Soldiers and Daughters Must Have Proper Indentification Card-General Order Explains.

In general order No. 15, just issued, General Metts notifies the veterans concerning the indentification cards that must be used by daughters and veterans to secure the two-cent rate offered by the railroads. The order follows:

"Please forward to this office the names of your staff, commanders and adjutants, of the camps in your brigade. It is very difficult to know whom to address communications as changes by death and election are frequent and the addresses of the new officers are unknown to this office. WESTERN FOREST FIRES

CONTINUE TO SPREAD. Spokane, July 18.—Racing over moun-tain ranges of Western Montana and Northern Idaho, forest fires which have een burning for more than a week today continued to spread destruction and threatened several small towns which have been severed by the flames from communication with the United States Forest Service Headquarters at Missoula, Mont.

The fire near Henderson, Mont. jumped the mountains into the Mulian gulch country where there is said to be practically no opportunity to stop it. The fire near St. Regis, Mont., crossed the Clark Fork river and late today was spreading unchecked over a large

Only with favorable weather conditions is there any possibility of con-trolling the flames, district forest service officials said.

It is costing the Federal forest service \$15,000 daily to fight the fires in this district, it was said, besides the damage done to valuable timber and other property. Extra fire fighters now in the field number 1,500.

KINSTON MAN FORTUNATE IN HIS ARMY ASSIGNMENTS

Kinston, June 18 .- Paul Dunn, son of the assistant-postmaster here, served in one of the most unique units of the army. He was a member of the First Headquarters Infantry, ostensibly a part of the First Division, although the regiment never saw actual fighting. Young Dunn, back from the service, says the regiment's address most of the time was Marseilles, most picturesque of French cities and in many respects a better place to sojourn in than Paris. In addition to doing line duty at Marseilles Dunn was a military policeman at Nice and Monte Carlo, and no soldier could ask more than to serve at these three places. More than half of the members of his regiment could speak French before going across, according to Dunn. The personnel was from every State.
