized to fight LaFoilette and the Vicediffeet News and Observer Bidg, Martin St. Taft supporters in Wisconsin organ- the man of his making, and that he its must-head

movement in the movement in the Republican party. That movement is strong because it came by way of reaction against cylls he organization at work in its behalf It was created solely by conditions, it the fault of a reaction or protest mbvements, came because it was needed, and for no other reason. In this case the need was great. But few of had never seen before how the inter-ests had intronched themselves in our tariff legislation. Old Republicans who had been shouting for protection years, began at last to understand that the protection most desired, the pro-tection which the impudent lobby demanded, was protection of certain great monopolles which already con-

trolled large industries, and to some extent controlled the government itself. The tariff was revealed as the My temper's an unruly demon, a thing buttress of privilege. And every word in its defense that was spoken by such

that the particular bill was victors.

"Here, then, was the start of the spirit of revolt was in the hearts of the people. They were ready, as many hange. So when they saw that there men and they are behind them tohave been accomplished by the few insurgents in Washington. Of themin that hour of stress and danger my tem- selves they would have been helpless. the leadership of ideas. And that is the sort of leadership that we are get-ting from the insurgents. The ideas a pole; I took it out on my wife and for which they stand are right, and bables, which soothed my martial soul. They are, too, the ideas that are today deminating the popular thought of the nation. So it is that these few men are more powerful in many ways

than the whole organization crowd. In spite of the Aldrich control in senate, and the Cannon despotism in the House, and the ill-concealed chilliness of the President, the insurgents are carrying through the Presi dent's program, and redeeming the party promises. Of all the ideas which the Insurgents represent and which artea do not even know what the people are thinking about

The new movement, therefore today will concern State and district full of lessons for our people, lessons which they greatly needed to learn and a few other counties will name parties. Doubtless new parties can occounty officers. Others counties the other way We have a new parties. will name them later. inadequate and confusing is well known to every one.

Evils of the Present Land Laws.
Only evidences of title are recorded. Hence all the evidences must be examined every time and the difficulty, danger and labor increases with every transfer. This causes increasing delays and costs, besides augmented uncertainty.

AN UP-TO-DATE STOVE

Do you realize there is no longer any reason why you should use a coal range? Oil is cheaper than coal; it is lighter and easier to handle, and gives an intense heat. Provided you have the right stove, oil is more economical, cleaner and less trouble. Have you seen the

The accompanying illustration gives you only a rough idea of its appearance. You really can't appreciate it until you either use it yourself, or talk to someone who has used it. It doss everything that a coal range will do-except heat the room. The New Perfection Oil Cook-

hettle of water to cooking a cour dinner, but it won't heet a room, doosn't "smell," it doesn't emoke. can't get out of order. Light it and it is ready. Turn it down and it is out. Only a woman who knows the trouble of carrying osel and seeking in a hot littchen can appreciate what it means to have a clean, perfect stove that will cook anything, boll, bake or reast, and yet won't heat the kinchen. How is it done? The flame is controlled in turquoise-blue enamel chimneys, and directed against the bottom of pet, pan, lettle or even, and only there. The flams operates unactly where it is useded —and nowhere else. With this stove

your littchen is cool.

The nickel finish with the bright blue of the chimneys makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 5-burner stoves can be had with or without Cabinet.

Every dealer everywhere; if not at person, write its Standard Oil Company

an additional reservation in favor of

There is no certainty about boundaries under our present system. The law of title by eminent domain

will not appear by ordinary examina-tion. The chain may be fauitless, while the original link is worthless. Laws of title by reversal of decrees of court may not be shown by the

deed books.
Indexes are imperfect and fatal mistakes may be made by omissions or "Court titles"—those sulls—are not even certain.

Questions of proper parties and procedure must be determined by each examiner, thereby causing caseiess examination of titles, entailing delay and expense. Titles are dependent upon the opinion of each examiner, and doubts

for the next convention, but this is decided upon by the executive committee. The convention adjourned this afterneon at 1 c'clock.

After the adjournment of the concan be maintained.

made on the premises after proper advertisement and the proceeds should county man is just as untenable as to country are kept there indefinitely.

It operates in the following

A title is examined once officially

WEY:

and confirmed by order of court. That ends the matter and cuts out the and-less examination of titles as is now the and the matter and cuts out the endiness examination of titles as is now the case. The State guarantees the title standing as an immense barrier between the owner of the property and all possible harm. The State is paid a reasonable fee to cover the expenses of investigation and a small premium on account of an insurance fund or guarantee fund. (Every time a transaction is now made in real tests, a new lawyer has to be employed to examine and passed upon a hundred times before, each time at great expenses with attandant tedious delays, all of which labor, expense and delay go to wasts so far as future purchasers or future lenders of money are concerned. And the fee of the attorney is uncertain, as it is a matter of private contract not regulated by law. And, by the way, a lawyer who passes upon a title any declares it to be good makes his own estates in the spood makes his own estates in the properties on promising with success in the properties on promising with success in the properties of difficulty arising from any oversight on his part. This is why lawyers apear to be charging too much for investigating titles when really they are not.)

Tour title is registered and you have made.

transfer. This causes increasing delays and costs, besides augmented uncertainty.

Much important evidence is not recorded, but is altogether "in pala," particularly evidence concerning the true heirs of descendants. This adds to the uncertainty and fills the past with ghosts that, not only haunt, but frequently take actual possession of lands transferred to their detriment.

There is no certainty of identity to partice. The examiner relies wholly upon seeming identity shown by index to deeds, but there may be many "John Smiths."

There is no proof of legal capacity of partice at the time deed was delivered.

No certainty about marriage or divorce.

Right of dower couriesy may spring ip.

Lands may be subject to rights by adverse possession or prescription of which there is absolutely no record.

Rights may arise under wills in-
