Union Depot

Table with 2 columns: Going North, Going South. Lists train times for various destinations like Greensboro, Durham, etc.

Table with 2 columns: Going East, Going West. Lists train times for destinations like Norfolk, Virginia.

IN AND ABOUT THE CITY

Returns From Boston.—Dr. Hubert A. Royster has returned from Boston, Mass., where he read a paper before the...

Meeting Today.—The rural beautification committee of the civic department of the Raleigh Chamber of Commerce will meet at 5 o'clock this afternoon to discuss plans regarding a spring campaign for beautifying schools in the country.

Reports to Club.—Millard Parker, well known young Raleigh boy who has been playing professional ball the past several years, left Saturday to report to the Clarksville, Miss., club of the Cotton States League. Parker played two seasons in the Georgia-Alabama League and during the latter part of 1915 was a member of Clancy's Winston team.

Suburban Home Burned.—The two-room dwelling of George Sutton, colored, situated in South Park, outside the limits, was totally destroyed by fire about 6:30 o'clock last night. Very little of the household effects was saved. The damage amounted to about \$500. The home of George Dunston, colored, on Hicks and Peace streets, was damaged about \$5 by a small roof blaze.

Plan For Marketing.—The Home Demonstration and Canning Clubs of Orange county, under the leadership of Miss Lela Cassidy, county agent, are planning to combine for the purpose of establishing a County Co-operative Marketing Association at Hillsboro. This association will have for its purpose the adoption of commercial standards in canned goods, preserves, pickles, vegetables, cured hams, etc., and the more intelligent marketing of these commodities.

Increase In Corn Yield.—During the past 15 years North Carolina has increased in average corn yield from 12 bushels per acre to 21, in value per bushel from 57 cents to 77 cents, according to figures supplied by Major W. A. Graham, Commissioner of Agriculture. He compares these figures to Iowa, where the corn yield has dropped from an average of 36 to 30 bushels in 1915 and an increase in value of from 27 cents per bushel to 51.

County Agents Named.—Six county agents have recently been appointed and have begun work in North Carolina counties. The names and addresses of these men are as follows: J. A. Goodwin, Troy, Montgomery county; George A. Cole Lillington, Harnett county; W. R. Tingle, Whiteville, Columbus county; Frank Fleming, Hendersonville, Henderson county; J. H. Hampton, Murphy, Cherokee county; and J. L. Thurman Marion, McDowell county.

CANDIDATE FOR JUDGE OF THE CITY COURT OF RALEIGH
I hereby announce my candidacy as Judge of the City Court of Raleigh.
W. H. PACE

For Commissioner of Public Safety
I wish to announce that I am a candidate for Commissioner of Public Safety of the City of Raleigh. I am not put forth as a candidate by any faction. If the people of the city see fit to elect me to this office, I shall not only endeavor to successfully affect further city improvements, but to serve the people faithfully and to the best of my ability.
J. H. GOSNEY.

C. The Southern serves the South.

HOW SHIVAR MINERAL WATER RELIEVES RHEUMATISM.

According to the standard medical books, Rheumatism is not a germ disease but is the result of imperfect nutrition. The food is either imperfectly digested or imperfectly assimilated. Poisons accumulate and these irritate and inflame the delicate linings of the joints, the heart and other organs. To cure Rheumatism it is therefore necessary to stop the formation of these poisons and get rid of those already formed. The celebrated Shivar Mineral Water acts on the stomach and kidneys. It corrects the digestion and washes out the poisons through the kidneys. This is the opinion of physicians who prescribe it. If you suffer with rheumatism, dyspepsia, indigestion, gall stones, disease of the kidneys, bladder or liver, uric acid poisoning, or any condition due to impure blood, read the following letter, then sign it, enclose the amount and get it out of a hundred, on the average, report no benefit. Shivar Spring, Box 91M, Shelton, S. C.

EXTRA CIRCULATION This word to "wise" advertisers should be sufficient. Regular rates will apply for advertising in this edition and space should be reserved immediately.

The Classified Ad

An Appreciation by O. W. CRAWFORD, Parades, La.

THE CLASSIFIED AD. is the pure-bred ad. It is the racehorse of advertisements. Cleaned of all surplus, with a saddle of fact, a bridle of honesty and a rider of intelligence, nothing can beat it.

It is the hair-trigger rifle of advertising firearms. It will hit the bull's-eye every time if you hold it true. It has only one bullet, and you are always agreeably surprised at how far it carries. No one, peasant or prince, pauper or plutocrat, is out of its reach. Always load it with an honest bullet, be careful to aim at what you want, touch the trigger and don't fear the result.

THE CLASSIFIED AD. is more read by busy people than all other ads. In it they are not afraid of being argued into trying something they don't want. It goes with them for a safe ad. It has been less abused than any other ad. If the character of the paper carrying it is high, the integrity of the ad. is instantly accepted. THE CLASSIFIED AD. has more worth for what it costs. It is like the street-car ride, one block or a hundred, it carries to destination and without transfer. Like the kodak, it focuses at any point, and no one has ever reached the horizon of the CLASSIFIED AD.

It has the first essentials of the best advertising—headline and fact. Knowing headline and fact, and a high-class paper is the safety first in advertising. It is easy to make the CLASSIFIED AD. fit your pocket-book and fit your business. If you are getting ready for a heavy campaign, it is preparedness without a fault.
