

RAID'S HANDSOME VOTE AT HIS HOME

Stronger In Own Township Than Any Other

GAVE STRENGTH TO TICKET

Though He Lost Out His Influence Was a Factor in the Victory of the Other Candidates of the Anti-Ring Ticket—Additional Results in the Primary.

The contest in the primary Saturday was centered so strongly about the county officers that many correspondents failed to send in the vote for Justices of the Supreme Court, Corporation Commissioner, Judge of the Sixth Judicial district and minor officers on the county ticket.

Additional information is published below and the complete returns will be published as rapidly as possible.

MR. HAL RAND REJOICES IN THE BIG VICTORY.

Though He Was Defeated by a Small Margin, Mr. Rand is Happy That the Cause to Which He Contributed So Much Did Win.

Mr. Hal D. Rand, of Garner, was in the city yesterday, and on all sides his friends expressed their deep regret that he had failed to get the nomination by less than one hundred majority. He was rejoicing at the victory for the Mass Meeting more than he was regretting that he was not named for sheriff. He recognized all along that she rift in office with nearly a score of deputies would get the largest vote in the county. The Democrats of Wake recognize Mr. Rand's large contribution to the victory on Saturday, and not a few declared yesterday that the county would yet call him to positions of honor and trust. Though Mr. Rand did not receive the nomination yet he has much reason for congratulation. He added great strength to the ticket and through his splendid work and influence other of the Anti-Ring ticket were elected. Another cause for congratulation is the handsome vote given him in his own precinct, Garner, and in his native township, Panther Branch. In Garner the vote was 109 for Rand and 17 for Sears. He received a larger per cent of the vote of his township than any other candidate on either side. In Panther Branch which the Anti-Ring ticket lost, on Sikes basin, by 21 majority, Mr. Rand carried by a majority of 48. This heavy vote shows how Mr. Rand is regarded in his adopted and native townships.

DOCTOR'S EXPERIENCE.

Medicine Not Needed in This Case.

It is hard to convince some people that coffee does them an injury. They lay their hands on almost every case but the true and unsuspected one.

But the doctor knows. His wide experience has proven to him that, to some systems, coffee is an insidious poison that undermines the health.

Ask the doctor if coffee is the cause of constipation, stomach and nervous troubles.

"I have been a coffee drinker all my life. I am now 41 years old and when taken sick two years ago with nervous prostration, the doctor said that my nervous system was broken down and that I would have to give up coffee."

"I got so weak and shaky I could not work, and reading your advertisement of Postum, I asked my grocer if he had any of it. He said, 'Yes,' and that he used it in his family and it was all he claimed to be."

"So I quit coffee and commenced to use Postum steadily and found in about two weeks time I could sleep soundly at night and get up in the morning feeling fresh. In about two months I began to gain flesh. I weighed only 145 pounds when I commenced on Postum and now I weigh 175 and feel better than I did at 39 years of age."

"I am working every day and sleep well at night. My two children were great coffee drinkers, but they have not drunk any since Postum came into the house, and are far more healthy than they were before."

"Read 'The Road to Wellville,' found in page 'There's a Reason.' Give up the above habit?—I never see anyone from those who do. They are greener, fresher and full of health."

OCCUPATION INSURANCE

Is a new method of protection against loss of profit while the plant is out of commission.

Here's an example: The Chattahoochee Lumber Company of West Florida wired us on Friday:

fire today. Send salesman."

We located our Mr. Walden by wire at Troy at 6 p. m. He took the night train and was on the ground Saturday at day-break. He opened his samples before breakfast and ate his lunch with an order for \$2,615.00 in his clothes.

The House said a glad good-morning to that order in our first mail of Monday, and the order went to the depot complete to the last pair before three o'clock the same day.

The shipment will reach its owner before Friday, and be opened and on sale a week from the day of the fire loss.

How's that for "Charlie on the spot"?

Is not a connection with a dependable Shoe House whose resource can meet an emergency of this kind a good "Occupation Insurance" to carry? The premium is free.

Merchants who don't burn out needn't miss even one Saturday's business.

We got this order by confidence, the growth of long experience, for folks are coming to know and to say of RED SEAL Shoes, there's a

"Dollar a pair saved in the wear."

We have the biggest stock of July sellers in the South. Black Suedes and White Canvas.

Mail orders on the way same day.

Salesman by appointment.

STATE EPWORTH LEAGUE.

SUNDAY WAS A RED LETTER DAY AT THE HERTFORD CONFERENCE—CLOSING SCENES.

(Special to News and Observer.)

Hertford, June 27.—Saturday night and yesterday (Sunday) were red letter days with the Epworth League conference in session here.

The sessions were opened Saturday night with religious services, conducted by Rev. B. P. Robinson, of Gates.

The minutes of the previous session was read by the secretary, after which Mr. W. V. Martin, of Charlotte, was introduced and made one of the most helpful speeches ever heard here. His theme was the need of the league in the church, and Mr. Martin proved beyond question that there is a need for the league in every church. His address has done much to strengthen the leagues throughout the conference.

At 11 o'clock yesterday Rev. W. G. Parker, of Norfolk, presided the annual sermon to a large audience. He took for his text Psalm 134: "His line has gone out throughout the earth." Mr. Parker is an interesting speaker and a young man of great promise.

In the afternoon Mr. W. V. Martin conducted a model league, and it is believed that this was the most helpful service of the entire conference. Several new phases were introduced and the work was brought in a practical way before the conference. At the testimonial service a number testified and quite a spiritual feast was enjoyed.

At night the closing service was held and was opened with devotional services by Rev. W. F. Constable, of Durham. Miss Ellen Galtney, of the Methodist Training School, of Nashville, Tenn., was the speaker of the hour, speaking directly of the work of the school she represents. Her address was interesting and made a favorable impression on the large congregation present.

The closing moments of the conference were spent in a delightful and beautiful communion service, conducted by Rev. H. B. Brown.

Every person present declares this to be the most successful session of the conference yet held. The people of Hertford are loath to see the officers and delegates depart. The influence the young people leave behind them is good and all who touched the visitors were made better. The people of Hertford will be glad at the opportunity to entertain the conference again.

Irish Potatoes Left to Rot in Ground.

(By the Associated Press.)

Norfolk, Va., June 27.—Forty-five per cent of the Irish potato crop in the large trucking bed adjacent to Norfolk is still in the ground and farmers said today, will for the most part, have to be plowed under for loss in the Northern market.

The immediate outlook is for a disastrous year to the truckers hereabout.

DISPUTING OVER TENTH DISTRICT

Gudgers Claim Of Majority Challenged

A MIGHTY CLOSE SHAVE

Gudger Conceded a Plurality in All Counties Except Three—But It is Denied That He Can Poll One Vote More Than a Majority When the District Convention Assembles.—If There is a Tie-Up in the Convention Walter E. Moore Will Prove a Strong Compromise Candidate.—Latest Figures in Tenth District.

(Special to News and Observer.) Asheville, N. C., June 27.—The returns received from the thirteen counties of the Tenth District while, by no means complete, indicate that J. M. Gudger, Jr., is well in the lead for the Democratic nomination for Congress. There is a wide variance, however, in the claims of the five candidates. Gudger claims that he has enough votes to nominate him on the first ballot, having 149 1-2, while 145 1-2 is necessary for nomination, allowing Cooke 21 1-4, Frank R. Hewitt 14, Moore 14 3-4, Gallert 24 1-2.

The Cooke forces, however, dispute the Gudger claims and raise their representative strength as follows: Gudger 112, Cooke 88 1-2, Hewitt 19 1-2, Moore 52, Gallert 24. Walter E. Moore, of Jackson county, has carried his county practically solid, the remaining strength going to Gudger. With this exception the Cooke forces concede that Gudger has a plurality in all of the counties except Haywood and Polk. Th Haywood Cooke claims 16, allowing Gudger 14. Hewitt 1, Moore 3, and in Polk Cooke 3, Gudger 4, Moore 1, Gallert 1.

Conservative estimates by disinterested parties place Gudger considerably in the lead, and if his claim that he has a majority of one on the first ballot is not cut, the final returns will, in all probability, show that he lacks only 19 to 15 convention votes of enough. Should there be a tie-up, Walter E. Moore is regarded as a possible candidate, but it is believed that he will get enough if a second ballot should be necessary to elect him on the second ballot. The official returns in Buncombe shows that Gudger carried the county over Cooke by a plurality of 415 votes. Gudger's vote was 1,768, Cooke 1,351, Hewitt, 312, Gallert, 25, Moore, 49. There will be no second election in the county, although there was no majority in the short's race, for Jax collector and Senate Julius C. Martin, who received a plurality of 121 over Zebulon Weaver, was declared the winner by the Senate, the two Representatives being Robert R. Williams and Gallatin Roberts.

THE FISHING CROP AT MOREHEAD.

A Great Catch of Sheephead—and "The Water is Fine."

(Special to News and Observer.)

Atlanta, Ga., June 27.—Thursday, N. C., June 27.—Thursday Mr. W. L. Kennedy made a most unusual catch of sheephead. He has always had good luck as a fisherman, not only by catching large numbers, but very large fish. This catch was remarkable because of the size of the fish. Each sheephead averaged about 14 pounds. The largest was the largest sheephead ever caught here.

Mr. John Wiley, Mr. Horace King and Mr. John Andrews and party brought in one of the season's largest catches of catfish. The largest fish is at the best now, and many parties are out each day.

Hundreds of blue fish and trout are brought in daily.

The first clam bake of the season was given Thursday evening by Mr. Kalin, of Baltimore. The stag party gathered around a large bonfire built close to the water's edge.

Morehead's most experienced cooks had charge of the baking of the several bushels of clams.

Mr. and Mrs. Charles H. Robertson and children, Mr. Cox Webb and Mr. H. W. Webb arrived today from a ten days' fishing trip.

Mr. and Mrs. T. J. Copeland, now of Chicago, are expected soon.

A large crowd is expected Sunday evening.

Royal Steamships From Montreal.

(Special to News and Observer.)

Chicago, June 27.—Related efforts to speed up the decline in the harbor improvements are being aided by reports from Bristol, for centuries one of England's greatest ports, but during the last century it has become private ownership of the docks prevented harbor developments.

The completion of the Royal Edward docks at Bristol which the new Royal line of steamships owned by the Canadian Northern railway was first to use, have provided the harbor depth for big boats the lack of which caused transatlantic despatching to develop Liverpool instead of Bristol as a great port. The first stride toward the re-gaining of her old maritime prestige has been taken and the Royal Edward, having all Canadian speed records across the Atlantic, has made her initial voyage to Montreal where the Canadian Northern's lake and rail connections link Bristol to the western provinces of Canada, the lushest new region of the British Empire.

Referee in Bankruptcy.

(Special to News and Observer.)

Wilmington, N. C., June 27.—Mr. Matt J. Haver, chairman of the Board of Audit and Finance, and until recently president of the Southern National Bank, has been named by Gen. H. Howell Esq., referee in bankruptcy in this district, as receiver of the Anglo Lumber Company, pending the action on the petition filed Friday by Hon. John D. Bellamy representing certain creditors, asking that the company be declared an involuntary bankrupt. Mr. Haver gave the required bond and took charge of the affairs of the company.

In the Police Court.

In the police court yesterday the following were tried for being drunk on the streets:

Ed Haden, colored, \$3 and costs; Ivy Fred Love, white, \$3 and costs; Ivy John C. Hester, colored, \$2 and costs; Ivy Rogers, white, \$2 and costs.

W. J. Hester, colored, was fined \$10 and costs for carrying a pistol.

BACK FROM MONTREAL

Dr. W. L. Potent Tells of Southern Student Conference.

Was Delighted With the Work and the Spirit of the Conference and Deeply Impressed By Its Far-Reaching Significance. The speaker captured a Rattle Snake.

President W. L. Potent, of Wake Forest College, passed through the city yesterday evening on his return from the Southern Student Conference at Montreal, N. C. He made one of the "platform addresses," his subject being "The Principles on Which to Choose a Life Work," and led one of the mission study classes, namely, that on "Comparative Religion." He expressed himself as being delighted with the work and the spirit of the conference, and deeply impressed by its far-reaching significance for the total life of the colleges and universities which were represented in it. Its practical results in the guiding up of the individual religious life, in helping the student to find his place of largest service in the world, in training the leaders of Christian activities in the colleges, in the inspiring of the fellowship with leading men from the student bodies of the South, and in unifying the forces of the entire Southern college field into a whole—these, in his opinion, were the most important results of the conference. He expressed himself as being delighted with the work and the spirit of the conference, and deeply impressed by its far-reaching significance for the total life of the colleges and universities which were represented in it. Its practical results in the guiding up of the individual religious life, in helping the student to find his place of largest service in the world, in training the leaders of Christian activities in the colleges, in the inspiring of the fellowship with leading men from the student bodies of the South, and in unifying the forces of the entire Southern college field into a whole—these, in his opinion, were the most important results of the conference.

Yes, the conference was under the direction of the Student Department of the Young Men's Christian Association. Its immediate object was to bring the students of the South into closer contact with one another, and with a rare insight and wisdom was Dr. W. D. Weatherford, of Nashville. I have not often seen a man so manifestly fitted to so important and delicate a service. The first meeting was held June 15th, the last Sunday night, June 26th. The total enrollment, including the ladies and visitors, was 231. There were about 240 students, Tennessee leading in the size of the delegation. Every man in attendance felt that he could do no other thing for his college than to make sure of the largest possible representation of its student body in the next conference.

One felt as if colleges had opened again with a six o'clock rising bell, recitation periods, general conference and platform periods, and the light bell at ten o'clock at night. Attendance upon the classes for the week was well-nigh perfect and much useful work was done by students and leaders. The afternoons were surrendered to sport—basket ball, tennis, mountain climbing, particularly in by several conferences, and the director down. The exhibition of college spirit was hearty and free from bitterness. College yells rang almost constantly through the dining hall, now and again from the tables of the leaders, as well as from the rest.

Dr. Potent admitted that he and his brother, Dr. E. M. Potent, of Fayetteville, N. C., were captured on the top of Brushy Mountain, a live rattlesnake and brought him tied in a forked stick down to the Alta Hotel, and that at the supper table he gave with what volume they could command this yell "Ray, Ray, Ray—Brushy Mountain—Rattlesnake—Live!"

Mr. Ober, of New York, a member of the International Committee, showed at Montreal the plans of the buildings of the Southern Student Conference to be erected on the largest tract of land ever acquired by his organization, lying on the wooded slopes next south of Black Mountain station. It is hoped that the buildings will be ready for the conference next June.

THE DISCIPLES OF BLACKSTONE MEET

(Continued From Page One)

Messrs. Joseph F. Leitner, Wilmington; Frank K. Thomas, Raleigh; William H. Lord, Asheville; Oliver D. Wheeler, Charlotte; Franklin Gordon, Charlotte.

The visitors will be entertained Saturday night at a smoker at the Seamer Hotel and on Monday, July 4th, a number of them will enjoy deep sea fishing, which is especially fine off Wrightsville Beach this season. The architects will probably be taken on a trip down the Cape Fear river on the steamer Wilmington during their visit here. Cartoons have been contributed by a number of craftsmen in the employ of architects of the association and these will be published in a catalogue that will contain a list of the work on exhibition by the different architects.

Funeral of Mrs. Q. I. Hudson.

The funeral of Mrs. Q. I. Hudson, who passed away Saturday, was held at Apex Sunday, conducted by the Baptist pastor, Rev. J. M. White. Besides her husband, Mrs. Hudson is survived by three children: Mrs. A. V. Bassom and Mrs. Dudley, of South Carolina. Before her marriage, she was Miss Olive. She was a woman of high Christian character and a devoted member of the Baptist church. The surviving husband, one of the foremost citizens of White Oak township, has the sympathy of many friends in his hour of affliction.

A Clean Man
Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts. He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood. Consumption and bronchitis mean unclean lungs.

SOCIETY

A DELIGHTFUL FAREWELL.

Master Grimes Williams Celebrates His Summer Departure.

The palatial home of Col. Alfred Williams on Fayetteville street, was annually brilliant last evening, the occasion being the celebration of the departure of Master Grimes Williams, who leaves today to spend the summer with his family at North Wilkesboro. The Williams lawn was beautifully illuminated. A remarkable of delightful delicacies was spread under the oaks and arching vines upon which Mrs. Williams had arranged a feast of good things for a half hundred or more of the young departing cavaliers, boys and girls, companies and friends. The thoughtful mother presided, with characteristic grace and charm and the youngsters filled an evening full of fun and frolic.

MISS EVA WARTERS APPOINTED.

Succeeds Miss Mary Jones, who Resigns Her Position in State Treasurer's Office.

Miss Mary Jones, who has been the stenographer and house clerk in the office of State Treasurer B. R. Lacy, has resigned her position in return to the home of her father, Hon. W. J. Jones, in Asheville. Miss Eva E. Warters, of LaGrange, who has held a position in the office of Mr. John C. Drewry, has been appointed to succeed Miss Jones. She is a very competent and capable young woman, and her many friends are gratified at her appointment.
