

FIRST VICTORY IN ST. LOUIS OF YEAR

New York Yankees Win When Browns' Defense Cracks in Seventh Frame

St. Louis, Mo., July 18.—St. Louis' defense cracked in the seventh and New York today won its first victory here this season, 4 to 3. Three errors in succession with singles by Baker and Hannah gave the visitors three runs and overcame the lead which St. Louis took in the fifth when Sisler hit the ball into the right field bleachers, scoring Tobin ahead of him.

ASKS DAMAGES IN SUM OF \$10,000

Durham Lady Contends That Randleman Man Insulted and Humiliated Her

By JAMES A. ROBINSON.
 Durham, July 18.—One of the most sensational damage suits to come to light locally in some time is that of Mrs. Marie Thompson, of this city, against Dennis Hardee, a business man of Randleman, wherein Mrs. Thompson is suing to recover damages to the extent of \$10,000, which she claims is due her from being insulted and humiliated several months ago by Hardee, while he was employed to transport her in an automobile to Greensboro from Randleman where she had been visiting her parents.

According to the complaint made by Mrs. Thompson in the case, Hardee used insulting and humiliating language to her while en route to the above-mentioned city.

The suit was started in the early part of the year, but until today had not been given out for publication.

According to one of Mrs. Thompson's attorneys, the case was continued from the last term of the civil court, but in all probability will come up for hearing in the September term. The attorney stated that it promised to be one of the most sensational cases that has come up in the local courts in many years.

Mrs. Thompson is represented by Attorney J. W. Barbee and the law firm of Fuller, Reade and Fuller, while Hardee is represented by Brittain and Brittain, of Asheboro, and the firm of Bryant and Brogden, of this city.

Bridges Washed Away.
 The heavy rains of the past few days have wrought much damage to bridges in Durham county. The principal damage was done to the bridge on the Rigbee road. The concrete abutments on one side was washed away, wrecking the structure. The other bridges damaged were of wood and can soon be replaced. One bridge near Nelson is a total wreck; another on the Mineral Springs road is moved out of place.

Some of the roads were covered with water for some distance. The incessant rains for several days has also retarded the streetwork in Durham, and flooded quite a number of the basements of the stores. The damage in the county will amount to a handsome sum, it is estimated.

Royal Knights.
 After a three-days' session of interesting business meetings, the Supreme Grand Lodge, Royal Knights of King David, has adjourned, after electing officers and selecting Darlington, S. C., as the meeting place for next year. Over 500 delegates were present, representing a membership of over 21,000 colored people in the States of Pennsylvania, Virginia, Georgia, North and South Carolina and Florida. The officers elected are W. G. Pearson, of Durham, Supreme Grand Master; J. L. Perizon, of Blackstone, Grand Chancellor; E. E. Smith, Society Hill, S. C., State Grand Senior Chancellor; H. S. Smith, Raleigh, State Grand Scribe; J. J. Smith, Wilmington, Grand Statistical Secretary; H. L. Robinson, Durham, Grand Treasurer. Officers were also elected by the women's department of the organization.

Telegrams Did It.
 Captain C. A. Wicker, of the No. 3 station, O. D. Hill, of the No. 1 station and Alvin Umstead, of the hook and ladder station, returned yesterday evening from Asheville where they attended the annual convention of the North Carolina Firemen's Association. Captain C. H. Turner, of the No. 1 station, remained in Asheville a day longer and was expected back this evening.

The three fire fighters reported that they did all in their power to land the 1920 convention for Durham but the odds against them were too heavy. Fayetteville won out, they said, because Fayetteville put forth a concentrated effort to get what it was after. No

boomer had the convention opened when a deluge of telegrams came from the artillery camp town. There were telegrams from everybody, it seemed, and every telegram contained the same message, viz., a cordial invitation to hold the 1920 convention in Fayetteville. Such a united effort was not to be denied and the Fayetteville fire department delegates at the convention were informed that the 1920 convention would be held in their city.

Never Met the Like Before.

Max J. W. Hamilton, commander of the R. F. Webb Camp, U. C. V., of Durham, has requested your correspondent to ask The News and Observer to extend the hearty thanks of his camp to the good people of Hillsboro and Orange county for the unbounded hospitality extended to the Confederate soldiers on Wednesday last. The Major says the Durham veterans have been from the Rio Grande to the Potomac, and across the Potomac to Gettysburg, but they have never met with treatment as they received at Hillsboro in the way of hospitality and kind attentions.

Monument For Newspaper Man.
 Kinston, July 18.—A monument to the late W. James Jordan, newspaperman and politician, will be unveiled in St. Barnabas's Cemetery at Snow Hill Sunday by Woodmen of the World. Several camps will send delegations to the cemetery. Mr. Jordan, who died some months ago, was well-known in this part of the State. In one campaign he was Claude Kitchin's opponent for the latter's seat in Congress.

STRIKE SITUATION REMAINS THREATENING

Winston-Salem, July 18.—The situation growing out of a threatened strike of tobacco workers at the mammoth Reynolds plant here is still threatening with the belief growing that the situation will be brought to a head within the next few days.

Local ice dealers tonight saw an early end of the ice famine now gripping the city. Broken machinery in one of the largest manufacturing plants here has crippled production to such an extent that the situation was beginning to grow alarming. Machinery has been repaired, ice men said, and all local plants will run full time tomorrow.

Cameron Morrison, Charlotte's entry into the gubernatorial sweepstakes, spent a busy afternoon here shaking hands with his friends. He is enthusiastic over his prospects for victory and talked optimistically of the coming race. Lawrence McRae, Charlotte banker, came through the country with Mr. Morrison in an automobile.

TO TAKE ACTION IN CASE OF AMERICAN KILLED IN MEXICO

Washington, July 18.—President Wilson late today notified Governor Robertson, of Oklahoma, that he had requested the State Department to do everything possible in connection with the killing of John W. Correll, an American citizen and the attack on his wife and son by Mexicans in the Tampico Oil District.

Lalley Light & Power
Won First Prize at
Illinois State Centennial

On merit, and merit alone, the Lalley was awarded first prize.

This medal was awarded for "advancement in lighting"—which covers the mechanical construction of the plant and its operation.

From the exhibit the committee could not know of Lalley savings.

But thousands of wide-awake farmers know of them.

They know that they are real savings of time, labor and actual money.

Lalley savings are important on any farm, and on your farm. They mean less labor; more work done in the same time; a larger day in the field, and so on.

You really owe it to yourself and your family to see Lalley Light as soon as you can.
