

Watch the Little Pimples; They are Nature's Warning

Unsightly and Disfiguring Signs of Bad Blood.

Don't close your eyes to the warning which nature gives, when unsightly pimples appear on your face and other parts of the body.

Not only are these pimples and spots disfiguring, but they lead to various skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell Eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze.

any part of the body, take prompt steps to rid the blood of these disorders. And the one remedy which has no equal as a purifier is S. S. S., the purely vegetable blood medicine, which has been on the market for more than fifty years. It is sold by druggists everywhere.

If you are afflicted with any form of skin disease, do not expect to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S. S. S. today, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. DR. CAMPBELL READY TO RESUME HIS WORK

Returns to Raleigh After Service in Large Medical Hospital of Army

Though planning later to take an intensive course in surgery in some of the larger hospitals of the country, Dr. K. C. Campbell has decided for the present to resume his practice of medicine in Raleigh, given up at the time of his accepting a commission in the Army Medical Corps. Dr. Campbell was one of the first of the physicians of Raleigh to volunteer, and though he did not have overseas service, his experiences at the base hospital at Camp Joseph Johnston, near Jacksonville, where he served for over a year, were very interesting.

One of the most unique of these experiences was the serving as assistant commanding officer of the hospital and chief surgical operator, while ranking

as a captain. Later he was recommended for commission as major, but as the signing of the armistice at this time prevented this rank being given him. Shortly after the armistice the hospital at Camp Johnston was abandoned, and Dr. Campbell was transferred to Camp Jackson at Columbia, from which place he received his discharge.

Leaving Raleigh as a first lieutenant, Dr. Campbell was shortly given work in the surgical department of the base hospital, after which he was promoted to a captaincy, then being given the head of the surgical service. As to the nature of the work which had to be done here, in eight months, 717 operations were performed by the surgical division under his direction. The whole hospital had a capacity of 2,000 beds. He was recently elected as president of the local organization of the American Legion.

Doing Nicely After Operation. Dr. D. H. Hill, who recently underwent an operation for appendicitis, is getting along satisfactorily. He is at Rex Hospital.

TROPHY TRAIN IN COUNTY TODAY

Will Not Stop in Raleigh But Will Be Seen at Apex and Wake Forest

WAKE'S CAMPAIGN IS STILL IN DOUBT

Encouraging Reports Are Being Received From Many Towns But Many are Making No Reports at All; Wendell Appears to Be First To Go Over Top

The Victory Liberty Loan trophy train makes two stops in Wake county today. The first stop is at Apex this morning from 9:10 to 10:30. The train then proceeds to Wake Forest, where it stops from 11:45 to 1:30. The train will make no stop in Raleigh, but the people of the city will have opportunity to visit and inspect the train either at Apex or Wake Forest.

This train, which is known as the "29th Division Special," contains the most remarkable collection of war trophies ever assembled. Every variety of war souvenirs, including guns, helmets, ammunition, captured flags, uniforms and innumerable relics of the battlefield. The train is in charge of men who participated in many of the battles in which these trophies were captured. Trained bond salesmen are also in the company and will assist in the sale of bonds at each of the stops in this county.

Result in Doubt. The result of the campaign in Wake county is still in doubt. While most encouraging reports are being received from many of the towns in the county, some of them have made no report at all. Wendell appears to have been the first town in the county to go over the top, although several other towns are close contenders for this honor.

At Wakeon high school, in Little River township, Thursday night, a packed house saw the presentation of the war film, "The Price of Peace." About \$15,000 in subscriptions was secured, making a total of nearly \$45,000 so far subscribed at Zebulon. The quota for Zebulon is \$28,000, and the committee are leading every effort to go over before Saturday night.

The meeting at Zebulon had many other interesting features, one of which was a talk by Miss Nova Rogers, a Red Cross nurse, who saw many months' service in France.

Official Reports. The following are the official reports so far received from the Wake county towns: Apex, \$17,000; Cary, \$1,500; Fuquay Springs, \$2,000; Garner, \$5,100; Holly Springs, nothing; Varina, \$1,200; Wake Forest, \$13,900; Wendell, \$38,800; Zebulon, nothing.

ASK FOR DIVISION OF M'COY PROPERTY

Special proceedings have been started before Clerk of the Court Vitruvius Royster for the division of property owned by the late Lieut. George B. McCoy, killed in France. He was part owner of a farm of 20 acres near Hillburnie, and his interest was left to brothers and sisters. Philbrick McCoy, part owner of the farm, is now living in Washington City.

WILL DECIDE ON NEXT LIVESTOCK MEETING

Convention Will Probably Be Held in Dec. or Jan. in One of Smaller Cities

The officials of the State Livestock Association will meet this morning at 10 o'clock, in the offices of the Animal Industry Experiment Station at West Raleigh, to decide several matters relative to the next meeting.

It is probable that this meeting will be held, either next December or January, in some one of the smaller cities of the State. Goldsboro and Henderson are the two towns now being investigated by the livestock officials, and it is more than likely that one or the other of these places will be decided on.

In a letter recently received by Mr. S. B. Curtis, from Mr. A. K. Robertson, county agent in Wayne county, there will be a delegation representing Goldsboro and Wayne county, to appear before the meeting Saturday. The officials also expect representation from Hendersonville.

The annual livestock conferences, exhibits and sales, have grown to be one of the larger and most important meetings of progressive farmers in the State. Last year, this meeting was held at Charlotte, and the year before at Wilson. On account of very inclement weather, the attendance at each was

disappointing, though very successful sales were held of pure bred animals by local farmers and outside breeders. It is planned to make this next meeting one of the most interesting and attractive from the standpoint of sales, lectures and exhibits. Because North Carolina is rapidly becoming one of the leading livestock States of the South, more interest than usual is expected.

THEY are making Mother's Day a day for every Mother in the land this year. And while the formal flower is the Carnation—a white Carnation in memory of the mother who is no longer with us, another color for the mother at home, can be worn by the son or daughter on Mother's Day. All will wish to remember the mother herself more directly with a bouquet of pretty flowers or a handsome potted plant.

"Say it with Flowers"

Sons and daughters away from home, no matter how far, can have fresh flowers delivered to Mother on that day. Could you give her a more pleasant surprise? Through our national organization we can make deliveries at any point in the U. S. and at shortest notice.

Orders for Carnations must be placed early as the supply is limited.
