Grandmother's Cameo Brooch

You always did think it was beautiful, didn't you? And it was. The exquisite coloring and dainty carving of cameos give them distinction and beauty which other jewelry can not equal.

But the old-fashioned Cameo Jewelry was too big, heavy and clumsy.

Modern pieces, which are so fashionable now, are dainty, light and refined.

Jolly & Wynne are showing Brooches, Scarf Pins, Rings, Lavalliers, and other Cameo ornaments of superior quality and workmanship. The stones are of exquisite coloring, the carving faultless and the mountings of charming design.

This great improvement in the making of Cameo lewelry has brought it once again into fashion. This fall and winter it will be much worn by women and men who pay attention to styles in jewelry.
