

# SECRETARY WILL BE AT JUNALUSKA

### Mr. Daniels Accepts Invitation To Deliver Address To Bible Federation

Asheville, July 23.—Hon. Josephus Daniels, Secretary of the Navy, has accepted an invitation to deliver the closing address to the Western North Carolina Wesley Bible Class Federation conference which will be held at Lake Junaluska August 7 to 9. The conference will be attended by representatives from the Methodist Sunday schools from all over the South and special rates will be given them by the railroads. It is expected that fully 800 delegates will be present for the conference.

### Will Enlarge College.

Plans are being made for the expenditure of \$200,000 on the normal and collegiate institute here, an institution primarily for the education of the mountain girls in order that they may return to their people and teach them the modern things which they have learned. The school is run by the Home Mission department of the Presbyterian church and this board will soon have the large sum available for enlargements and improvements on the school. In the summer it is used as the Asheville Summer school.

### Rockwell Asked to Speak.

When he arrives in this city, which is expected within the next three days, Paul Ayers Rockwell, famous member of the Foreign Legion of the French army, wearer of French decorations and noted war correspondent, will be asked to make an address to the Kiffin Rockwell post, the local branch of the American Legion. This is expected to be one of the best talks the famous fighter will deliver while in this country, as he will be speaking to the local warriors who have bestowed the honor upon his late brother of naming their post of the American Legion for him.

The Kiffin Rockwell post was organized here about two weeks ago and has been very successful in its first efforts for organization. Mr. Rockwell will spend the greater part of his time here with his mother, Dr. Lula A. Rockwell, who resides in this city. She is here with her daughter, Mrs. L. P. Hayes, of Winston-Salem, awaiting the arrival of her son. Mr. Rockwell, in company with his brother, was the first American soldier to join forces with the allies against the Germans, having left an Atlanta newspaper at the very outbreak of the war to go to the fight in France and Belgium.

## RESERVATIONS MAY NOT BE NECESSARY

(Continued from Page One.)

The war and in the peace negotiations and in the other gave the impression that no serious opposition is to be feared to any portion of the peace treaty except the league covenant. The Shantung provision, he wrote, had been the subject of "deliberate exaggeration."

### Can't Saddle Shantung on Wilson.

While the letters were being circulated among Republican Senators today the first public expression on the Shantung settlement came from the White House in the form of a statement

declaring "altogether false" published reports that the President had formulated the provision. The statement continued that Mr. Wilson had "exercised all the influence he was at liberty to exercise in the circumstances" to secure modification of the arrangement giving control of the Peninsula to Japan.

The President's statement was accepted as precluding any likelihood that Mr. Wilson would defend the Shantung provision except on the ground of expediency.

### Main Objection to Reservations.

The argument of administration Senators against inclusion of any such provisions in the ratification has been that any qualification at all would necessitate re-negotiation with the other nations and encourage them to adopt reservations.

It is known that in his White House conferences with Republicans the President has emphasized this argument. Just how much basis there might be for the prediction that Mr. Wilson might decide to endorse interpretative reservations did not appear tonight, though it was reported negotiations actually were under way to secure such an endorsement.

### President Confers With Senators.

The President saw four more Republicans today, and it is understood that each of them expressed a determination to vote for reservations. They were Senators Page, Vermont, McLean, Connecticut, Sterling, South Dakota, and Newberry Michigan. None of them would discuss the conferences in detail but it is known that some of them implied from the President's remarks that the door was not entirely closed to reservations of an interpretative character.

### To Purify and Enrich the Blood

Take GROVE'S TASTELESS CHILL TONIC which is simple IRON and QUININE suspended in Syrup. So Pleasant Even Children Like It. You can soon feel its Strengthening, Invigorating Effect. Price 60c.—Adv.

## GIRLS TO ENTERTAIN TONIGHT AT CENTER

### Both Branches of Girls Friendly Society Will Be Hostesses To Community

Everybody will be welcome at the Community Center, Pullen Building, this evening, when the girls of both branches of the G. F. S. will entertain. The new Center opened Tuesday evening with a crowd of 150 present, and tonight's crowd is expected to be even larger. The girls are planning a diversified program.

Among the special numbers will be Miss Lola May Pittman, soloist; Miss Mary Ferrell, violinist; Miss Elizabeth Hughes, danseuse; Mrs. Castlebury, elocutionist; Walter Lee Horton, black-face comedian and vocalist.

A social good time and refreshments will compose the remainder of the program.

### Gives Birthday Party.

Mr. and Mrs. Allen J. Barwick yesterday evening entertained at a birthday party in honor of their son, Killian, yesterday eleven years old.

The guests played games, and were served with cream, cake, and mints. Favors were distributed before the guests entered the dining room.

Those present were Susie Tucker, Catherine Spingler, Violet Wright, Eloise Barwick, Pearl Brooks, Catherine Fleming, Tom Keyes, Alton Fetner, Dallas Sherman Milton Robeson.

## Nervousness

Health Talk  
By F. T. HOFF, D. C.

Chronic nervousness is deep seated. If it continues other disorders crop out. Very nervous folks usually have indigestion and are troubled with constipation.

To overcome these symptoms, many resort to methods and means that provide merely temporary relief.

To be restored from the ailments the nervous circuits must be cleared of obstructions in the form of compression by displaced parts of the spine. When this is accomplished by Chiropractic adjustment it will permit the normal passage of nerve impulses from the brain which will restore normal function in the organs and parts.

The only place in the body where the nerves are liable to be interfered with is at the spine, where they branch off from the spinal cord and come through between the vertebrae on the way from the brain to the body.

Nervousness in any form can, in the large majority of cases be fully overcome by Chiropractic adjustments. I investigate the merits of this new drugless health method.

## HANDLING COMMERCIAL RADIO MESSAGES BY NAVY

### Secretary Daniels Asks For Authority To Continue The Work and Why

Washington, July 23.—Secretary Daniels, in asking Congress today to enact legislation permitting the Navy Department to continue handling commercial radio messages, declared that "an intolerable situation in the business world" was threatened because of the inadequacy of other international communication systems.

In a letter to Speaker Gillett, the Secretary said the navy owned and operated 85 per cent of all radio stations in the United States, and that with its existing organization it could continue the work which "no commercial company is now in a position to accomplish." No hardship on private companies would result, the Secretary said, because only five commercial stations within Continental United States maintain continuous service.

## URGE CONTINUANCE OF ALL VARIOUS INDUSTRIES

New York, July 23.—As an immediate means for correcting present abnormal commodity prices and reducing the period of excessive war debt taxation, resolutions unanimously adopted by the Board of Directors of the National Association of Manufacturers at a meeting in the general offices in New York recently, urge public support of an effort to greatly increase the industrial production of the country, pointing out the growing tendency to restrict production on the theory that the less work a man does the more work he provides for others to do.

The resolutions declare that much of the industrial antagonism which exists between employers and employees is based on the unjustifiable and systematically fostered belief among the people that the manufacturers of the country are mainly responsible for the levels which prices generally have attained. Attention is also called to the fact that heavy war debt taxation has contributed heavily to present high prices and increased productiveness is described as an effective means of shortening the duration of war tax burdens now imposed on our industries and the individual citizen.

### Korean Magazine Suppressed.

Seoul, Korea, June 12, (By Mail).—An issue of the Peninsular Review, a magazine published in the Korean language by a Japanese, in which the publisher recommended that the Japanese constitution be extended to Korea, has been suppressed and the Korean editor put in jail. The publisher, a Japanese, whose name was signed to the editorial, is now in Japan.

## AMERICAN COTTON ASSOCIATION PLAN

### Campaign Committee of 250 With Atlanta As Headquarters

(By The Associated Press.)  
Atlanta, Ga., July 23.—Plans decided upon today to aid in the permanent organization of the American Cotton Association included the formation of a campaign executive committee of 250 members and the selection of Atlanta as headquarters for the membership campaign.

The eleven prospective directors will form the nucleus of the campaign executive committee and will nominate the additional members who will be apportioned to the cotton States. State organizations also are to be established at an early date. J. S. Wannamaker, of St. Matthews, S. C. and M. B. Welborn, chairman of the Atlanta Federal Reserve bank, addressed the delegates today at a meeting at which every Southern State was represented. Mr. Wannamaker asserted the association is determined to keep the price of cotton up to a reasonable standard and said its work would be of great benefit to the workers in the cotton fields as well as to plantation owners and small planters. He said the use of his name in connection with the world cotton conference to be held in New Orleans had been without his consent and asserted that this conference was in the interests of low priced cotton.

### Loans By Banks on Cotton.

Mr. Welborn discussed the financial end of the cotton situation and at the close of his address a resolution was adopted asking United States Senators and Representatives from the Southern States to work for passage of an amendment to the Federal Reserve act that would permit national banks to make loans on staple commodities, properly classified, stored and insured, up to 25 per cent of the bank's capital and surplus.

Sessions will be held again tomorrow and President Wannamaker at noon will address the Georgia legislature on the work of the association.

## BARNES LED 134 STARTERS IN WESTERN GOLF MATCH

Cleveland, O., July 23.—Equaling the course record of 69, James Barnes, of Sunset Hill Club, St. Louis, present champion, today led a field of 134 starters in the first round of the western open golf championship over the Mayfield Country Club. Tom McNamara, former champion, was second with 70, setting a record for the first nine at 33, including Eagle Threes on the 465 yard third and the 546 yard sixth. Walter Hagen, of Detroit, National Champion Leo Diegel, Detroit, Michigan champion, Fred McLeod, of Wash-

ington, formerly national champion, Willie Kidd, of St. Louis, and Charles D. Thorn, of Shinnecock Hills, N. Y., each took 71. The scoring was so good that sixty-four scored better than 80, indicating that a score of 100 or better will be required to remain among the sixty-four players who will remain in the final 36-holes play on Friday. Among the scores below 80 were: Harry Hampton, Richmond, Va., 67-68-75; Jack Burgess, Asheville, N. C., 68-40-70.
