Permanent Organization Will Be Effected For Betterment of Conditions

Orphan workers from all over the State and those interested in the problem of the orphan will meet in the hall of the House of Representa-tives this morning at ten-o'clock for the purpose of organizing a Statewide Orphanage Association, Dr. Z. Paris. Grand Chaplain, I. O. O. F. will call the meeting to order and will preside

during the exercises.

It was published as a part of the regular program at first that Governor Locke Craig would make the opening address of welcome this morning. But since this, it has been learned that Governor Craig will be out of the cky. Mayor James I. Johnson, however, will make the ad-dress of welcome on the part of the

cause of the orphan in the eyes of the church and the State and to give to the orphan opportunities proportion-die to the care that is given the paupers and the insane and the other dependants upon society.

The need for greater provision is becoming apparent every year. Sev-eral years ago the Social Service Conference made a census of the orphans of the State and discovered that there were about eight thousand orphans in North Carolina and of this number less than twenty-five hundred were

being cared for in institutions.
