WORK CARDS IN EFFECT IN KINSTON

Chief of Police Is "Labor Supervisor"; Kinston Boys Making Good

(Special to The News and Observer.) Kinston, Sept. 4.—Card registration of employees of "all persons, firms and corporations" here has been put into effect by the city council. Registration of labor slackers under a more polite designation was ordered in August. It failed of results. One reason was that the ordinance made it incumbent upon the slacker to present himself to the authorities. Not a person was found to be willing to confess to being a slacker. The new system, say aldermen and the police, will "get the goods."

Section 1 of the ordinance follows: "All persons, firms and corporations within this city under its jurisdiction, who employ labor, shall be furnished by the city in the manner hereinafter set out, cards for each and every male employed between the ages of 18 and 55, which cards shall show the date of employment, name, age, draft number and address and card number of each and every person so employed coming under the above description and limitation, such cards to be issued by the city in triplicate, one of which is to be furnished to the employer, one to the employee and one to the chief of police of the city of Kinston." The form of the card is embodied in the ordinance. On the reverse side is to be printed a number of blank lines, and each employer shall "make record each week of the number of days each of the laborers under him has worked for said week." Employers will report not later than noon each Monday the names of all employees who failed during the previous week to work as much as five days. The chief of police will "enter such record" on his card.

Employers will be required to carry their cards with them and to exhibit them to any city, county or draft officer who desires to investigate. Penalties for violation of the various sections of the ordinance range from a fine of \$30 to a fine of \$50 and imprisonment for 30 days. Any male person between 18 and 55 who fails to work five days a week "shall be fined \$50" or imprisoned. The chief of police is made "labor supervisor."

W. S. S. LIMIT FAMILIES NOW NUMBER SIXTY-TWO

Family of C. E. Neisler, Kings Mountain, Heads With Ten Members

Winston-Salem, Sept. 4.—Mr. C. E. Neisler, of Kings Mountain, has a \$10,000 War Savings Limit Family. Each of his eight children, as well as himself and his wife, owns \$1,000 of War Savings Certificates—all that the law allows to any one person. He has also one son in the service, C. E. Neisler, Jr.

Mr. Neisler's family heads the list of the North Carolina Limit War Savings Society as the largest limit family. The next largest families that have qualified and become members are those of Mrs. R. J. Reynolds of Winston-Salem, with six in the family, and Mr. W. T. Alsover, of Charlotte, also with six.

The number of families now belonging to the Limit War Savings Society of North Carolina are sixty-two, representing 214 family members and a total of \$214,000 invested in War Savings Certificates. Those to have qualified within the past week and to be reported to State headquarters here are: W. L. Packard, Cliffside; W. T. Alsver, D. A. Hargett, E. M. Cole, L. C. Dickson, W. H. Wood, W. A. Parsons, John M. Scott, and John W. Morrison, of Charlotte; C. E. Neisler, W. A. Mauney, W. P. Fulton and R. L. Mauney, of Kings Mountain; J. A. Mitchener, Edenton; W. V. Metcalf, Chas. McBrayer and R. E. Campbell, of Shelby; J. R. Ward, Asheboro; Erwin A. Holt and Eugene Holt, of Burlington; Walter L. Parsley and Oscar Pearsall, of Wilmington; R. A. Lackey, Fallston; C. R. Emery, Weldon; S. M. Gary, Halifax; R. R. King, Greensboro; S. F. Patterson, Roanoke Rapids.

WHEN HOT AND TIRED. Hoover's Acid Phosphate gives prompt relief to tired nerves. It cools and refreshes.—Adv.

NEGRO BOY SHOT IN DISPUTE OVER NICKEL.

Remains of John Beam Brought From Georgia and Buried.

Lincolnton, Sept. 4.—Ezra Nixon, an eighteen year old colored boy of the Denver section, lies at the point of death as the result of a gunshot wound which he received Sunday morning at the hands of Hoyt Gregory, also colored. The wounded boy is paralyzed from the shoulders down. The Gregory negro used a .38 pistol and the ball entered Nixon's left shoulder and ploughed through the spinal column, lodging in the right shoulder. The Gregory negro is in the county jail, having been brought in Monday by Deputy Howard. Gregory claims the shooting was accidental. The wounded negro, it is said, claims that Gregory was holding the gun on him when he fired. It is not known what brought on the trouble. However, the best information obtainable is to the effect that the negroes were walking in the road near St. James church when Gregory asked Nixon about 2 cents which Gregory claims the wounded negro owed Gregory's brother. Nixon claims the shooting occurred shortly after he was asked for the nickel. Nixon is not expected to live.

The remains of Mr. John Beam, who died in Georgia last week, were brought to Lincolnton Friday and interred in the cemetery at Cedar Grove Lutheran church at 2:30 p. m. Rev. Mr. Miller, pastor of Trinity Lutheran church, conducted the services.

The deceased is a native of Lincoln county, but for several years has lived in the West. He recently moved to Georgia, and was living there at the time of his death. He is survived by a wife, four sons and two daughters.

Mr. A. A. Keever of East Lincoln was a business visitor in town Friday. He recently had a card announcing the safe arrival overseas of his son, Chas. D. Keever, of the United States infantry. This is the third son of Mr. Keever's who is now in France. Richard and Carr Keever have been in France some time, being with the United States field artillery.

Mr. Graham Morrison of East Lincoln was a Lincolnton business visitor Saturday. He recently heard from his brother, Capt. R. H. Morrison, of the 15th machine gun company, who is now in Belgium on the front line. Captain Morrison was well, though he is having some excitement. He was by the side of Lieutenant Turner of Statesville when he was killed in action recently by a three inch shell explosion. Captain Morrison's wife and child, who live in South Boston, Va., has recently returned home from a visit to Mr. Morrison's home in this county.

LETTER CARRIERS OF NINTH DISTRICT MEET.

Catawba and Concordia Colleges Open. Newton, Sept. 4.—The Letter Carriers' Association of the ninth congressional district met here yesterday. The banquet was served in the dining room of the Piedmont Hotel which was decorated with "Old Glory" and a fine portrait of Woodrow Wilson. The association was well attended.

Catawba College opened yesterday for the fall and winter term. The prospects are good for a prosperous year. President Wolfinger has secured a strong faculty.

Today marks the opening of Concordia College at Conover for another session. Rev. O. W. Kreinheder of Conover has accepted the call to the presidency of Concordia and everything indicates a successful year. Entrance examinations are being held today.

Miss Carrie Thornton, who has been a member of the faculty of the Newton graded schools for several years, has resigned her position and accepted a position in the Department of War Risk Insurance at Washington. She has been requested to come immediately or before September 9, as workers were urgently needed.

Miss Nancy Lee Bost of Claremont and Mr. Joel S. Georgas of Chicago, Ill., were married at the home of the bride in Claremont Friday. The groom is in training in the aviation service at Fort Worth, Texas. His bride is one of Claremont's most popular young ladies.

SEVEN EMPLOYEES HELD FOR THEFTS IN U. S. ARSENAL.

(By the Associated Press.) St. Louis, Sept. 4.—Seven men employed in the United States Arsenal here are being held by Federal authorities as the result of an investigation into thefts in the last eight years of thousands of dollars worth of army supplies. Three of the men, Federal officers say, have confessed their complicity in the thefts, which included army shoes, socks, shirts, underwear, blankets, and other material.

Simultaneously with the city officials' departure the Lenoir county commissioners passed a resolution calling upon the sheriff to keep a "record of labor conditions" and all deputy sheriffs, constables and other officers to get down behind vagrants.

"Believe me, old Jerry knows Uncle Sam has taken a hand in the war," declares Payne Midyette, first sergeant in an infantry regiment overseas in which Kinston is largely represented. "The boys from our town are making a mark that will never be forgotten. And any man would be glad even to sacrifice his life in such a cause," says Midyette in a letter to friends here. Nine-pointed stars were bursting around him occasionally as Midyette, who is a Hyde county man, sat writing in a dugout. It was raining and muddy outside. In spite of which Midyette, who stated that he expressed the sentiment of all the other Tar Heels, used the word "glorious" in describing his situation.

Mrs. Jennie Rountree Hicks, who was killed in an automobile accident near Croton-on-Hudson, N. Y., recently, was a native of Lenoir county. Mrs. Hicks' father, Robert H. Rountree, who with her husband, Thomas E. Hicks, and others was injured when Hicks' car skidded and capsized, left this section a number of years ago and located at Brooklyn. He is a millionaire and a member of the New York Cotton Exchange. Numerous relatives of Mrs. Hicks, including the prominent Rountree and Rouse families, reside here. Others reside at Wilmington and in Arizona.

Lesson in Scientific Complexion Renewing

Everyone has a beautiful skin underneath the one exposed to view. Bear that in mind and it will be easier to understand the correct principle in acquiring a lovely complexion. Nature is constantly shedding the top skin in flaky particles like dandruff, only much smaller in size. In abnormal conditions, or in advancing age, these particles are not shed as rapidly as in robust youth. The longer they remain the more soiled or faded they become—that's the immediate cause of a "bad complexion."

It has been discovered that ordinary mercurized wax, to be had at any drug store, will absorb these worn-out particles. The absorption, while hastening Nature's work, goes on gradually enough to cause no inconvenience. In a week or two the transformation is complete. The fresh, healthy, youthful complexion is then wholly in evidence. You are not satisfied with your complexion should get an ounce of mercurized wax and try this treatment. Use the wax nightly, like cold cream, washing it off mornings.—Adv.

DAVIDSON AMONG COLLEGES TO TRAIN FOR ARMY SERVICE.

Davidson College, Sept. 4.—The War Department authorizes the following statement: "Young men over eighteen years of age will register with their local boards, and then enter college. On or about October 1, if the college has a unit of S. A. T. C. (which Davidson College has) they can volunteer. If physically fit they will be allowed to join the army corps at the college. From that date they will be privates in the United States army and receive \$30 a month pay and also allowance for board, lodging, etc., with tuition free."

Any young man, however limited his means, if he is prepared for Davidson, can enter and have everything covered by his pay allowance. He will be allowed to remain at college so long as it is good for the service. The college will likely be crowded and prompt action is necessary, says President Martin.

MILLIKEN, FORMER PITCHER KILLED IN AIRPLANE FALL

Fort Worth, Texas, Sept. 4.—Flying Cadet G. M. Milliken, former Pittsburg National League pitcher, died here this morning from injuries received yesterday when he crashed to earth in an airplane with Lieut. Sidney Green.

Lieut. Green was instantly killed in the fall out about Milliken's injuries were not considered serious at the time of the accident.

The most successful men have met with a lot of imperfections.

SHIP OPERATIONS TO RUN INTO MILLIONS

Building of Vessels At New Bern Expected To Double Population in Several Years

(Special to The News and Observer.) New Bern, Sept. 4.—Operations of the West Coast Shipbuilding Company at New Bern will run into millions of dollars and likely be made permanent, according to a statement made by Mr. H. B. Spear, president of the company, while in conference with a committee representing the New Bern Chamber of Commerce in Washington, D. C., Monday.

"I can get for my company all the government contracts we can possibly

handle," said Mr. Spear. "If I find that New Bern is a good place to do the work and I can get the location necessary and the people treat me right, I will make it a permanent industry in New Bern and operate on a large scale. At present we will start with the building of five concrete car floats and two concrete river steamers. The car floats will be 265 feet long and will be used in the transfer of freight cars in the New York harbor. The river steamers will be 130 feet long and twin screw with 1,100 tons capacity. They will be equipped with Almy boilers and reciprocating engines. The War Department will use these steamers for various purposes along the east coast." Senator Simmons and the other New Bern men who met Mr. Spear were very much pleased with him. He is a young man of probably 40, of small stature, a pleasing personality and full of pep. He does not take long with him to find out that he is a well-trained business man, with plenty of business ability and having a thorough knowledge of the shipbuilding game. He seemed to be very well impressed with the New Bern people he had so far met and was pleased with what he had heard about New Bern. He said that he hoped he would be able to establish a big plant at New Bern and make it permanent. Senator Simmons spent a great deal of time with Mr. Spear and the New Bern folks and was highly pleased with having landed this big enterprise for his home town that he so dearly loves and with the prospect of it being the one thing that will put New Bern on the map permanently and more than double its population within several years.

BANKHEAD HIGHWAY MEN ARE AT WILLIAMSTON.

Negro Boy In Quarrel With Companion Is Killed.

(Special to The News and Observer.) Williamston, N. C., Sept. 4.—The Pathfinders of the Bankhead Highway arrived here Monday and Monday evening. An enthusiastic meeting was held in the large auditorium of the school building, which was filled with Martin County folks and many from adjoining counties. Judge Stephen C. Bragaw was made chairman after Senator Harry W. Stubbs called the meeting to order and explained its purpose. Addresses were made by Judge Bragaw, Col. Benahan Cameron, Mr. J. A. Rountree, secretary-treasurer of the Bankhead Highway Commission, State Engineer Falls, of Raleigh; Mr. D. H. Winslow, maintenance engineer; Messrs. John Lashley and Ernest Williamson, members of the Highway Engineering Corps, and others. Mr. T. S. FLOWMAN, of Talldega, Ala., president of the Highway Commission, was unable to come on account of illness.

Saturday, two colored boys reported that Herman Burt, another colored lad, accidentally shot himself at a house on

the Concho road near the town. A corner's inquest was held and both boys were held pending further investigation. Today one of the boys told the whole story how his companion had quarreled and shot Herman dead.

Tolnoce is selling high on the local market and the farmers are bringing it in as fast as they can grade and prepare for the market. All other crops are fine in the county, and cotton is opening rapidly.

The Memorial Baptist Church has called the Rev. J. E. Carter, of Mocksville, to the pastorate here in the absence of Rev. W. R. Burrell, who has sailed overseas for Y. M. C. A. work in Mesopotamia.

Second Lieutenant T. J. Smith, Jr., son of Mr. and Mrs. T. J. Smith, of Reidsville, who recently received his commission at Camp Gordon, is visiting in town.

Eustice Yates Wounded.

Mrs. R. J. Yates of Merry Oaks has received a letter from her son, Eustice M. Yates of Co. L, 120th infantry, who was reported severely wounded in action on August 5. The letter of the 12th states that he is improving nicely.

Young girls are pert, old ones are expert.

NO WORMS In A Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance.

Grove's Tasteless chill Tonic

contains just what the blood needs, Iron and Quinine in a form acceptable to the most delicate stomach and if given regularly for two or three weeks will enrich the blood, improve the digestion and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. It is pleasant to take. Price 60c.

PERFECTLY HARMLESS. CONTAINS NO NUX-VOMICA OR OTHER POISONOUS DRUGS.

When A General Strengthening Tonic is Needed in the Home For The Child, For the Mother or the Father, Take Grove's Tasteless chill Tonic

Grove's chill Tonic Tablets

You can now get Grove's Tasteless chill Tonic in Tablet form as well as in Syrup, the kind you have always bought. The Tablets are intended for those who prefer to swallow a tablet rather than a syrup, and as a convenience for those who travel. The tablets are called "GROVE'S chill TONIC TABLETS" and contain exactly the same medicinal properties and produce exactly the same results as Grove's Tasteless chill Tonic which is put up in bottles. The price of either is 60c.
