IF BACKACHEY OR KIDNEYS BOTHER

Eat less meat also take glass of Salts before eating breakfast.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy, the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from back-ache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad. Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia; and has been used for generations to clean clogged kidneys and stimulate them to normal activity, and to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water, drink which everyone should take and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

\$15.00 WEEK

We said we would and we did. Meaning to say that we would surprise a lot of classy chaps when they took a look at the clothes we are selling for

\$15.00 and we did.

Fifteen dollars will buy a mighty good suit or overcoat when they are built to sell for that price, and if you haven't seen them, this is the week to give them the "once over." And style! If you don't pronounce them the most stylish garments you've seen for anything like 15 bucks around these parts, it'll fool us. Just take a turn into the classiest shop in town and take a look.
