

TERRORS THREE IN LAND OF VOLCANOS

Tidal Wave Follows Earthquake and Eruptions

SOUTHERN JAPAN CUT OFF

From All Communication and Full Extent of Disaster Not Learned—Navy and Army Hastening Supplies To Kagoshima—Ashes Six Inches Deep Fall in Seaport.

Tokio, Japan, Jan. 13.—A tidal wave added its terrors to earthquakes and volcanic eruption which struck Kagoshima, in Southern Japan, yesterday, according to official advices today.

It is believed here that the Kagoshima disaster will prove to be one of the most serious in Japan's history. The loss of life and property increases with fuller news from the scene.

The full extent of the disaster could not be ascertained today as all communication was cut off from the stricken district south of Kumamoto, 90 miles north of Kagoshima.

Ashes to the depth of six inches have fallen in the seaport of Miyazaki on the east of Kagoshima. A post office employee who fled from Kagoshima states that the big post office building there collapsed and that a great number of residences were ruined, killing many people and animals.

Navy and army departments are hastening succor and supplies to Kagoshima.

Silent For a Century. Sakura-Jima has been quiescent for more than a century, although it rears its cratered peak in a veritable land of volcanoes.

FIVE MINUTE CURE IF STOMACH IS BAD

When "Pape's Diapiesin" reaches stomach all indigestion, gas and sourness disappears.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapiesin is noted for its speed in giving relief, its harmlessness; its certain unerring action in regulating sick, sour, gassy stomachs.

Keep the perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea, eructations of acid and undigested food—remember as soon as Pape's Diapiesin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it, exact center of a small round island

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be dependent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp Root, by restoring health to the kidneys, has done for them just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them.

Every reader of this paper, who has not already tried it by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive a sample size bottle by Parcel Post.

You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

the former, in 1895, came a tremendous and destructive outburst. Sakura-Jima occupies almost the center of the Gulf of Kagoshima, and directly in front of the City of Kagoshima, capital of the Province of Satsuma. It is 4,000 feet high and before the present eruption had two craters. The island had a permanent population of probably 25,000.

Sakura-Jima had its last general eruption in 1779 and while accurate information as to the suffering and damage which it inflicted is not available, the occasion so impressed itself upon the people that the eruption was commemorated by a monthly festival. The city is in the center of a large pottery and porcelain industry, which employs thousands of both sexes.

The heavy ash fall extends far to the north and has enveloped the important cities of Nagasaki, Kumamoto and many small cities. Of these Nagasaki alone has a considerable foreign population. There are about 200 Europeans and Americans in Nagasaki, with British in the largest number. They have ample opportunity to escape.

The great naval base at Sasebo is within less than a day's steaming of the stricken district and the admiralty officials announce that every available vessel will be carried to the scene.

Death List Runs Into Thousands. Nagasaki, Japan, Jan. 13.—Reports here today were that the death list around Kagoshima will run into the thousands.

Kagoshima, which is almost completely buried in volcanic ash and stones, had a population of 60,000 at the last census. The population of the adjoining island of Sakura, the center of the disturbance is given as 15,000. On this island hundreds are reported to have perished beneath the streams of lava from the volcano of Sakura-Jima. Many more were undoubtedly drowned while attempting to escape. Doctors have started to the scene which is difficult to reach because railroad communication is impeded by ash and the tracks have been derailed by earthquakes.

The violence of the eruptions of Sakura-Jima is so great that showers of dust fell here today. The distance between Nagasaki and Sakura is about sixty miles.

A refugee who arrived here today from Kagoshima gave the following account of the eruption: "The scene of the disturbance started suddenly with columns of thick black smoke and flame from the crater of Sakura-Jima. Hundreds of the inhabitants of the small island rushed to the beach and

Stop Stomach Worries Now

And Use Stuart's Dyspepsia Tablets so That You Can Digest Each Meal Quickly and at the Same Time Renew Your Digestive Strength.

Learn once again how to smile and laugh, and stop this grouchy moodiness. This condition arises from a faulty digestion and cannot be removed unless you use common sense and assist Nature's little.

"I Am a New Man since Stuart's Dyspepsia Tablets Gave Me a New Stomach and Appetite."

THE DAY IN CONGRESS

(By the Associated Press.) Washington, Jan. 13.

SENATE. Met at noon. President Wilson's nomination of John Skelton Williams for Comptroller of the Currency and member of the Federal Reserve Board was received.

Debate on the Alaska railroad bill was resumed. For lack of a quorum the Judiciary committee postponed consideration of the Glass and Lee Senatorial cases.

Considered nominations in executive session. Adjourned at 4:50 a. m. to noon Wednesday.

HOUSE. Met at noon. Mayor Mitchell, of New York, asked the Rivers and Harbors committee to appropriate for the improvement of New York harbor.

Rules committee meeting called for Saturday to consider Congressional investigation of strikes in Michigan and Colorado.

Judiciary committee arranged to confer tomorrow with President Wilson on the administration's trust legislation program.

Federal appropriation of \$25,000,000 for good roads proposed by Representative Moon, of Tennessee.

Commerce committee arranged for a hearing on railroad safety appliances Thursday.

Representative Kelly, Progressive, of Pennsylvania, introduced a bill to prohibit employers influencing their employees at elections.

Further committee action on the LaFollette Seaman's bill deferred until late this month.

Representative Moon brought in a special rule to prevent reform clauses in the Postal Appropriation bill being ruled out on points of order.

Passed joint resolution for commission on plan for national aid to vocational education. Adjourned at 4:50 p. m. to noon Wednesday.

WILLIAM WALSTON, An Old and Esteemed Pasquotank Citizen Passes Away.

Elizabeth City, Jan. 13.—William Walston, one of the oldest and most highly esteemed citizens of Pasquotank county, died this morning at his home in the Newbegun Creek section at the age of 75 years.

He was an old Confederate soldier who served throughout the War between the States and made a record for bravery. He was a Mason and was prominent in that order. He was noted for his hospitality and in his younger days his home was the scene of many a festive occasion in which the young people gathered for miles around.

The funeral services will take place Wednesday afternoon at 1 o'clock from Newbegun Methodist church and will be conducted by Rev. V. A. Royall. The interment will take place in the burying ground at Newbegun Creek church.

FURIOUS BLIZZARD LASHES THE COAST

From New York to New Found-land Through New England NORTH - EASTERN PORTION Of United States Storm-Swept, and in Its Wake Came Reports of Ships in Distress, Fears of Heavy Loss of Life are Entertained.

Boston, Mass., Jan. 13.—Lashing the Atlantic coast from New York to New England a blizzard of tremendous fury swept through New England and the Northwestern part of the United States today. In its wake came reports of ships in distress that led to fears of a heavy loss of life.

Distress signals were received from two schooners anchored off Cape Cod. Along the shore was a wrecked long boat beyond reach, but no sign of life on board.

The schooner John Paul, 350 tons, sank in Nantucket Sound early today while being towed to the revenue cutter Acushnet. The crew of six men had abandoned the ship and nothing is known as to their fate.

The schooner Greta was anchored in Nantucket Sound last night with distress signals flying, had disappeared this morning.

Crafts were badly battered in the vicinity of Woods Hole, Mass., and many calls for assistance were sent out by skippers.

The steamer Hartford, of the Hartford and New York Transportation line went aground this morning in the Connecticut river.

The lumber schooner Thomas Winslow, which went aground yesterday near Sandy Hook was floated this morning apparently undamaged.

DEATHS IN THE WEATHER

Terrible Suffering in New York State and City Results From Downward Plunge of Temperature. New York, Jan. 13.—With the mercury standing at three degrees below zero early tonight this city lay in the grip of a cold spell of such severity as rarely is experienced.

Less than a dozen times in the forty-three years of the local weather bureau has the thermometer registered a temperature so long. Notwithstanding this downward plunge of the mercury, which caused three deaths from exposure today, this was the warmest region of the State, reports from the country districts in Northern New York showing a drop in the temperature ranging 47 degrees below.

A wind that at times blew 75 miles an hour added to the suffering. The unemployed were driven to shelter, managers of missions and municipal lodging houses reporting many men out of work. The city, aiming to relieve these persons, began turning a recreation pier and charities department boats into lodgings while the board of aldermen adopted a resolution favoring a civic employment agency.

Cold Death Grip for Chauffeur. Frank E. Berry, a chauffeur, died from exposure after sitting two hours in his automobile in front of Carnegie Hall. Henry Keefe, laborer, and Walter A. Haag, grocer's boy, were overcome in hallways and died. Bernard Arnow, a contractor was blown in front of a car and seriously injured. Several persons were removed to hospitals suffering from exposure.

Weather and wind affected the harbor and river shipping. The tug Newport went adrift off the Bay Ridge shore when her engine became "dead." Her crew was rescued.

Relief Expected Today. Washington, Jan. 13.—The season's first visit of old-fashioned winter today promises to be short-lived. In the West an "area" was pressing for room and when it began to move Eastward it was expected to displace the colder air below zero weather from 24 degrees at Northfield, Vermont, upward throughout the New England, Middle Atlantic, and Lower Lake States was reported to the Weather Bureau here tonight.

Relief for Boston reported many men out of work. The tug Newport went adrift off the Bay Ridge shore when her engine became "dead." Her crew was rescued.

Weather and wind affected the harbor and river shipping. The tug Newport went adrift off the Bay Ridge shore when her engine became "dead." Her crew was rescued.

Watch Carefully the Child's Diet

Start Them Off Right With a Good Laxative and Then Watch Their Food.

Mothers are often unconsciously very careless about the diet of their children, forcing all to eat the same foods. The fact is that all foods do not agree alike with different persons.

Hence, avoid what seems to constipate the child or to give it indigestion and urge it to take more of what is quickly digested.

Constipation should immediately be given a mild laxative to help the bowels. By this is not meant a physic or purgative, for these should never be given to children, nor anything like salts, pills, etc.

What the child requires is simply a small dose of the gentlest of medicines, such as Dr. Caldwell's Syrup Pepsin, which, in the opinion of thousands of watchful mothers, is the ideal remedy for any child showing a tendency to constipation.

So many things can happen to a constipated child that care is necessary. Colds, piles, headaches, sleeplessness, and many other annoyances that children should not have can usually be traced to constipation.

Many of America's foremost families are never without Syrup Pepsin, because one can never tell when some member of the family may need it, and all can use it. Thousands endorse it, among them Mrs. M. E. Patten, Valley Junction, Iowa, who is never without it in the house.

Mrs. Patten says that Syrup Pepsin has done wonders for her boy Ralph, who was constipated from birth but is now doing fine. Naturally she is enthusiastic about it and wants other mothers to use it.

Dr. Caldwell's Syrup Pepsin is sold by druggists at fifty cents and one dollar a bottle, the latter size being bought by those who already know its value, and it contains proportionately more.

Everyone likes Syrup Pepsin as it is very pleasant to the taste. It is also mild and non-gripping and free from injurious ingredients.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

LOSS OF HAIR IS ACCEPTED AS THE FIRST INDICATION OF OLD AGE

Don't Look Older Than You Are.

Although frequently accepted as such, thin, wispy hair does not necessarily indicate approaching old age. Instead it is more often traceable to the hair destroying effect of dandruff and hence becomes a matter of mere personal neglect.

Incipient loss of hair, with its ultimate chronic form, is not considered by the majority of people with sufficient seriousness. Both are looked upon as inevitable, when as a matter of fact, there is no more need of losing one's hair, or having thin, scraggy locks at sixty than there is at sixteen.

Proper and intelligent care of the hair is all there is to it. To combat dandruff contagion, loss of hair and itching scalp, Herpicide is the logical preparation to use.

Thousands of people are using Newbro's Herpicide with infinite satisfaction for the troubles incident to loss of hair.

To acquire light fluffy and beautiful hair—hair that has that natural sheen and lustre, which are such an aid to feminine good looks, Herpicide is strongly recommended.

Acknowledged as the leading scalp prophylactic and dandruff eradicator, Herpicide produces the most satisfactory results when used intelligently and persistently.

The odor of Herpicide is delightful to all. Your dealer knows the merit of this wonderful scalp prophylactic and will guarantee it to do as claimed or return your money. It is sold everywhere in 50-cent and \$1.00 size bottles.

Applications may be obtained at the better barber shops and hair dressing parlors.

The Herpicide Co., Dept. 8, Detroit, Mich., will send a trial bottle of Herpicide and booklet telling all about the hair to any address upon receipt of ten cents in postage or silver, to cover the cost of packing and mailing. For sale at all drug and department stores.

HERE TO STAY WE NEVER USE THE KNIFE

"914" Cures Blood Poison—the Improved "606"

H. WEIL & BROS. Goldsboro, N. C.

We Are Going to Sell Some Coats Popular Winter Coats to Be Closed Out at Cut Prices. We say that we are going to sell some Coats, because we are going to put the price down to that point. When we announced our Suit Sale with the several hundred on hand, some thought that we never would sell them. Those same people should see our racks now. You can scarcely look around on the street without seeing a Coat Suit that came from this store. A FEW COAT SUITS. We propose to do the same respecting the sale of Coats. We have quite a few of these, but don't stand back for that reason. The Fashion will sell out in a day or so. Your size may be in our lot of Suits, and if so, a bargain is waiting to be sent out to your house. It Will Be Worth Looking Into. The Fashion

SHE GAVE UP ALL HER WORK On Account of Her Weakness, But Cardui, the Woman's Tonic, Brought Back Strength. Summit, Va.—Mrs. Leonora Walker, of this place, has the following to say regarding her experience with Cardui, the woman's tonic. "Before I began to take Cardui, I suffered with womanly troubles, and, also, with what I thought was stomach trouble. I was so weak, I had to give up all my housework; and could not do any of the cooking. I commenced taking Cardui, the woman's tonic, and after the third day I began to feel better. Have now used five bottles, and am well, and can do all of my housework and cooking by myself. In fact, I feel like a new woman. I shall be only too glad to do anything I can, to help praise the Cardui Home Treatment, for it is so good for suffering women. I shall never be without it." For over half a century, Cardui has been helping to build weak, nervous, tired-out women, back to strength and health. It goes to the seat of the trouble and builds up womanly strength where it is most needed. Cardui may be the very medicine your system has long been needing. Get a bottle from your druggist today. It cannot harm you, and should surely do for you what it has done for so many thousands of others. N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.
