## No American Troops On **German Soil After Peace** Money to Finish

Washington, May 2 .- Determination of President Wilson indicated in press advices from Paris, that no American troops shall continue on German soil for a longer period after the signing of the peace treaty than may be necessary to embark them for home, is borne out by present plans of the War Department, which contemplate the return of the entire American Expeditionary Forces by September. Because of this, General March, Chief of Staff, is making every effort to speed up the demobilization in this country.

An official announcement issued today as to the accumulation of surplus clothing for the troops stated that the estimates were based on "troop withdrawal to be completed in September." The statement also said that "if an army of occupation is maintained after September, a portion of this surplus will be needed."

This computation was taken to reflect exactly the present information of the department as to future troop movements.

The September date represents estimates by embarkation officials as to the maximum possible speed in withdrawing the entire force in Europe, including the troops holding the Coblenz Bridgehead sector on the Rhine. If anything, officers anticipate that the movement will be accelerated rather than retarded. The schedule has been exceeded recently and in increasing measure from week to week. With an indicated monthly movement of 450,000 men, the best predictions of General March and his aides bid fair, it was said, to be more than realized.

#### St. Louis District Leads.

The St. Louis Federal Reserve District leads the country in having subscribed 59.68 per cent of its quota and two other western districts, Chicago and Minneapolis rank second and third, respectively. The Southwest or Dallas district was at the bottom when the latest tabulation of subscriptions was made. The amounts subscribed by the Federal Reserve districts, together with the percentage of quota attained by each district, as officially reported to the

### STATES COURT DECLARES. (By The Associated Press.)

Greensboro, May 2 .-- Federal Judge 1919 graduates of Union Theological James E. Boyd today held as uncon-stitutional the provisions of the Revenue act, intended to prohibit the em-ployment of child labor. Judge Boyd last year held the Federal child labor law unconstitutional, and his decision was upheld by the United States Suprema Court.

The previous case was brought to test the Federal statute, which dealed labor was employed. Despite the rally-ing of well known constitutional lawyers to the defense of the statute, it was held invalid by Judge Boyd. After

the Supreme court upheld him, Con-gress wrote a provision into the recent revenue act, placing a privilege tax of 10 per cent. on products of fac years of age to any extent, or the em-ployment for longer than 8 hours a day

## BY MOB; BODY BURNED

cued.

Augusta, Ga., May 2 .- The body Bennie Richards, a negro, who killed his wife and then wounded two officers in defying arrest, was taken to the outskirts of Warrenton, Ga., today and burned, according to reports here to-night. He was killed early today.

The negro, after shooting Sheriff Brinkley and Robert Williford, city treasurer, who were trying to capture him, spent the night in a swamp near Warrenton. Members of a mob finally discovered him hiding in a hole in the banks of a creek. The fugitive kept up an intermittent fire, although it was discovered later that he had been se verely wounded. Gasoline was poured

in the creek and set fire, it was said, but wind kept the flames on the other side of the stream.

Bombs extemporized from dynamite sticks, it was said, were hurled toward the negro's hiding place, as no one dared to get in front of the opening

of his cave. Finally Richards surrendered about 3:30 this morning.

Sheriff Brinkley had gone to town for surgical attention and the mob tied the negro to a tree and riddled his body with oullets. Later it was taken to the
