

TO THE CARE OF THE STATE'S COTTON

Plan to Issue \$20,000,000 Worth of Bonds to Be Retired in Three Years

STATE TO BUY COTTON Artificial Market Should Be Created, by Which One Half of Cotton Crop of State May Be Taken Care of at Gain to North Carolina of Several Million Dollars

How North Carolina may make a clear profit millions of dollars, relieve the cotton situation, save the farmer and yet place the cost of the scheme advanced last night by Senator James H. Bankhead of Alabama in Raleigh, Senator Bankhead spoke before the Trade bodies of the city in mass meeting in the hall of the House of Representatives.

The speaker touched at once upon the proposition advanced that the Federal government be looked for aid in the situation. "In the Senate," he said, "there are eighteen cotton senators out of a present of twenty-five in the House there are ninety-four or ninety-five cotton representatives out of four hundred and thirty or forty. This just means that the majority of the Federal government in these houses are just interested in cheap cotton and cheap cotton goods as we are in cheap wheat and cheap flour."

He told of the numerous efforts that have been made for the solution of the present difficulties. He called attention to the recent meeting of the governors of the States with the Senators and Representatives of the cotton growing States in Washington.

"And there were about as many opinions," commented the speaker, "as there were senators and governors in that body."

"The proper place to turn," he declared, "is to the States to see if we cannot find and apply a remedy, or device means by which cotton can be cared for which cotton can be. I believe that North Carolina unaided and alone can take care of the situation in this State."

a brief address that this is the only plan he has heard of that seemed practical to him.

The German's Right Wing Has at Last Been Stopped in Mad Sweep Down Coast

During the trip out the party was arrested several times. Their first arrest occurred near Compiegne, a French territorial who stopped them pointed out a village spire in the distance, saying "Germans are bombarding the village. They are coming back but the soldier informed them they must go to the village and see the colonel of that section."

When the party arrived the bombardment was very heavy. Houses were being shot by shrapnel and collapsing every minute. While their papers were being examined in front of the colonel's headquarters a shell burst directly overhead but as soon as the noise subsided the colonel came to the rescue as though nothing had happened. The Americans had difficulty in finding their way through Senlis, Amiens and Boulogne, owing to the disappearance of signposts and the refusal of the Germans to give them any information. One place they passed had been taken and retaken six times by the French and Germans and consequently the inhabitants feared to give them any information on the ground that they might be spies.

On the eastern section of the allies' line the fighting still continues feverishly. The Germans today made a strong attack on Malin-court, northwest of Verdun, which, however, was unsuccessful. The French have even made some progress here and also in Alsace despite the German efforts to hold them or force them back.

American Cars at Battle. French officers in the immediate vicinity of the firing line recently were amazed to see two motor cars containing seven children, all under ten years of age, and two grown persons entering the battle zone. Across the glass shield on one of the cars in French were the words "to the service of the ambassador of the United States." On being stopped it was found that Eric Wood, one of the attaches of the American embassy in Paris, was in one of the cars with his children. He was a chateau in northern France, where they had been with servants since the outbreak of the war, by an expedition sent out by Myron T. Herrick, the American ambassador.

KEYVILLE TRAIN CHANGED. Now Runs Only From Durham to Keyville Instead of Richmond. (Special to The News and Observer.) Durham, Oct. 16.—The Southern railroad has changed the schedule of the train which leaves Durham at 5:40 in the morning for Richmond. The train will also cut out a part of the trip, going only to Keyville after the new schedule goes in effect. This is a part of the contemplated changes and retrenchment which was allowed by the corporation commission at the request of the Southern. The train will leave about 8 o'clock, and the traveling public as was the other one in that it will make a later connection at Keyville for the other points in Virginia.

MARCONI COMPANY IN TROUBLE AGAIN

Honolulu Station Violates Neutrality by Reporting Arrival of German Cruiser. Washington, D. C., Oct. 16.—In reporting the arrival of the German cruiser Geier, the Honolulu station of the Marconi Wireless Telegraph Company was guilty of flagrant violation of the neutrality of the United States, in the opinion of Navy department officials, although that may not have been the purpose of the message. In consequence the station will be closed within twenty-four hours if a satisfactory explanation is not forthcoming. Orders to this effect were sent today to Admiral Moore at Honolulu.

Japanese Embassy Officials expressed relief today on hearing that the Geier had been interned at Honolulu. The Japanese liner Shinyo Maru Maru is approaching Honolulu from San Francisco en route to Japan, and it was feared she might have fallen prey to the German cruiser had the latter again put to sea.

GENERAL DOCTOR LUMSDEN IS HELD

Thousands Mourn Passing of Beloved Physician and Citizen of Elizabeth City

Elizabeth City, Oct. 16.—All business was suspended in Elizabeth City this afternoon during the funeral and interment of Dr. William J. Lumsden and hundreds of citizens thronged the First Methodist church to attend the services. One of the largest funeral congregations that has ever assembled in Elizabeth City gathered in Rollwood cemetery to witness the last sad rites over the body of Elizabeth City's best loved physician and citizen. The floral offerings were most elaborate.

DR. WILLIAM J. LUMSDEN Beloved Physician of Elizabeth City Whose Funeral Was Held Yesterday

Little, M. R. Griffin, J. P. Kramer and G. R. Bright, the members of the Pasquotank County Medical Society were honorary pall bearers. The members of the two lodges of Odd Fellows also attended in a body. No death has occurred in Elizabeth City in years that is so universally mourned as that of Dr. Lumsden. No man has lived in Elizabeth City who has done more to relieve suffering and cure the afflicted than Dr. Lumsden. He had a large practice among people of every class and condition. His practice was lucrative, but he gave the greater part of his income away. He did a great work among the poor. He cured their bodily ills and at the same time carried them provisions and other necessities of life. The remembrance of these acts caused thousands of people throughout this section to mourn his loss sincerely and to vie with each other in honoring befittingly his memory.

A great and good man has passed away and many people are sorrowful at the loss of a great citizen. The most pathetic person in Elizabeth City today is Miss Essie Williams, the invalid daughter of Deputy Marshall J. R. Williams. She lies prostrated at her home with grief over the loss of her best friend, the physician who has tenderly and patiently treated her during nearly her whole life and who cheered her in the darkest hours of afflictions with words of hope of being restored to health, which she has partly realized during the past twelve months.

STUDENT DAY TOMORROW. Dr. Henry Louis Smith in Sunday Address at Wake Forest. Address at Wake Forest. Wake Forest, Oct. 16.—Sunday, October 18th, is to be celebrated in the Wake Forest Sunday school as Student Day. An effort is going to be made to have every student in Wake Forest College in Sunday school October 18th.

CALOMEL MAKES YOU SICK, UGH! "Dodson's Liver Tone" better than calomel and can not salivate. Calomel loses you a day! You know what calomel is. It's mercury; quick-silver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

U. D. C. Sessions Now Adjourned

(Continued from Page One.) an appeal that the North Carolina Division take steps toward establishing for the State the honor of having a son who designed the Stars and Bars, the emblem of the Stars for a long time unacknowledged, has met with a protest from Alabama, that State bringing forward a claimant for the honor. The matter is finally to be settled before a committee meeting in Richmond.

Committee Reports. Mrs. L. A. Johnston of Charlotte made her report on the North Carolina room at the Confederate Museum in Richmond. Mrs. E. E. Moffatt of Richmond, supplemented this report with a few words of explanation of the methods used by the museum in obtaining accurate data for the records of the war.

Peace Talk at Convention. Mrs. E. E. Moffatt came forward near the close of the convention with her report having as its aim the turning of the minds of the young toward the movement for world peace. Mrs. Moffatt in the preamble of her resolution recited the facts concerning the present situation.
