FATALLY INJURED; DIES IN HOSPITAL

Fremont Man Was Driving Truck At Fremont When Train Smashed Into It

Wilson, July 6.—Mr. R. A. Warren, an employee of the Fremont Oil Mill, who was fatally injured Friday afternoon when a passenger train ran into a truck he was driving, died this morning at a local hospital. He was brought to Wilson in an unconscious condition. The accident happened at Fremont when passenger train 45 of the Atlantic Coast Line smashed into the truck, which was used for delivering ice.

The Fourth in Wilson. The glorious Fourth was celebrated in a sane manner and only for the innocent amusement indulged in at the County Club the day passed off like a quiet Sunday. At the club, golf, tennis, swimming, diving and tub races and other amusements were indulged in to the hearts content. Incidentally Lieut. A. Leazar, who has been delayed here on account of engine trouble to his famous "Black Cat" aeroplane, gave the plane a try-out, flying over Lucama, Kenly and Selma.

Portrait Wanted. Mr. James Dempsey Bullock, Wilson County historian, is anxious to locate any descendant or friend of Dr. Barron C. Watson who lived in Wilson, on North Tarboro Street in the '50's. In 1850 Dr. Watson was master of Mount Lebanon Lodge, No. 117, A. F. and A. M., and Mr. Bullock's purpose in borrowing the photograph is to have it enlarged to hang in the lodge room with other departed masters of Mount Lebanon.

School Election Carried. The \$25,000 bond election held in Black Creek Township today was carried by a good majority. The purpose for the issuance of the bonds was for consolidating the schools of the township and for the erection of a modern school house near Black Creek and for the purchase of trucks to convey children to and from school.

Superintendent C. L. Coon says it is only a matter of time before the whole county will be under the same system. Several townships are already in line to make the progressive step.

WATAUGA WELCOMES HOME HER RETURNED SOLDIERS

Boone, July 6.—Watauga's biggest day and Boone's biggest crowd is the way the Fourth is designated here. A crowd variously estimated at from 5,000 to 7,000 assembled at the courthouse and marched to the Appalachian Training School campus, where the speaking of the day was heard. The soldiers of all wars were invited and welcomed at Boone. In the march the old Civil War veterans led the procession followed by the heroes of the world war, and these followed by a memorial float in honor of the dead in France and by a float representing Victory, the Red Cross work and other phases of this noted time. Then came automobiles decked to represent the various interests of the county, including the Training School, then the students of the School and Boone graded school followed by a large crowd of Watauga's splendid people.

Capt. E. F. Lovill, the grand old man of Watauga, delivered the address of welcome in a most fervent and beautiful style. Hon. E. R. Coffey introduced in a happy style the speaker of the day, Maj. A. L. Bullwinkle, of Gastonia, who gave a vivid description of the experiences of the boys who went to war. A most sumptuous dinner was served to the soldiers and all present.

TALENTED READER WILL BE AT FUQUAY SPRINGS

Fuquay Springs, July 6.—Mrs. W. R. Absher, of North Wilkesboro, has consented to give two readings at the graded school auditorium during community singing to be held Thursday night, July 10th.

Mrs. Absher is a graduate of one of the best known schools of expression in this country, having graduated with honors at the Boston School of Expression, Boston, Mass., and was selected by the Y. M. C. A. authorities to go to France as one of its entertainers, but was prevented from going on account of the sudden termination of the war. Mrs. Absher is visiting relatives in this community, and has graciously consented to give two readings without charge at the entertainment.

DESCENDANT OF CONFUCIUS WANTS TREATY REVISED.

Paris, June 10.—(By Mail.)—Kong Siang-Koo, direct descendant in the seventy-fifth generation from Confucius, and president of the Provincial Council of Shantung Province, is among the well known Chinese who have recently arrived in Paris to urge a reconsideration of the conference decision to turn Shantung Province over to the Japanese.

Mr. Kong speaks English and like all the other members and attaches of the Chinese delegation, wears modern clothes.

He is most eloquent in his plea for a restoration to China immediately of the historic province which Germany wrested away from it by force. China's sacred mountain, Tai-shan, and the home of Confucius make this province more sacred to China than any other portion of the republic.

"We thought German imperialism had been driven out of China," Mr. Kong said in a recent talk to newspaper men; but it has only been supplanted by the imperialism of Japan which is even a greater menace to China."

Training Boys For Waiters.

London, July 6.—The dearth of good English waiters has prompted the Loyal British Waiters' and Chef Society to open a school for the training of boys in the trade. Applicants will be admitted to classes where they will hear lectures by famous cooks, and where they will be educated in languages and deportment. During the war, waiters were largely displaced by women who, through their attractiveness and strict attention to their work, bid fair to retain their positions, making a higher standard for the male attendant necessary.

Establishes Hospital Steamer. Samara, Russia, July 6.—The American Red-Cross has established on the Volga river an hospital steamer of a hundred beds.

MACON PEOPLE OBSERVE CELEBRATION OF FOURTH

Franklin, July 6.—One of the largest crowds ever assembled in Macon county met in Franklin Friday to celebrate the Fourth of July. Hon. O. Max Gardner was the speaker of the occasion. A program was prepared for the entire day and wound up with a play by local talent in the evening. A great part of the exercises were in celebration of the returned soldiers. After a drill and other exercises a dinner for the soldiers was served on the courthouse grounds. Lieutenant Governor Gardner's speech came at three in the afternoon instead of eleven as was planned. This was caused by a train wreck which delayed Gov. Gardner in reaching town.

By eight o'clock the crowds began to pour into town and by noon the entire town was filled to the limit. When Governor Gardner spoke in the court house the building was packed to the last seat and many were standing in the aisles. A large number were unable to find room in the building.

Yes, the world owes you a living, but you will starve to death if you sit down and wait for it to come round and settle.

NEW BERN MAYOR REFUSES AN INCREASE IN SALARY

New Bern, July 6.—Breaking all precedents and shattering all past records, Mayor A. T. Dill, of this city, has declined to accept an increase in salary, as provided for in a change of the city charter by the last General Assembly. The salaries of all city officials were increased under the act, but Mayor Dill is standing by his campaign promise. The increase would have brought him several hundred dollars annually.

BURNS CAPUDINE

Dr. Mun's Ointment is worth its weight in gold in relieving pain and healing scarred flesh. Ideal remedy for Piles, Insect Bites, Eczema. 50c a jar. Druggists. Refuse substitutes.

Manufactured by CREECH CHEMICAL CO. SMITHFIELD, N. C.

There are times when every man has to toe the mark, and he needn't kick about it, either.

SHOES WEAR LONGER

When you walk in comfort; so do stockings. A package of Allen's Foot-Ease, the scientific powder to shake into the shoes and sprinkle in the foot-bath, gives you that "old shoe" comfort. Allen's Foot-Ease stops the pain of bunions, corns and callouses, and makes tight or new shoes feel easy. Ladies can wear shoes one size smaller with the same comfort by shaking some Allen's Foot-Ease in each shoe in the morning. Sold everywhere.—(Adv.)
