WILSON PUBLICLY IS REPRIMANDED BY THE PRESIDENT

For the Mexican Ambassador's Recent Attack On the British Foreign Office

PAGE TO EXPRESS REGRET

To Sacrifice Life of One Soldier For All Dollars Americans Have Invested in Mexico, Supremest Folly, Says Fair- banks.

(By the Associated Press.)
Washington, D. C., Aug. 14.—Presi-
dent Wilson tonight publicly reprimanded Ambassador Henry Lane Wilson for his recent attack on the British foreign office, Ambassador Page was instructed to express to Sir Edward Grey the regret of the American government that a diplomatic official of the United States "should have been guilty of such an impropriety."

The action of the administration here followed receipt of a cablegram from Ambassador Page in London, officially confirming the Associated Press dispatch which had quoted a statement from the British government that it had recognized the Haer-
ta regime in Mexico along with France and Germany after a "congratulatory speech" to President Huerta by Ambassador Wilson on behalf of the diplomatic corps in Mexico City.

The official interpretation of the statement here was that Great Britain at the time believed from Ambassador Wilson's act that the United States intended to recognize the Huerta government.

Cablegram to Page.
Secretary Bryan, after a conference with the President tonight sent the following cablegram to Ambassador Page:
"The interview given to the press yesterday by Mr. Henry Lane Wilson, whose resignation as ambassador to Mexico has been accepted to take effect on August 14, having been brought to the President's attention, he directs me to ask you to call at the British foreign office and say to Sir Edward Grey that he disclaims all responsibility for Mr. Wilson's action in the matter and for the language employed by him in his interview, and that he regrets exceedingly that a diplomatic official in the employ of this government should have been guilty of such an impropriety."

Secretary Bryan not only gave the above to the press but issued the following statement:
A copy of the cablegram to the

"DEMOCRATS CAN STAY HERE AS LONG AS REPUBLICANS"

EFFORT TO SECURE CONGRESS WILL BE AGREEMENT FOR AN EARLY VOTE FAILS KEPT IN SESSION UNTIL SNOW FLIES

Republicans Serve Notice That Consideration of Tariff Bill Will Continue Indefinitely

LONG SESSION PREDICTED Democratic Leaders Endorse Wilson's Stand Against Con- gressional Recess Until Cur- rency Reform Bill Is Dis- posed Of.

(By the Associated Press.)
Washington, D. C., Aug. 14.—The first definite effort of the Democrats to secure an agreement for an early vote on the tariff bill failed in the Senate today, when Republicans served notice that consideration of the measure would be continued indefinitely. They denied the Democratic charges that they were "ultra-busting," but insisted that the tariff bill would be debated "fully and freely" before they would consent to an agreement for a final vote.

Leading senators of both parties, as a result of the day's developments tonight predicted a session of Congress that would run until late in October or November. Early in the day President Wilson had made it known that he would not approve of any congressional recess until the currency reform bill had been disposed of. This attitude was endorsed by Democratic leaders and those who had favored a recess after the passage of the tariff bill apparently had resigned themselves tonight to a continuous session of Congress.

Senator Simmons, an manager of the tariff bill, made an earnest request when the Senate took up the measure for an agreement to vote August 26. Republicans of both the "regular" and "progressive" elements objected. Senator Gallinger, the Republican leader, tried to draw the Democrats into an announcement of whether they proposed to take up and pass the currency bill, but the Democrats declined to commit themselves on the subject. Senators Le-Follette and Bristow, both of whom

COMING TOGETHER ON CURRENCY BILL

Compromise Amendment Prac- tically Agreed Upon

BY DEMOCRATS IN CAUCUS Commercial Paper Based on Warehouse Receipts For Staple Commodities To Be Accepted For Re-Discount

(By the Associated Press.)
Washington, D. C., Aug. 14.—An amendment designed to make it clear that commercial paper based on warehouse receipts for staple commodities would be accepted for re-discount by Federal reserve banks proposed in the administration currency bill, was practically agreed upon today in the House Democratic caucus. The amendment, to which Chairman Glass said the Banking and Currency committee would not object, was offered by Majority Leader Underwood. Democratic leaders expressed the belief that this would satisfy the demands of the currency "insurgents" of the bill, as drawn, provides that the Federal reserve board may define what paper shall be admitted to re-discount but specifies that such definition shall not include notes or bills drawn for the purpose of trading in or carrying

JOHN CARVER ARRESTED ON SERIOUS CHARGE

Robson Man in Jail for Alleged As- sault on His Niece 13 or 14 Years of Age, in Cumberland County.

(Special to The News and Observer.)
Lumberton, Aug. 14.—John Carver, a white man, probably 35 years old, residing seven miles from here in Wishard's township, was arrested and put in jail today charged with assaulting his niece, 13 or 14 years old.

The crime is said to have been committed near Hope Mills, in Cumberland county, where the Carver had gone to visit Tuesday night. The policeman is charged with taking the child to ride, making her drunk and keeping her out nearly all night. A physician who examined her today stated that while he did not think the man accomplished his purpose, the victim, who is very frail, was badly injured.

Sheriff Lewis has notified the Cumberland sheriff to come for Carver.

WILMINGTON NO BASING POINT FOR FREIGHT RATES

Not As Long As It "Is Bottled Up By the Atlantic Coast Line," Says Mr. Tate

COL. ALEX. J. FEILD SPEAKS Tells Municipal Association How State Can Secure Lower Fire Insurance Rates— Three Dozen Towns Repre- sented

(Special to The News and Observer.)
Wilmington, Aug. 14.—"As long as Wilmington is bottled up by the Atlantic Coast Line as it is at the present time, it cannot be made a basing point for freight rates," was the opinion expressed by Mayor Fred N. Tate, of High Point, president of the North Carolina Just Freight Rate Association, in an able and concise address on the unjust discrimination in freight rates, delivered this afternoon before the Carolina Municipal Association in Fifth annual session at Wrightsville Beach, attended by thirty-five of more mayors and other municipal officials from as many cities and towns in the State.

Mayor Charles A. Band, of Charlotte, president of the association, is presiding. The convention was opened with prayer by Rev. Harris Mal-linckrodt, of Charlotte. Mayor H. Q. Moore, of Wilmington, and Mayor Thomas H. Wright, of Wrightsville Beach, welcomed the visitors and Mayor O. B. Eaton, of Winston-Salem, made the response.

The first address on the program was by Col. Alex. J. Feild, of Raleigh, who spoke on the subject, "How North Carolina Can Secure Lower Fire Insurance Rates." The rates in North Carolina, he declared, are too high, giving the following reasons for making the rates so high:

First, because, notwithstanding the high rates formerly charged, the companies have recently increased them.

Second, because the people of the State are grossly discriminated against, not only in the rates, but in the rules and regulations governing the business.

Third, because the rates are arbitrarily fixed by a combination of men who profit by high rates.

In considering the remedy, he said that there are three ways to reduce the cost of insurance.

First, by State insurance, which, however, is almost out of the question.

Second, by mutual insurance, which is also out of the question.

Third, by State insurance, which, however, is almost out of the question.

MR. DANIELS WOULD STIMULATE AMBITION

Among the Warrant Officers of the Navy, to Whom He Sends a Circular Letter Throughout the Service.

(Special to The News and Observer.)
Washington, D. C., Aug. 14.—Stimulation of ambition among the warrant officers of the United States Navy is the object of a circular letter sent today throughout the service by Secretary Daniels, who is anxious to see non-commissioned officers aspire to commissioned rank.

Under the law twelve warrant officers a year can be elevated to positions as ensigns, provided they pass the examination prescribed, but very few in recent years have seized the opportunity.

GOVERNMENT OF NEW YORK STATE IS DEMORALIZED

Heads of The Many Depart- ments Divided Into Sulzer and Glynn Groups

NO SETTLEMENT IN SIGHT Sulzer and Counsel Plan to Ig- nore Impeachment For the Time as Unconstitutional But Fight Before Court of Impeachment.

(By the Associated Press.)
Albany, N. Y., Aug. 14.—Liamon-
ant-Governor Glynn will make a formal demand upon Governor Sulzer tomorrow for possession of the executive chamber at the capital and then bring to an issue the question as to who is governor of the State of New York. This was announced tonight by friends of the Lieutenant-Governor.

Governor Sulzer, it is said, will refuse to relinquish possession of the chamber and in anticipation of such a demand, is understood already to have prepared a letter flatly declining to accede to it.

What further action will then be taken by Mr. Glynn, was not indicated tonight, but the general expectation was that the rival claimants to the governor's chair would resort to the courts for a test case under an agreed statement of facts.

Word came from Saratoga that the Secretary of State would refuse to recognize Governor Sulzer until the courts gave an opinion to the contrary.

Albany, N. Y., Aug. 14.—The complex machinery of the state government, over which both William Sulzer and Martin H. Glynn claimed sole authority, bade fair today to be demoralized by their rival attempts to direct it.

Head of the many departments were divided into two groups. One of these groups, under the leadership of Sulzer, adhered to his contention that his impeachment yesterday was unconstitutional and prepared to continue his obedience to his instructions as if they had been no impeachment. The other, bidding that he ceased to be governor when the Senate received the articles of impeachment charged against him, was marshaled under the standard of Lieutenant-Governor Glynn, ready to carry out his orders and to ignore any which the impeached governor might see fit to issue.

Never in the history of the state has its army of employes been more demoralized. Not even the panic affect only the internal affairs of New York. It extends to the state's relations with other commonwealths.

No Permanent Relief Indicated.
Whatever the future might bring forth, no permanent relief in the situation was indicated today. Leaders of the two factions expected no settlement of the problem until after the meeting of the legislature next Tuesday at noon. They believe, however, the issue will be squarely joined and ready for submission to the courts by the legislature's formal recognition of Lieutenant-Governor Glynn as acting governor.

Reports today were that such recognition would be granted by the Senate by confirming the appointment by Governor Glynn of a state labor com-

FIRST FATAL OUTBREAK OF COPPER MINERS' STRIKE

One Striking Miner Is Killed and Two Deputy Sheriffs Wounded in Clash at Calumet.

(By the Associated Press.)
Calumet, Mich., Aug. 14.—One striking copper miner was killed and two deputy sheriffs were wounded tonight in the first fatal outbreak of the copper miners' strike. The fight took place at Sebeville, an Italian miners' settlement. The miner was killed while resisting arrest. The deputies went to Sebeville to get two strikers who had forced the line of guards at the Champion mine of the copper range consolidated company. The two strikers refused to be taken by the guards. Later when deputies went to Sebeville to arrest them, strikers gathered and attacked the officers with bottles and revolvers.

A conference was held today between J. Edgar Hoover, of Detroit, special representative of Governor Ferris and managers of the Star mines. The outcome of the conference was kept secret. Judge Murphy will report the results of his mission to the governor. It is understood arbitration was the keynote of his mission to put an end to the presence of troops at the mines.

BOTH STATE AND DEFENSE CLOSE

Many Witnesses on Both Sides Never Heard

ARGUMENT BEGINS TODAY Evidence in Hennessee Trial So Confusing and Contradictory That Verdict of First Degree Is Not Expected.

(Special to The News and Observer.)
Morganton, Aug. 14.—The defense in the trial of Dr. E. A. Hennessee for killing Gorman Pitts, has had its opening since yesterday afternoon, when it opened by putting up the defendant, Dr. Hennessee, as the first witness.

He was followed by Nantz Hennessee, who took part in the fight, drawing a pistol to aid his brother when assaulted and shooting twice at one witness and wounding Erwin Pitts in the leg. His jaw bone was broken, and he was otherwise bruised and beaten.

Dr. Hennessee's two boys, twelve and sixteen years of age, who are charged with participating in the bloody battle to the extent of holding and furnishing arms to their father, were also introduced as witnesses and

RAILROADS HAMPER OF INDUSTRIES.

Freight Rate Discriminations Which Put North Carolina Manufacturers at Great Disadvan- tage.

The North Carolina manufacturers are due a fair adjust- ment of outbound freight rates. The railroads by freight rate discrimination are hold- ing back the growth of North Carolina industries.

Here is a case in point:
The rate on building material in car loads from Greensboro, N. C., to Cincinnati, Ohio, is 32 1-2 cents per hundred pounds.

From Augusta and Atlanta, Ga., the rate is 27 cents, and from Lynchburg and Norfolk, Va., 22 cents.

Is it possible for the North Carolina manufacturers to compete under such conditions as this?
What say the people? What say the railroads?
