You May Test This Catarrh Remedy Free. Simply Write a Post Card to Address Below

Dr. Blosser, who has devoted forty years to the treatment of Catarrh, is the originator of a certain combination of medical herbs, flowers and berries to be smoked in a pipe or ready prepared cigarette. The smoke reaches all the air passages of the head, nose and throat. As the disease is carried into these passages with the air you breathe, the antiseptic healing vapor of this Remedy will be carried with the smoke directly to the affected parts.

This simple, practical method applies the medicine where sooty, discharges, ulcers, etc., cannot possibly go. Its effect is soothing and healing, and is entirely harmless, containing no tobacco or habit-forming drugs. It is pleasant to use, and not shocking to those who have never smoked. No matter how severe or long-standing your case may be, we want to show you what our Remedy will do. To receive the Remedy, simply write to The Blosser Company, 715 Walton St., Atlanta, Ga. We will mail absolutely free to any address, a sample that will verify their claims by actual test. This free package contains a pipe, some of the Remedy for smoking and also some of our medicinal cigarettes. If you wish to continue the treatment, it will cost only one dollar for a pipe or a box containing a dozen medicinal cigarettes. We pay postage. If you are a sufferer from Catarrh, Asthma, Chronic Bronchitis, or if subject to frequent colds, send your name and address at once by postal card or letter for the free package and a copy of our illustrated booklet.

The Dixie Highway Pilot

F. T. Colgrove, President of the Michigan State Good Roads Association, who accompanied President M. M. Allison, of the Dixie Highway Association, on the inaugural tour and rode in the Cole 8 pilot car, says: "It was my delight and pleasure to experience my first ride in a Cole 8 from Chicago to Indianapolis on the Dixie Highway inspection tour. As President of the Michigan State Good Roads Association for the past eight years, I have had many like courtesies, but can say truthfully and do no violence to a plain statement of fact when I say I never enjoyed a car over the rough country roads more than the Cole 8. The roads slip under one not conscious of any effort on the part of the car. I regard it as one of the best, and look for a bright future and a most favorable reception from the public."

Of all the cars on the market today, the one chosen to pilot the recent Dixie Highway inaugural tour was a 1916 Cole 8. It was the official car that carried President M. M. Allison, of the Dixie Highway Association. Cole 8 has proved its mettle as a hill-climber. It has negotiated with ease roads deep with sand. It has faced America's most rugged highways without faltering. A car that adjusts itself to varying climatic conditions—a car with a proven speed range in high of from 2 to more than 60 miles an hour; and established gasoline economy record of from 15 to 20 miles to the gallon, and on oil from 400 to 500 miles to the gallon—a car that has been tested and tried in every section of the United States and never once found wanting—Cole 8 is known for its absolute dependability and power. That's why it was chosen to lead the great pioneering tour of Dixie.

ODD FELLOWS MEET HERE ON TUESDAY

The Odd Fellows of Halifax, Vance, Nash, Franklin and Wake counties, which compose the eighth district, will hold their semi-annual convention in Raleigh next Tuesday afternoon and night. The opening session will begin at 2:30 o'clock and will be devoted largely to matters of business and general discussion of the good and welfare of the order in this section. Capital Equipment, No. 48, with the co-operation of Manteo and Seaton Gales lodges, will serve supper in the lodge room at 8:30 o'clock, to which the Odd Fellows of Raleigh, as well as the visitors to the convention, are cordially invited. It is expected to make this the social hour of the convention. The night session will be largely attended, at which time the first degree will be conferred on a class of candidates from the lodge at Franklinton, by a joint team of Manteo and Seaton sales lodges. After this degree work, there will be an address by Hon. Guy Weaver of Asheville, who is deputy grand master for the State. The convention considers itself fortunate to be thus honored. During the afternoon session the annual election of officers will take place. The present officers are: President, J. R. Madlin; vice-president, Dr. R. B. Henderson; secretary, S. R. Lee; treasurer, J. C. Walker; chaplain, Rev. R. F. Taylor; district supervisor, Hon. M. L. Shipman.

Matchless \$25 Suits and Overcoats

From a value-giving standpoint the Berwanger \$25 Suits and Overcoats reach the climax, because the quality of the fabrics, the choiceness of the patterns and styles, the linings and the trappings, the tailoring and fit are on a par with the custom-tailors' \$37.50 product. And if you'll make comparison you'll also find that the best at \$30 at other stores are no better than these \$25 Suits and Overcoats of ours. The variety we offer is also far greater than obtains anywhere else. Our former seasons' \$25 Suits and Overcoats were not altogether up to these in every point of excellence, which is proof that our standards are ever rising. They are indeed model garments and worthy of the most particular dressers.
