American Dollars To Be Used In Payment Free From British Income Tax Requirements; Opposition By Pro-German Bankers Determines Project's Supporters

(By the Associated Press)

New York, Sept. 15 .- America's billion dollar loan to Great Britain and France seemed to be well on the way to actual accomplishment tonight, ac-cording to bankers familiar with the pledges secured thus far by members of the Angio-French financial com-

mission.

There was every indication, these bankers thought, that the commission's work had met with a degree of success that had fully equalled their expectations.

This rose view, however, did not coincide with the sentiments of the so-

called pro-German financiers here, who have not been invited to meet the commissioners. So far as could be learned from

So far as could be learned from bankers in close touch with the commission's work, the altuation tonight was as follows:

Many Pledges Secured.

"Pledges already have been secured for a considerable fraction of the loan. Other pledges are in prospect.

The so-called pro-German banking houses of New York will be invited to participate if the commission can be

participate if the commission can be persunded that they are sincere in their expressions of willingness to do

The billion dollar loan probably will be divided into two and possibly four separate series of equal amounts. Bonds upon which the loan will be granted will bear not less than five per cent interest, and will be payable in dollars, free from British income tax requirements.

tax requirements.

An attempt will be made to sell the bonds at par, in case the interest rate should be five per cent. The commis-sion fully believes such bonds could

sion fully believes such bonds could be disposed of at par, but American bankers have their doubts.

Germans Opposed.

Opposition to the loan is country-wide among Americana of German sympathies or parentage, but has strengthened other markers in their determination to aid in its flooting and, in the opinion of the commission's friends, has not seriously im-

British Premier Tells House of Commons Struggle Costs \$17,500,000 Daily

#### THREE MILLION MEN ENLISTED SINCE START

oans To Other Belligerents, He Says, Total 30,000,000 Pounds; Program Now Declared Complete With Exception of Munition Works Where Laborers Are Needed

London, Sept. 15.— Fremier Asquith in the House of Commons today moved a vote of credit of 250,000,000 paunds (\$1,250,000,000) from July 18

to September 1. he said, the daily net expenditure for the war had been 3,500,000 pounds (\$17,500,000). The Premier also announced that nearly 3,000,000 men had enlisted. He made this statement in reviewing the financial and military situations so far as military exigencies permitted; but this requirement necessitated in many instances only vague references to the

trend of events.

The growing expenditures for the war were emphasized by the Premier, He said the average daily cost from April 1 to the end of June was 12,-700,009 pounds (\$13.500.000); from July 1 to 17, 5,000.000 pounds; from July 18 to September 11, 2,500,005 pounds. Thus the total for this period in round figures is 500,000,000 pounds. There has been repaid 50,000,000 pounds to the Bank of England, 30,000,000 pounds has been lent to foreign governments and 28,000,000. trend of events to foreign governments and 28,000,000 pounds lent to the Dominion

Weekly Expense Great. Asquith estimated that the weekly gross expenditures henceforth would not exceed 35.000,000 pounds... It was his opinion that the new vote would carry the country through to the third week of November.

Regarding the work of the muni-tions department the Premier said all that was now necessary to complete this great and necessary task was an adequate supply of labor. The miniadequate supply of labor. The minis-ter of munitions had established twen-ty shell factories, and eighteen more were in course of construction. In

#### War Summary

The British Parliament has passed a new vote of credit of \$1,250,000,000 bringing the total since the outbreak of the war to \$6,310,000,000. Great Britain's daily war expenditure now is fixed at more than \$17,500,000.

Premier Asquith and the war secretary, Lord Kitchener, have presented interesting facts to Parliament concerning both finances and military operations. According to their statements, more than 3,000,0000 men have been recruited since the war began and munition factories are springing up, and munition supplies being vastly increased.

increased.

In reply to a question in the House of Commons, Lord Robert Ceell, Under Secretary for Foreign Affairs, said Germany had offered no peace proposals nor could be imagine any being made at the present time which would be acceptable to the allies.

Arthur J. Balfour, First Lord of the Admiralty, spoke optimistically of the preparations for the defense of London against air raids.

The United States having accepted the evidence in connection with the sinking of the Arabic as conclusive proof that she was torpedoed without warning. Ambassador Gerard will present to the German foreign office a nummary of this evidence.

(Continued on Page Two.)

Washington, Sept 15.—How every phase of American industry has been benefited by the warld war was outlined in an official statement today by the Department of Commerce forecasting the effect of the conflict on the industrial future of the country.

"The blow in the face received by American industries through conditions brought about by the European war has acted as a tonic, has forced the nation to create new branches and enlarge the scope of existing phases of manufacture, opened the way to utilitie, on a vast scale, great natural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures and merantural resources of the United States, and induced manufactures opened the mational proparation for an adequate defence against affined. The remainder furnishes at once products and induced manufactures of the chemical industry of the country.
