TO RESUME TRADE GERMAN AUSTRIA

Trade Board Order To That Effect Issued, Effective Today

(By the Associated Press.)
Washington, April 1.—Resumption of trade and communication with German Austria, effective tomorrow, was authorized in an order issued tonight by the War Trade Board, acting in accordance with an agreement reached by the associated nations. The only restrictions upon imports into German Austria will be on all commodities of a military nature.

Merchandise destined to German Austria will be on all commodities of a ped on vessels proceeding directly to Adriatic ports, preferably to Trieste.

The board's order also authorizes the resumption of postal and cable communication. Importations from German Austria to the United States, the board said, would be governed by the same regulations applying to importations from the European neutrals.

The reopening of trade with German Austria constitutes the first direct trade relations to be resumed by this country with any enemy state.

Quinine That Does Not Affect Head
Because of its tonic and laxative effect, **MAXATIVE BROMO QUININE** (Tablets) can be taken by anyone without causing nervousness or ringing in the head. There is only one "Bromo Quinine." E. W. GROVE'S signature on the box. 30c.—Adv.

No American Soldiers Can Be Used in Eastern European Contentions

(Continued from Page One)

least one point seems to have been reached in the Peace Conference discussions, according to the Temps. Germany is not to be permitted to keep garrisons, fortifications or war factories, not only on the left bank of the Rhine but also along a strip of at least 30 miles on the right bank.

Czecho-Slovak Claims.
The council of foreign ministers at their meeting this afternoon received the report of the Peace Conference commission on Czecho-Slovak territorial claims and discussed the advisability of holding a plenary session of the conference for a discussion of the report on international labor legislation. The report was made by the commission designated by the full conference and, consequently, it probably will be received at a plenary session.

HUNGARIAN "GOVERNMENT" SEIZES JEWELS AND STONES.
Copenhagen, April 1.—An order issued in Budapest by the new Hungarian government provides that jewels and precious stones, the value of which exceeds 2,000 crowns, shall be surrendered without payment to the communist government.

WANTS BRUSSELS MADE SEAT LEAGUE OF NATIONS
(By the Associated Press.)
Paris, April 1.—Albert, King of the Belgians, who arrived here today from Brussels by airplane, came, according to the Intransigent, to plead the cause of Brussels as the seat of the League of Nations.

ROOT AMENDMENTS REGARDED FAVORABLY?
Paris, April 1.—Commenting on the six amendments to the covenant of the League of Nations suggested by Elihu

DEMOCRAT WHO RAN MAYOR THOMPSON CLOSE IN CHICAGO

ROBERT M. SWEITZER

Chicago, April 1.—Robert Sweitzer, who today came near being elected mayor of Chicago, occupied part of his campaign explaining that he is of Irish blood, his father's name was Roche and the name of Sweitzer came through his mother's second marriage. The Roger Sullivan Democratic organization, with its powerful business connections, was the main backing of Sweitzer in his campaign. The victory strengthens the Sullivan group in national Democratic circles. Sweitzer was a salesman for A. V. Farwell & Co., until his election as county clerk of Cook county. As the only opponent of Mayor Thompson in the mayoralty contest four years ago, he ran behind Thompson some 150,000 votes. The reversal of this vote is an evidence that the charge of disloyalty brought against Thompson found favor with the voters.

Root, it was stated today by one of the legal specialists associated with the American peace conference delegation that he believed all the amendments were acceptable to the American delegation.

Costa Rica's "Attitude" Defined.
Paris, April 1.—Representatives of Costa Rica have protested to the European powers, because, although Costa Rica declared war on Germany, it was not invited to the peace conference to participate in the league of nations. The Costa Ricans add that, therefore, Costa Rica cannot join the league of nations either as a belligerent or as a neutral.

Costa Rica declared war on the Central Powers late in May, 1918. The government of Costa Rica, headed by President Tinoco, has never been recognized by the United States.

REVOLUTIONARY MINERS SUPPORT COMMUNISTS

(By the Associated Press.)
Essen, Monday, March 31.—Delegates from the "Revolutionary" miners, representing 195 mines, have voted at a meeting here to begin a general strike on April 1, and not to take up work again until their demands are fully complied with. The vote was 467 to 8.

The miners sent a message to the governing council at Budapest containing brotherly greetings and the declaration that they were inspired by the victory of their Hungarian comrades over "the accursed class," and adjuring them not to rest until they had overcome all their enemies. The Essen miners further announced that they would fight shoulder to shoulder with their Hungarian and Russian brothers, with all means in their power to compel the establishment of a socialist-soviet government in the conviction that they could break the yoke upon the proletariat of all countries.

DILL WINS MAYORALTY IN NEW BERN ELECTION

Second Primary Will Be Necessary To Decide Race For Tax Collectors

New Bern, April 1.—The city primary election for the various offices passed off quietly today, about 1,000 voters exercising the right of suffrage. Well posted politicians report only one surprise—that of the vote for tax collector, this office calling now for a second primary between Lieut. Tom C. Daniels and Mr. S. H. Lone, the third candidate being overwhelmingly defeated.

The next mayor of New Bern is Mr. T. A. Dill, a successful business man, he having defeated the present incumbent, Mr. Edward Clark, by a majority of 127 votes. For chief of police, C. Lupton, present incumbent, defeated W. H. Griffin by a decisive majority.

There are four new aldermen, as follows: William Ellis and John S. Holland, first ward; J. J. Tolson, Jr., third ward, and Lieut. Cannon, fourth ward. Advocates of a new regime satisfied over the result and the newly elected officials promise the citizens a good town government.

STORY WAS EXAGGERATED; ONLY FOUR WERE KILLED.

Bristol, Pa., April 1.—The known dead, the result of the collapse of a platform at the Merchant shipyard yesterday, remained at four tonight. After an all-day search no additional bodies were recovered and officials of the company said they had no reason to believe that more than four persons had been drowned.

DEMAND FOR TANLAC BREAKS ALL RECORDS

FAME HAS SPREAD OVER THE NATION

Celebrated Medicine Now Sold From Coast to Coast and Gulf to Great Lakes.

Never before, perhaps, in all history has the demand for a proprietary medicine ever approached the wonderful record that is now being made by Tanlac, the celebrated medicine which has been accomplishing such remarkable results in all parts of the country.

The old illustration of the pebble dropped into the pool best describes the marvelous growth of the ever increasing demand and its fame has swept over the entire nation like a great tidal wave.

From coast to coast and from the Gulf to the great lakes Tanlac is known and honored. Millions have taken it and have pronounced it the greatest medicine ever given to the people, and the only explanation of Tanlac's triumph in the medical world is Tanlac's true worth. Back of Tanlac's triumph in the drug stores is Tanlac's triumph in the homes. It is the people's medicine and the people themselves have made Tanlac what it is.

No matter where you go Tanlac is a household word and it is unquestionably the most widely talked of medicine in the world today. On person invariably tells another about a medicine that helps them and in this way scores or even hundreds may hear of Tanlac as a direct result of one bottle in a single home.

When asked to explain this record breaking demand for Tanlac Mr. G. F. Willis, the international distributor of Tanlac, said: "There can be but one possible explanation and it can be told in one word—merit. This tells the whole story. No preparation, no matter how extensively advertised, could possibly meet with such phenomenal success unless it possessed absolute merit and extraordinary powers as a medicine." Adv.

WILLIS EXPLAINS ENORMOUS SALES

"It's What the Neighbors Say That Really Counts," Says International Distributor.

"These enormous sales," says G. F. Willis, International distributor of Tanlac, "mean but one thing and that is—merit. Tanlac is well advertised, it is true, but such a large and rapidly growing demand could not be brought about by advertising alone. It's what the neighbors say that counts. One bottle is sold in a neighborhood through advertising, but ten more are sold in that community after that first bottle produces results; and that's right where Tanlac scores. People are always willing to talk about their ailments, but they are more than willing to tell others of the medicine that helps them. It's something they couldn't keep to themselves if they tried, for the impulse to sympathize with neighbors and want to help them is one of the strongest as well as one of the biggest things in human nature. "Tanlac is producing these results," continued, "and that is why nothing on earth can keep it out of the homes of the people. It is not only the most talked of medicine in the world today but, in my opinion, it is the best and most efficient. And, although prominent officials and leaders throughout the country have lauded Tanlac, its greatest prestige is firmly based on the unqualified indorsement of the masses of the people. "Not a day nor a week passes that does not bring hundreds of statements from the people concerning the good this medicine is doing and reciting the circumstances of remarkable cases that would convince the most skeptical. These are alone sufficient for Tanlac, but the figures are more. The figures contained in these enormous orders speak eloquently and convincingly of the great good this medicine is doing." Adv.

MEMPHIS FIRM SELLS FIVE CARS IN A MONTH

Memphis, Tenn., Feb. 15, 1919. Mr. G. F. Willis, 1101 Fourth National Bank Bldg., Atlanta, Ga.

Dear Sir:—It would be a very hard matter for us to write a letter expressing just our feelings and experience in regard to Tanlac. We know that the day of miracles is past and we all know that there are no unfathomable mysteries in the drug business, and yet this Tanlac proposition smacks of both. For one firm to be able to sell at the rate of one carload every two weeks and for this record to keep up until now we have sold more than 432,708 bottles is, just the least you can say, phenomenal and bewildering. April was our twelfth month and we sold 57 carloads during that month alone.

Tanlac is giving entire satisfaction to our trade and is a constant and regular repater from the same sources and our customers write us that their demands are persistent in the way of repeat orders as well as from new users. The uniform courtesy and consideration—the splendid business policy displayed by Mr. Willis with us as his wholesale distributors and through us our agents has been everything that we could ask and we wish you continue success and hope that you will realize on your wishes in every way stapleize and permanently perfect the popularity and continued sale of Tanlac.

Yours very truly,
THE HESSIG-ELLIS DRUG CO.
(Signed) R. R. ELLIS, President.

Approximately Twelve Million Bottles Sold in Four Years

MARVELOUS SUCCESS IS UNPRECEDENTED

Fifteen Trainloads Sold Through Atlanta Office Alone in Two Years.

More like a tale from the Arabian Nights of old than a record of a modern business reads the story of the marvelous growth and development of Tanlac which has been a sensation of the drug trade throughout America.

The first bottle of Tanlac to reach the public was sold just a little over four years ago in the thriving little city of Lexington, Ky., where 20,000 bottles of medicine were sold in only a few months' time. Since that time there have been sold throughout the United States and Canada approximately 12,000,000 bottles and a romance which has no parallel in the modern business world was begun.

The instant and phenomenal success which Tanlac won in Lexington has been duplicated in practically every large city, small town, village and hamlet in North America, Hawaii, Alaska, Cuba, Porto Rico and other American possessions have clamored for Tanlac.

Atlanta Office Sold 15 Trainloads.
The fact that two hundred and twenty-three carloads, approximately fifteen trainloads, of Tanlac have been sold through the Atlanta office alone in two years seems almost incredible, but these are actual figures and such is the record established by this wonderful medicine.

As a matter of fact the greatest drug firms of the country have voluntarily come forward and stated in plain, cold figures the record breaking sales everywhere, and the following letters from well-known wholesale and retail drug firms give ample evidence of the true worth and widespread popularity of Tanlac.

LARGEST IN HISTORY OF THEIR BUSINESS

Tanlac Makes Phenomenal Record For Big Nashville Wholesale Firm.

Nashville, Tenn., June 5, 1918. Mr. G. F. Willis, 1101 Fourth National Bank Bldg., Atlanta, Ga.

Dear Sir:—It gives us pleasure to state that the wholesale distributing agency of Tanlac for this territory, secured from you, has proved very satisfactory to us.

Our books show that we have bought and disposed of over 15 cars, 180,000 bottles of Tanlac, in this immediate territory, thereby setting a record as the largest sale by us in a given time of any proprietary remedy in the history of our business.

These sales have been made with no effort on our part and without complaint on the part of our patrons and subagencies.

With best wishes for your continued success, we remain yours very truly,
SPURLOCK-NEAL COMPANY.
(Signed) C. S. Martin, Vice Pres. and Gen. Mgr.

ALL RECORDS SMASHED IN BIRMINGHAM, ALA.

"Tanlac Continues To Hold Front Rank and It Looks Like It Will For Years To Come."

Birmingham, Ala., Feb. 15, 1919. Mr. G. F. Willis, 1101 Fourth National Bank Bldg., Atlanta, Ga.

Dear Sir:—Replying to your letter beg to advise that our sales on Tanlac have been satisfactory in every way, and our relations from a business standpoint have been absolutely perfect.

We have handled an average of about one carload a month. Since taking the distributing agency, Aug. 18, 1915, we have sold 189,148 bottles, and have yet to receive our first complaint from a dissatisfied customer.

Tanlac continues to hold front rank in Alabama and from present indications, it will continue to do so far years to come.

Yours very truly,
DOSTER-NORTHINGTON DRUG CO.
J. T. DOSTER, President.

HUGE ORDERS FOR TANLAC ARE GIVEN

What is probably the largest single order ever given for a proprietary medicine was one for thirty-five (35) carloads of Tanlac received a few days ago for immediate delivery by the Tanlac Company from G. F. Willis, International distributor, with headquarters in Atlanta, Ga.

Ask the manager of the Tanlac Company at Dayton, O., and he will tell you that there are 1,000 dozen of Tanlac to the carload, or 12,720 bottles. This means, therefore, that 325,200 bottles will be shipped to the west within the next few weeks to supply the tremendous demand. This is in addition to numerous single carload orders received from the same source during the last thirty days.—Adv.

TEN CARS ORDERED BY WESTERN FIRMS

Largest Order Ever Given For Proprietary Medicine By Western Drug Firms.

Ten carloads of Tanlac are moving from the laboratories at Dayton, O., toward the Pacific coast in response to orders given by the leading drug firms of Salt Lake City, Ogden, Spokane, Seattle, Calgary, Vancouver, Portland, San Francisco and Los Angeles.

These tremendous orders, the largest ever placed in the west and on the Pacific coast for a proprietary medicine, are to supply the phenomenal demand for Tanlac in the west, Canadian northwest and coast cities. The immensity of such orders can only be realized when it is understood that each car of Tanlac contains 1,000 dozen, or 12,720 bottles, the entire ten carloads representing 127,200 bottles of this celebrated medicine.

In speaking of the above orders and of the phenomenal growth and development of the Tanlac industry Mr. G. F. Willis, the international distributor, said: "Having heard through absolutely reliable sources of the remarkable and rapidly growing demand for Tanlac throughout the United States and Canada the leading drug firms of the west and Pacific coast did not hesitate for a moment to accept the agencies and to assure us of their hearty cooperation in making Tanlac just as successful in the far west as it is in the south, east and middle west. "It is nothing unusual," continued Mr. Willis, "for dealers to order a carload of Tanlac and have orders for every bottle of it before the car arrives. In fact many of the Tanlac jobbers and distributors invariably order the second and third cars before the first car has time to reach them."

When asked for further information regarding his plans Mr. Willis said: "I have long regarded Raleigh as one of the best distributing points in the south and arrangements are now being made to establish a branch office and distributing depot. I shall remain here long enough to superintend the introduction of Tanlac and from what I can see and hear of your enterprising, hustling city I do not believe it will be a great while before Tanlac will be selling equally as well in Raleigh as in other sections of the country."

75,648 BOTTLES SOLD IN DENVER

Big Jobber Makes Phenomenal Sales Record with Tanlac in Eight Months.

Denver, Colorado, June 5, 1918. Mr. G. F. Willis, Fourth National Bank Bldg., Atlanta, Ga.

Dear Sir:—I find upon reference to our records that since we became your distributors for Tanlac in this territory last April we have sold to the agents appointed by you 75,648 bottles of Tanlac and this in a section long on territory and short on population.

I must confess that your story of success with Tanlac in other fields when you first came to us would have sounded something like a fairy tale but for the fact that we had some advance information about what you had done in other territory and we otherwise would have been exceedingly skeptical.

You have made good all that you promised to do in this territory and then some. At all times you have been reasonable and fair in your methods and can certainly be depended upon to carry out any verbal or written contract that may be made with you.

Yours very sincerely,
W. A. HOVER & COMPANY.
Adv. Per W. A. Hover.

SELL 101,600 BOTTLES IN SIX MONTHS' TIME

Fort Worth, Texas, June 5, 1918. Mr. G. F. Willis, International Distributor of Tanlac, Fourth National Bank Bldg., Atlanta, Ga.

My Dear Mr. Willis:—Replying to your inquiry we are glad to make statement of our exact experience with Tanlac. "When you called on us the latter part of 1916 we could not comprehend the extent of business Tanlac was having as reported to us from other states. We had however, heard something of Tanlac in the southern states near us and, believing in the statements as made by you, we agreed to co-operate and act as your agent for our immediate territory which covers one-quarter of the state of Texas, though a very sparsely settled portion. When you spoke of our buying Tanlac in carload lots I confess we were a little bit skeptical.

Although your campaign did not begin until February, 1917, from that time until this good day Tanlac has been the greatest patent medicine seller we have ever handled or had anything to do with. In six months' time we bought and distributed eight carloads. We sell these good net, cash, fifteen days, and so far we have not lost a single dollar on a Tanlac account. The dealer who secures the agency for Tanlac is very fortunate indeed.

Very respectfully,
MAXWELL-CLARK DRUG CO.
Tanlac is sold by the leading druggists everywhere. Adv.
