# A CLEANER HOUSE

No Other Fuel can possibly keep your house so clean as

# Genuine Gas Coke

All the dirt, soot, gas, and smoke have been removed at the gas plant. Genuine Gas Coke is almost pure carbon, and burns to a very fine ash. It is twice as bulky as hard coal but gives about half as many ashes.

Your house furnishings are too valuable to allow them to be covered with fine coal dust, which is certain to be present, wherever soft coal is burned.

Clean curtains, clean walls, clean linen, and clean lungs—these are some of the extras that come with GENUINE GAS COKE. We will show you how to burn it.
