This Lady Says, "I Cannot Find Words To Express How Thankful I Am To Cardui."

Jonesville, Va .- "I certainly appreciate what Cardui, the woman's tonic, has done for me," writes Mrs. Owen F. Wells, of this town. "Before I began to take Cardui. I could hardly go about. I had several womanly troubias, which caused me much suffering, and were very troublesome. But now I feel like a different person.

I had often read of Cardui, but had little faith in it. My husband urged me to try it, and now I cannot find words to express how thankful I am. Cardul is a wonderful medicine and I feel that it was a greater help than anything I could have taken.

I had scarcely no pain or suffering at childbirth, and I feel I owe it all to Cardui. I know that no woman would make a mistake in using Cardui at that most critical time. It will save them so much suffering.

It is my sincere desire that this statement may be seen and read by "Tuberculosis is the most terrible all sufferers who suffer as I did. I am disease in the world. The medical telling all my friends and acquaint-profession and leading scientists of all suces of the great cure I have received."

If you suffer from any of the ailments se common to women, give Cardui a trial.
