Closes Five To Nine Points Net Advance

LATE RALLY IN LIVERPOOL

Firmness in New Orleans, and Continued Activity of Stock Market Probably Promoted Buying On Rally; Easier Tendency in Market For Marine

York, April 13. An env.y decline was more than recovered in cotton today with the close steady at a not advance of

scattered selling which developed yester-day, and after opening at a decline of 3 to 6 points, active months sort 7 to 9 day, and after opening at a decline of 2 to 6 points, active months soil 7 to 9 points under yesterday's closing. Enly weakness in Liverpool and reports of good weather South probably promoted the early selling movement, but at the decline to 10.44 for October, or about 25 points under kinday's high records, offerungs tapered off and the market soon turned steader. A late raily in Liverpool, firmness in New Orleans and continued activity and strength of the stock market probably promoted buying on the raily. Near months were relatively firm on the advance on short covering while there were rumors that Southern spot dealers were in some instances covering. March contrasts, ewing to apprehension that their cotton would not pass contract requirements. Resides some of the larger spot interests were redified with steady purchases of October and December, and the market soid six to twelve points net highes in lane trading. Rejects of an easier tendency in the market for marine risks, combined with the continued full post receipts led to rather more optimistic predictions as to clear not optimistic predictions as to cl

sale. A moderate demand served to maintain prices.

The market at first was influenced by unfavorable cables from Livery of, but the lowest prices were only four to six points under yesterday's close. We ther conditions were considered fray-able although the buils elaimed the best needed rain, and some of the selling was due to this cable. Laten however, the fear bint the first government vrop reports of the season, to be issued tomorrow, eight contain unfavorable references to the landwardness of the season, was a stimulating influence. Buillah sentiment was fostered by reports from New England soille, showing most propierous business due heavy buying of polis.

After Early Decline Market Gains One Point After Wild Signs That Pointed To De-Range of 32 Points: Some Leading Issued Which Followed Lead Close at Net

New York, April 13.—Wild and active speculation in securities was resumed today under lead of Bethlebem Steel, which Pose and fell within a range of 22 points and closed with a net gain of one peint. From its high price of 155, recorded midway of the afternoon session, it gradually yielded ten points but towards the end its fall assumed wider proportions, declining to 132 and finishing at 125.

to 123 and finishing at 125.

All bran-bes of the stock list which had moved forward with Betrichem Steel earlier in the day were more or less upset by the severe break, some leading tesues yielding more than their games and closing with net losses. Developments as a whole were distinctly favorable to the constructive side, including peace rumors from Washington and less official quarters, and another large engagement of gold in the Orient for transmission here.

PROFIT AND SECURITY

Large interest is seldom associated with absolute security of principal. When the line of positive safety has been crossed, investment is displaced by speculation.

To those prudent people of Raleigh and vicinity who appreciate the value of safety-and the safety of conservatism-we suggest the desirability of a Savings Account as a safe, remunerative and satisfactory investment of surplus

This institution pays 4 per cent, interest, compounded quarterly, on Savings and guarantees unquestionable security.
