COTTON GROWERS MEETING TODAY

State Association Will Determine Whether Organization Is To Be Permanent

The North Carolina Cotton Association will hold its second meeting here today, convening in the hall of the House of Representatives at one o'clock. Members and friends of the movement from every section of the State are expected.

Mr. C. D. Orrell, who has been directing the acreage reduction campaign since the organization meeting of the association, will preside over the convention. The two principal points scheduled for determination are whether or not the association is to be a permanent one or not and whether the State association shall endorse the organization of the export company recently formed in Memphis to control export sales.

The warehouse situation, which is pending in the courts, will probably be discussed in an informal way but the association is not likely to take any action pending the argument and decision of the Supreme Court on the constitutionality of the law.

THE INTERNATIONAL SITUATION SUMMED UP

(Continued from Page One.)

while the non-return of Orlando would give the situation a more serious aspect than did the departure of the Italian delegation from Paris, the allied and associated powers would proceed to the signing of the treaty, notwithstanding Italy's non-participation.

DELIVER PEACE TREATY FRIDAY.

The main German delegates are now due at Versailles, but it is probable the peace treaty will not be delivered to them until Friday, as on the previous day, "May Day," a twenty-four hour strike which will dislocate transportation and communications is on the program of the labor unions.

The council of three conferred throughout Tuesday with Baron Makino and Vincent Chiada of the Japanese delegation with reference to Kiau Chau, and with the Belgian delegates who are pressing for the payment of their share of the reparations, owing to the stringent financial situation in Belgium. No definite decision on either question was reached.

The British peace delegation has given out its views on the subject of that section of the council of the league of nations dealing with the Monroe Doctrine. It is declared that the Monroe Doctrine and similar understandings "have shown themselves in history to be not instruments of national ambition, but guarantees of peace." It expressly stated that the Monroe Doctrine "has become an international understanding."

It is reported that the first meeting of the league of nations probably will be held in the White House at Washington in October of the present year, with President Wilson presiding.

ITALIAN ATTITUDE THE ONLY DRAWBACK

(Continued from Page One.)

that time he had always been assured that the American delegation had not reached any definite conclusion regarding Italy.

Premier Orlando said that Italy believed that her claims were founded on such high reasons of justice and right that any international treaty or agreement should be set aside so that they might be accepted.

SALIENT POINTS WERE IN AMERICAN MEMORANDUM

Paris, April 29.—(By the Associated Press.)—The memorandum delivered to Premier Orlando on April 14 dealing with the Adriatic situation contained the salient points of the text of the statement issued by President Wilson April 23.

In the memorandum the President said he felt bound to square every conclusion reached by him as accurately as possible with his fourteen points and principles laid down in subsequent addresses which were formally adopted with a single reservation by the powers associated against Germany as a basis for peace with Germany and that he did not feel at liberty to suggest a new basis for peace with Germany and another for peace with Austria.

After pointing out the complete dissolution of the Austro-Hungarian empire had given a new aspect to the settlements which must be effected regarding the eastern boundaries of Italy, the President said he was quite willing that Italy be accorded along the whole of her northern boundary in contact with Austria territory all that was accorded by the pact of London but that it was clear that the London pact no longer was applicable to a settlement of Italy's eastern boundaries.

After conceding that the greater part of Istria and the ports of Trieste and Pola should be ceded to Italy, the President said Fiume was not Italian but by all circumstances of its development was an international port serving the countries east and north of the gulf of Fiume, and could not be subordinated by any one sovereignty.

The memorandum said there was common agreement that the island of Lissa should be ceded to Italy with Port Volpa, and that the fortification built by the Austrians on the islands of the eastern coast of the Adriatic should be dismantled.

Regarding the interests of the Italian population in the territory which is to be incorporated in Jugoslavia, the memorandum said they would be abundantly safeguarded by the League of Nations.

FAMO
Is Easily Digested

Its carbohydrates are of such a nature as to be readily absorbed—almost 100 per cent of their stored-up energy is imparted to the body as available heat or muscular energy, for immediate or reserve use.

Carbohydrates are one of the three essential elements of food necessary to sustain life.

The remaining elements of Schlitz Famo—protein substances, mineral matter, water, organic acids, aromatic compounds, carbonic acid gas—are easily digested or absorbed, and are essential. Invalids may partake of Schlitz Famo freely.

SCIENCE MAKES THEM DURABLE

So—These Soles Save You Shoe Money

"I have been wearing my shoes with Neolin Soles nearly a year, and they are apparently in as good condition as when I bought them."—written August, 1918, by W. H. Cocks, Officer, A.E.F., France.

Only Neolin Soles could endure a test like this. That they do so is because of the tough durability built into them by a scientific process. To cut your shoe bills down, buy shoes with these long-wearing soles. They come in many styles for men, women, and children.

Remember—Neolin Soles are flexible and waterproof, too, and are available everywhere for re-soles. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

HELLO GIRLS' STRIKE BRINGS OUT TROOPS

Linton, Ind., April 29.—About fifty shots were fired by state militia troops this afternoon in breaking up a demonstration by sympathizers of the girl operators of the New Home Telephone Company here, who have been on strike for several days. No one was reported injured.

The demonstration followed a gathering about the telephone building during

which a boy threw a rock. The state troops were ordered to fire and with their rifles pointed into the air they fired a volley. The crowd was dispersed. Earlier in the day trouble had been narrowly averted.

SCIENCE MAKES THEM DURABLE

Paris, April 29.—(By the Associated Press.)—The session of the council of three ended late this afternoon without any decision on either the Japanese or Belgian questions.

A compromise was proposed to Japan by the council with respect to the Kiau Chau problem, but no conclusion was reached and it is understood that further consideration will be given to the matter at an early date.

The financial experts of the United States and France were called in while the Belgian delegates were being heard regarding the necessity of earlier payment to them of their share of the reparations. The discussion was left unfinished.

The Reuter correspondent says he learns from Belgian delegation circles that the situation in Belgium is so serious that unless financial aid is received from the Allies it may be impossible for the Belgian delegates to sign the peace treaty.

A man of ripe experience is too wise to monkey with green fruit.

Foot-Ease to be Added to Equipment of Hospital Corps at Fort Wayne.

Under the above heading the Detroit Free Press, among other things says: "The theory is that soldiers whose feet are in good condition can walk further and faster than soldiers who have corns and bunions incased in rawhide."

The Plattsburg Camp Manual advises men in training to shake Foot-Ease in their shoes each morning.

There is no foot comforter equal to Allen's Foot-Ease, the antiseptic, healing powder to be shaken into the shoes and sprinkled in the foot-bath, for hot, tired, aching, perspiring, sun-burned, swollen, tender feet, corns, bunions, blisters or callouses. What wouldn't you give to be relieved of one day's pain of your corns and bunions? Here is relief for every day. You won't realize this until you have tried Allen's Foot-Ease yourself. You simply forget all about your feet they are made so comfortable. Ask your druggist to-day for a package of ALLEN'S FOOT-EASE.
