the institution, as at present there are no funds available for this purpose. The election of an assistant physician

to fill the vacancy caused by the resig-nation of Dr. E. M. Gayle was post-poned, and the superintendent was in-

structed to make investigation with a view to getting a first-class trained man

in nervous and mental diseases.

The following resolution was unani-

mously adopted:
Resolved, that it is the sense of the

board that additional employment should be provided for the patients in the way of arts, crafts, manual training,

etc. With a view to gathering such in-

formation as may be necessary to provide for this work, the superintendent is instructed to make the necessary investigation, and two members of the board are authorized to accompany the

superintendent and assist in investiga-

tion, in information gathered to be laid

before the board for such action as may be deemed best, and the necessary ex-

for the hospital.
