

AMERICAN LOSSES BY THE DIVISIONS

Table of Casualties Also Shows Number of Prisoners Lost

Washington, May 15.—Revised figures made public today by the War Department showed that the total casualties of the American Expeditionary forces during the war was 286,644. Battle deaths numbered 48,909 and the total of wounded was placed at 237,135, with the explanation that this represented a duplication of about 7,000 by reason of the fact that many men were wounded more than once.

American casualties by divisions in the war and the losses of each division in prisoners, which no longer are included as casualties because of having returned to their commands, were announced as follows:

Division	Dead	Wounded	Total	Prisoners
1st	4,619	29,557	34,176	154
2nd	4,204	15,141	19,345	151

SEAPLANES AGAIN HELD HARBOR-BOUND

(Continued from Page One.) flying low, and was greeted by cheers from the sailors and natives who had gathered to see the "One" and "Three" get away.

As soon as the N. C-4 had been moored, Commander Read went aboard the Aroostook to report to Commander Towers.

The NC-4 left Halifax this morning at 9:52 Halifax time (8:52 New York time) but was compelled to land 20 minutes later at Storey Head for repairs to the oil and gas lines. She resumed the flight at 11:47. Her actual flying time for the four hundred and sixty mile trip was six hours and 20 minutes, making her average speed 72.6 miles an hour.

In Demand as Commencement Orator. (Special to The News and Observer.) New Bern, May 15.—Representative S. M. Brinson went to Beaufort last night to deliver the commencement address at the school closing there. On Friday Mr. Brinson will go to Fremont to deliver a commencement address at the school finals in that town. From there he goes to Washington to attend the Democratic caucus preliminary to the opening of the extraordinary session of Congress.

FORSYTH PUSHING BETTER HIGHWAYS

\$100,000 Worth of Bonds Sold; Election in Stokes County

(Special to The News and Observer.)

Winston-Salem, May 15.—Forsyth county commissioners today sold an issue of one hundred thousand dollars in road bonds. The Merchants Loan and Trust Company, of Chicago, put in the highest of the 13 bids received. The issue is in \$1,000 denominations, bearing 5 per cent interest, payable semi-annually. Interest in good road building continues to increase in Forsyth, and the authorities are planning to put all of the most important thoroughfares in first-class condition.

Two important road bond elections will be held in Stokes county Monday, one in Big Creek township and the other in Quaker Gap township. Both are expected to be carried by a good majority. Forsyth county is deeply interested in the two elections, as is shown by a letter issued today by the Board of Trade to a large number of leading citizens of Stokes, in an effort to encourage the development of State highway systems through that county.

The letter also calls attention to the responsibility of Federal aid in the construction and maintenance of those highways, if prompt and favorable action is taken in the matter. The Board of Trade recently completed plans and secured favorable action from the State Highway Commission in the matter of maintenance of the National Highway, which connects this city with Rockingham county, also the connecting with Yadkin, Davie and Iredell counties has been practically completed, with the prospect of an early and favorable action in the matter of highways connecting this city with the county seats of Davidson and Guilford counties. The Board of Trade is very anxious to complete the connection through Stokes county, via Danbury to Stuart, the county seat of Patrick county.

THESE DURABLE SOLES WORN BY MILLIONS

"After giving Neolin Soles a thorough trial, I would not go back to the soles I used to wear even though the cost were less. I receive twice the service from shoes with Neolin Soles," writes G. P. Jones, of Omaha.

More than 10,000,000 pairs of Neolin Soles have been put on American shoes. People were quick to realize the advantages of this scientifically-made sole—its long wear, its comfort, water-proofness—and its final economy. Good shoe stores everywhere sell Neolin-soled shoes in many styles for men, women, and children.

And any repairman will re-sole your worn shoes with Neolin Soles—made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Neolin Soles

which Mr. Fosdick will be appointed was not known today in Washington.

WISEMAN DOESN'T TESTIFY IN CASE

(Continued from Page One.)

On the night of the homicide. When she asked Byrd who killed her husband he declared he did not recognize them. On cross-examination she admitted that Byrd said he thought it was Garfield Pitts.

Saw Two Men Shooting

J. F. Stafford, traveling man, testified that he was the last man to get on the train and that Wiseman mounted the steps before him and that when Wiseman told him later in Marion that he boarded the train after Stafford, Stafford said, "you must have crawled through a keyhole." On cross-examination Stafford testified that two men did the shooting and they went toward Pitts' store.

Huffman, Erwin and Pless Addressed the jury today. Court adjourned until Friday morning when Attorneys Hoey, Lambert, Mull, Self and Spainhour will argue the case.

A sudden attack at night of some form of Bowel Complaint may come to anyone. Every family should be provided with a bottle of Dr. SETH ARNOLD'S BALSAM. Warranted by S. W. Williams, Tucker Bldg. Pharmacy, Clayton Drug Co., Clayton.—(Adv.)

HARDING COUNSELS UNITY OF INTERESTS

(Continued from Page One.)

diers and the re-opening of plants, formerly engaged in war purposes. Entirely Practicable.

Mr. Harding concluded by saying that ordinarily the floating of a \$100,000,000 corporation, to be financed in the South, would seem a gigantic problem but he averred, it is "entirely practicable" if "we get together among ourselves."

The value of export cotton, he said, ought to be \$1,000,000,000 a year. Crop reports from each of the cotton growing States, submitted to the crop committee of the temporary Southern Cotton Association here late today, showed that every cotton State had reduced its acreage, except Alabama, which showed an increase of 5 per cent.

The general reduction, it was estimated, would be about 20 per cent. Use of fertilizers, the reports show, are reduced from 30 to 50 per cent in States where it is used. The crop is estimated to be between twenty and thirty days late.

Figures By States

The following figures were given from official reports, furnished the committee by State commissioner of agriculture:

Texas 20 per cent reduction, Georgia 20.5, North Carolina 20.2, South Carolina 26.1, Tennessee 18, Mississippi 15 and Louisiana 15 to 20.

No official reports were received from Arkansas and Oklahoma. Commissioner Fred W. Davis of Texas, commenting on the agricultural situation in his State, said acreage in wheat and oats there has increased "enormously," that on land where cotton formerly was grown nothing now could be seen but fields of grain. Many fields, he declared, are producing 100 bushels of oats to the acre.

FEATURES OF THE PLAN OF ORGANIZATION ADOPTED.

New Orleans, La., May 15.—The adoption of the plans for organization of the permanent cotton association followed on the heels of the approval of the proposed exports corporations. Minor differences marked the convention regarding certain clauses of the charter for the exports concern. But these were quickly ironed out, and unanimous approval was given amid cheers and applause which continued for several minutes.

The exports corporation, under its constitution, will not engage in buying and selling cotton for its own account for export business. Capital stock is reduced from \$100 to \$50.

The authorized capital stock of the corporation is fixed at \$100,000, all common stock. The concern, however, will be authorized to begin business when the amount of capital stock subscribed reaches \$50,000,000, and when \$20,000,000 shall have been paid in.

The charter will give the corporation power to act in any State territory or possession of the United States, or any foreign country as agent, trustee, broker or consignee of others in buying, warehousing, selling and otherwise dealing with cotton products abroad.

The American Cotton Association is designed to protect the interests of cotton growers in the entire Southern belt, and will take care of the problems growing out of domestic business entirely.

SOUTHERN BAPTIST CONVENTION WORK

BRITISH STATEMENT AS TO AMERICAN DELEGATION IN THE INTEREST OF IRELAND.

London, May 15.—(By the Associated Press.)—Andrew Bonar Law, government leader in the House of Commons, admitted that Premier Lloyd George had asked Frank P. Walsh, Edward Dunne and Michael F. Ryan, representatives of Irish societies in the United States, to call on him. He had planned to lay before them the British case and have it widely reported in America where it is insufficiently understood, Mr. Law said.

The premier has withdrawn the invitation, the government leader said, be-
