

CLUB WOMEN WANT LEAGUE OF NATIONS

Representatives of Two Million American Women Send Cable To President Wilson

EACH WOMAN PLEDGES ACTIVE SUPPORT

Problems of General Federation and Those of State Federations Are Discussed; Thrift Campaign Endorsed; November 11 To Be Observed As Gratitude Day

(Special to the News and Observer.)

Asheville, May 29.—The council of the General Federation of Women's Clubs in session here tonight, representing 2,000,000 women, endorsed the League of Nations in enthusiastic resolutions. The action was cabled to President Wilson, wired to the Foreign Relations Committee, and each woman pledged herself to write to her Senator asking for support of the plan to prevent future wars. The adoption of the resolution stirred great enthusiasm.

Unanimously adopting the ten plans for Americanization presented by Mrs. J. D. Sherman, of Chicago, the General Federation of Women's Clubs today took the first definite step toward that end, the following recommendations being adopted:

The holding of Americanization institutes for practical work, getting together club women, teachers and members of the other organizations.

The holding of Americanization conferences inviting all women's organizations in the community to send representatives, including the leading women of each racial group, to advise on the needs and methods of reaching the foreign born women in the home.

Community gatherings of foreign and American born, at which the foreign born shall show the gifts of their nations in music, art, food and industries, and the definite contribution those gifts can make to American life. This may be elaborated through singing and pageantry. The fostering of the handicrafts of the foreign born.

The organization of clubs of girls where parents are foreign born.

The appointment of committees, to visit the naturalization courts and observe the processes of naturalization and to report such observations back to the clubs and to the General Federation Division of Americanization.

The opening of public school buildings for day and night schools, for training new citizens, and furthering classes in industrial plants.

The establishment of bureaus of information on naturalization in connection with public schools.

The comparative study of naturalization laws in various states.

The use of public libraries and schools as community centers.

The council passed resolutions endorsing the national thrift campaign, and also asking Congress to give official army commissions to nurses serving in the army.

The council also decided to make November 11 Gratitude Day for an annual observance of the coming of peace.

Reports show that there are 2,000,000 women in the United States who belong to the Federated Clubs. It was decided to hold the next session of the mid-biennial council in June, 1920, at Des Moines, Iowa.

This afternoon a delightful rose tea was given by the local club women to the visitors at the Country Club.

Afternoon Session.

The afternoon session of the federation was featured by two topics of discussion, the first concerning the policies of the General Federation and the other the problems of the State federations. The meeting was held at the Battery Park Hotel, began at 2 o'clock and was presided over by Mrs. Joseph Evans Corlies, president.

In the general discussion concerning the policies of the General Federation there were four brief addresses made.

The first talk was made by Mrs. Percy V. Pennington, who spoke briefly on "To Have and to Hold." The second talk of the afternoon was made by Mrs. William B. Young, on "Strengthening Our Ties." Mrs. Young spoke on the extreme importance of establishing a better system of co-operation among the different State federations which make up the General Federation.

"Unity of Effort" was the subject of the talk made by Mrs. M. D. Cameron immediately after Mrs. Young had finished her address. Mrs. Cameron spoke along the same lines as did Mrs. Young. Mrs. L. L. Blamkesburg closed the discussion in regard to the policies of the General Federation by a short talk on "Our Federation Democracy."

The women then took up the discussion on the problems of the State federations, which was featured by five very interesting and instructive talks. Mrs. J. D. Wilkinson, of this State, opened the discussion by an address on "Interpreting an Efficient Federation," dealing with the ways and means in which the State federations of the organization may better its interests.

Mrs. Gilbert Davis, of Vermont, and Mrs. Howard W. Farum, of Rhode Island, then made interesting talks on "Our Magazine, a Valuable Factor." Mrs. Davis spoke especially of the value of the magazine as a factor of organization and interest in the individual clubs.

"A Plan for the Study Club" was the subject of a very interesting talk made by Miss Louise B. Poppenheim, of Charleston, S. C., in which she emphasized the extreme importance of the

organization of study clubs. The holding of Americanization institutes for practical work, getting together club women, teachers and members of the other organizations.

The holding of Americanization conferences inviting all women's organizations in the community to send representatives, including the leading women of each racial group, to advise on the needs and methods of reaching the foreign born women in the home.

Community gatherings of foreign and American born, at which the foreign born shall show the gifts of their nations in music, art, food and industries, and the definite contribution those gifts can make to American life. This may be elaborated through singing and pageantry. The fostering of the handicrafts of the foreign born.

The organization of clubs of girls where parents are foreign born.

The appointment of committees, to visit the naturalization courts and observe the processes of naturalization and to report such observations back to the clubs and to the General Federation Division of Americanization.

The opening of public school buildings for day and night schools, for training new citizens, and furthering classes in industrial plants.

The establishment of bureaus of information on naturalization in connection with public schools.

The comparative study of naturalization laws in various states.

The use of public libraries and schools as community centers.

"GREATEST SOLDIER'S" FIRST WISH NOW IS TO SEE HIS MOTHER

(C) Underwood & Underwood. Accomplished Greatest Individual Feat of the War.—Sergeant Alvin C. York, of Tennessee, who in a single action killed twenty Germans, captured 132 prisoners, including a major and three lieutenants, and disabled thirty-five machine gun positions. He had only seven comrades left with him.

Study clubs of the federation. Miss Poppenheim spoke in very complimentary fashion of the splendid work which the women of North Carolina have done in promoting the growth of the State Federation.

Mrs. William Patrick, Jr., of New York, vice-president of the Magazine Corporation, closed the main program with a talk on "Planning the State Budget." Mrs. Patrick spoke on the importance of each State Federation having a budget and stated that only 23 of the 48 States have a budget, but that others want it.

Morning Session.

Problems of conservation, education and legislation were topics of discussion today at the morning session of the biennial council of the General Federation of Women's Clubs of America.

Under the head of "Industrial and Social Conditions," Mrs. T. W. Langley, of Chapel Hill, spoke on "The Club Woman as a Social Factor," and Dr. William S. Colledge, United States Treasury Department, Washington, delivered an address on "The National Thrift Campaign."

necessary to interest women and the Democratic party had such an issue in the treaty of peace and the league of nations covenant.

In the afternoon the committee conferred with State claimants. Joseph P. Tumulty, secretary to President Wilson, A. Mitchell Palmer, United States attorney general, and Franklin D. Roosevelt, assistant secretary of the navy, arrived at noon to attend the closing session of the convention. Mr. Tumulty denied that he was the bearer of a message from President Wilson and explained that he came to Chicago in his private capacity of a Democrat at the invitation of Chairman Homer S. Cummings.

The fools who rush in where angels fear to tread are lucky if they are able to crawl out again.

SERGEANT YORK RETURNS TO CAMP

Spent Yesterday On His Native Heath, In State of Tennessee

(By The Associated Press.)

Chattanooga, Tenn., May 29.—Sergeant Alvin C. York, the Pall Mall, Tenn. hero, spent the day here sight-seeing and left tonight for Fort Oglethorpe, to await demobilization. Upon his arrival the East Tennessee mountaineer was met by a committee of citizens headed by Brigadier General Scott, commander at Fort Oglethorpe. At a luncheon after an address of welcome by Mayor Littleton, Sergeant York said: "I certainly appreciate what Tennessee has done for me. In welcoming me back home, and I will get a little further and say I deeply appreciate what America has done for me in welcoming me back, and not only me, but every boy who has gone to France. There is not a boy any prouder to return than I, and we had a pretty tough time of it in Europe. There is always to be the bitter with the sweet and we had our bitter parts there, and we hope now the result from the bitter will be the sweet. "There has been no army in the world which did its work with so great a will as did our army. America now has a chance to put itself at the top notch in the hearts of the people of the world and during this time we should not forget whose hand it was that was with us during it all. America today is the only nation of the world that has a generation of young men, and I firmly believe it is the most Christian nation in the world. The hand of God, I believe, was certainly with us during the war. We didn't want money or fame in this war. There was something in her and better than that. The boys who gave their lives for our country have done a great deal and we ought to be proud of them."

Later Sergeant York was made an honorary member of the Rotary Club. It is expected that he will be discharged from the army once and will return to his home at Pall Mall, Tenn.

LIKELY TO REPEAL THE DAYLIGHT LAW

(Continued from Page One.)

whatever name they may be sold. A prohibition commissioner would be selected by the Treasury Department and an appropriation of \$1,000,000 provided for enforcing the law within ten days after its enactment.

North Carolina Congressmen are hearing from folks back home, especially the Tar Heel representatives that are lukewarm toward the subject. The number heretofore classified as non-committal is narrowing down to two or three members. Representatives John H. Small and E. W. Pou, who have consistently opposed prohibition since being in Congress, will perhaps be the only two members of the North Carolina delegation to oppose the measure when the final test comes. Representatives Leo Robinson and H. L. Godwin are somewhat hesitating as to the position to take, but their constituents are constantly communicating with them in behalf of a decision to stand pat for war-time as well as constitutional prohibition.

Harry Stubbs' New Job.

The first North Carolina congressional district, represented by Congressman John H. Small, will have Harry W. Stubbs of Williamston, Martin county, as district census supervisor. Director of the census Samuel L. Rogers will make the appointment. Mr. Stubbs is a lawyer and has represented his section in the North Carolina General Assembly close on to a quarter of a century. The census supervisor gets \$1,800.

DRAPER MILLS TO RESUME MONDAY

Notice Posted That Operations Will Start With Union and Non-Union Men

(By The Associated Press.)

Charlotte, May 29.—Upon authority of President Arthur J. Draper, notices were posted tonight in the Draper chain of mills that the mills would resume operations next Monday on the open-shop plan, admitting both union and non-union men. Operatives in the two Cindrick-Hoskins Mills and the Calvine and Louise Mills, controlled by Mr. Draper, have been on strike because of previous announcements that the mills would not hire unionized operatives.

President C. W. Johnston, of the Highland Park Mills Nos. 1 and 2, continues to hold out in his tannouncement that union men will not be permitted to work in his mills.

Striking operatives continued on guard with shot-guns today at the Highland Park Mills, with the announced determination to prohibit writs of ejectment being served by the sheriff upon a small number of families there. The Highland Park Mill officials are still undecided regarding instructing the sheriff to serve the writs.

asylum for the insane since March, 1914. "His complaint sets forth that she is the legal wife of Frank K. Cahill, to whom she was married at Elizabeth City, N. C., Aug. 1, 1907, and has never been divorced from him."

READ'S NC-4 SEAPLANE HOLDS LONG DISTANCE RECORD, NOT ROGET

Paris, May 29.—The French press was mistaken in its statement that the recent flight of Lieutenant Roget, the French aviator, who flew to Morocco last Saturday, had beaten the record of the American seaplane NC-4 in flying from New-Foundland to the Azores, according to M. Breguet, the constructor of the airplane in which Lieutenant Roget made his flight.

M. Breguet points out that the distance from Paris to Rabat is not 2,200 kilometers (1,365 miles), as was stated, but 1,800 kilometers (1,116 miles), and that Roget started from a point several kilometers south of Paris and landed before reaching Rabat.

The distance of Roget's flight was given in Sunday's dispatches as 2,170 kilometers, or about 1,348 statute miles, while according to the foregoing dispatch he flew less than 1,118 miles. The NC-4's flight on the long jump from Trepassey to North was 1,290 nautical miles, or 1,380 statute miles.

Policeman H. J. Smith Dead.

Norfolk, Va., May 29.—H. J. Smith, the former policeman who murdered his wife by beating her head into a pulp with a chisel Saturday morning and then drank poison with suicidal intent, died in a local hospital today.

JOHN BULL OWES UNCLE SAM OVER FOUR BILLIONS.

London, May 29.—J. Austen Chamberlain, chancellor of the exchequer, announced in the House of Commons today that the present indebtedness of the British government to the American government is \$4,200,000,000, while the various American debts owe the British departments roughly \$210,000,000.

A Wreath From Boy Scouts.

Paris, May 29.—At the Memorial Day exercises which will be held tomorrow in the American cemetery at Suresnes, a suburb of Paris, at which President Wilson will speak, he will, in compliance with a request, lay a wreath in tribute to the American dead on behalf of the Boy Scouts of America.

Occasionally the wires become crossed and a minister answers the call of somebody to preach.

COTTON CORPORATION OFFICIALS MEET AGAIN TODAY.

New Orleans, La., May 29.—The executive committee of the proposed \$100,000,000 cotton export corporation took recess today after the second executive session here so that three members may confer with Governor W. P. G. Harding, of the Federal Reserve Board, in Shreveport, where he was due tonight. The committee members said they expected to meet again tomorrow to continue work of planning the organization.
