

# WILSON WILL AND SO WILL CARNIVAL

## County Commissioners Versus Town Aldermen Over Question of Having Show

Wilson, Aug. 4.—After the city aldermen had twice reversed their decision and finally agreeing that a carnival would be permitted to give one week's entertainment here for the benefit of the Wilson fire department—at a called meeting the board of county commissioners took a hand in the game and vetoed the action taken by the city fathers and wired the show people at Goldsboro that the board had instructed the sheriff of Wilson county to issue no license for the show to exhibit in the county.

Notwithstanding the warning, the carnival agent blew into Wilson Sunday afternoon and was assured by Mayor Hill that the city would grant them license and on this assurance the agent phoned to the show people in Goldsboro to "ship the show to Wilson immediately" and it arrived here just before sunset Sunday.

The county commissioners met this morning and stood pat on upholding the law relative to carnivals exhibiting in Wilson.

The carnival agent has complied with his part of the contract by paying the agreed amount to the fire department, the city tax, etc., and the band made its first appearance on the streets this afternoon.

Farmers, contractors and business men are commending the board of county commissioners for the firm stand they have taken, to uphold the law—and the public generally is of the opinion that the carnival people are playing a losing game.

At a joint meeting of the city commissioners and the board of county commissioners this morning, Mr. T. H. Sugg was re-elected public cotton weigher for Wilson county. There were two candidates and the vote stood: T. H. Sugg, 6; J. N. Pierce, 3—the chairman of the county commissionery not voting.

The Welfare Auto Co. was made defendant this morning in Mayor Hill's court for the alleged violation of the Wilson county Sunday blue law. They gave bond for their appearance at the September term of Wilson superior court. This is the fifth concern that will make a test case—the other four being one ice house, a cold drink parlor, cigar dealer and news dealer. The original violation being a soda jerker who was allowed to go scott free after pleading guilty to the charge on Justice of the Peace McFarland's findings that the law is unconstitutional.

## SCHOOL COMMITTEEMEN ENTERTAINED AT DINNER

### Several Hundred Men Gather in Greenville to Discuss Educational Affairs

Greenville, August 4.—The annual meeting of the Pitt county school committeemen was held Saturday. The meeting was held in the dining hall of the East Carolina Training School, where a most delightful dinner was served. County Superintendent Sam B. Underwood presided. Among the speakers were: Dr. E. M. Wright, president of the Training School, who discussed the need of taking care of school houses; Mr. Marvin Blount, superintendent of public welfare, who discussed with the committeemen the matter of enforcing the compulsory attendance law; Dr. P. J. Chester, whole-time county health officer, who discussed the new law in regard to sanitary closets.

It has been the custom for the Pitt county school folks to get together once a year for informal discussion of school problems, and these get-together meetings have proven most helpful. Owing to the rains of some days ago the farmers of the county have been very busy, but nearly 150 farmers and business men were present at the meeting Saturday.

Mr. A. G. Cox, who has long been the efficient chairman of the county board, could not be present owing to the illness of his wife, but he wrote a letter of encouragement to the school committeemen and pledged his renewed support to their efforts to make the schools of the county what they should be. The meeting voted a vote of thanks to Mr. Cox, and instructed the superintendent to wire him conveying their appreciation of the most helpful service he has been to the schools in the past.

## WAR WORK LEADER DECORATED

Presentation of the Distinguished Service Medal to Joseph Lee, president of War Camp Community Service by Major General Clarence R. Edwards, took place at a recent ceremony on historic Boston Common. The black and white photograph shows Mr. Lee (in the straw hat) receiving the medal. The close-up view shows General Edwards in the act of pinning on the medal.

General Edwards thus lauded the work done by Mr. Lee:

"To Mr. Lee," he said, "I present my congratulations, as, before I left this country, I had personal knowledge of his indefatigable work and his devotion to his country and the soldier."

The citation of Mr. Lee for the Distinguished Service Medal states the decoration was awarded to him for "especially meritorious and conspicuous service as President of the War Camp Community Service."

During the war hospitality for the soldiers, sailors and marines was pro-

vided by War Camp Community Service in more than 600 cities and towns in this country. More than 1,500,000 men in the service were cared for in dormitories and canteens. Free auto rides, home hospitality, theatres, moving picture shows and many other entertainments were provided. Subsequent to the ceremony Mr. Lee sent the following letter to all the workers of War Camp Community Service:

"To my Fellow Workers: Yesterday, June twenty-fourth, on Boston Common, I received from the hands of General Edwards, Commander of the Northeastern Department, the Distinguished Service Medal 'for especially meritorious and conspicuous service as President of the War Camp Community Service.' I want to congratulate all my fellow workers, paid and unpaid, upon this citation. War Camp Community Service is a spiritual body manifested in the flesh by all its workers and leaders. I think it has deserved this decoration, and I deem it a high honor to have been the garment or lapel to which the medal has been pinned."

## FIRST CARGO OF POTASH ARRIVES IN WILMINGTON

### Steamer Sails With Cargo of Cotton for Europe; Another To Leave Soon

Wilmington, August 4.—The Dutch steamer Veerhaven arrived here today with the first potash from Europe that has been brought here since the war started in 1915. She brought 4,800 tons from the Alsatian potash fields, now in control of the French after forty years under German direction.

The shipping board steamer Abzoon sailed for Rotterdam today with over 8,000 bales of cotton, after having been tied up here several weeks for repairs, then on account of the marine strike and finally because the navy wireless operator was ordered off the ship, leaving the vessel without wireless facilities.

The Italian steamer Ansaldo Fifth is here taking on a cargo of 18,000 bales of cotton for Genoa. In addition to the cotton she will carry back several thousand tons of steel plates which were loaded at Philadelphia.

## CZECHO TROOPS IN ASHEVILLE SUNDAY

### Bohemian Soldiers En Route to Homes in Europe Are Entertained Royally

Asheville, Aug. 4.—After spending twelve happy and interesting hours in the city, about 1,000 Czech-Slovaks, another contingent of the troops which are being taken from Siberia to their native country, left the city last night at 11:30 o'clock for Norfolk, Va., where they will begin the last of their long and tiresome journey home. Remembrances of the visit of the Bohemians to this city will be marked by the great spirit of appreciation which was shown by the foreign troops, welcomed here as home boys, and given the same treatment accorded to the American troops by the Red Cross eastern corps.

The first of the troops who are being taken home after spending many months fighting against the Bolsheviks, passed through the city Saturday night, two troop trains carrying 1,000 men. The second detail of men arrived yesterday morning, four trains carrying about 1,000 men. A number of the men in the detachment yesterday were casuals, having been wounded during the extensive operations against the enemy in Russia. There was one special car used as a hospital car, and there were four Red Cross nurses, three American and one French, who had charge of the wounded in this part of the train.

On their arrival here yesterday morning the Slovaks were met at the station by about 50 members of the local canteen corps, and were given a nourishing meal before they left the station. The men were then transported to Alston Park on special street cars, and such man was given the privilege of entering the shower baths there. A special concert was rendered by the Berry municipal band during the afternoon, and the music was greatly appreciated by the men, who had not heard good music since they first left their homes.

A good number of the men were taken

## A WELL KNOWN RAILROAD MAN BOOSTS DRECO

### Tampa Man Declares It Has Relieved Constipation, Nervousness, Kidney Trouble and Run-Down System.

"For several years I have been trying to find the medicine that would relieve my troubles, and now I know that Dreco is what I have been looking for," says Mr. R. A. Coley, who resides on Tampa street, Tampa, Fla.

Mr. Coley is a well-known track foreman with the S. A. L. and one of the most popular railroad men in Florida. "I am 41 years old and thought that I was worn out and would never feel right again. My kidneys bothered me day and night; liver was sluggish; my food did me no good, but lay in my stomach and soured, forming gas that swelled me up. Dirty spells hit me some times and I would have to quit whatever I was doing. I got nervous and could not sleep; was growing nervous and was discouraged."

"Since I have been taking Dreco all my troubles are very much improved. I feel younger and stronger—even my friends notice the change in my condition and ask what I have been doing, and I always explain about this great medicine, Dreco, for it has done me worlds of good and I am glad of a chance to publicly praise it."

Dreco is made from juices and extracts of many medical herbs which act on the vital organs in a pleasant and prompt manner.

Dreco is highly recommended in Raleigh by F. W. Parker Drug Co., Zebulon Drug Co., Wendell Drug Co., Pope's Pharmacy, in Clayton, A. V. Baucum, Apex, Powers Drug Co., Wake Forest—Adv.

OTHELIA O'NEAL, Administratrix, Raleigh, N. C., R. 1. This, the 15th day of July, 1919. S. BROWN SHEPHERD, Attorney.

to the private homes for the noon meal. This act on the part of the Asheville people was greatly appreciated by the soldiers, and they did everything possible to show it. One member of the troop train, who could speak excellent English, besides other languages, said that they had taken all of their equipment, including uniforms from their enemies, the Bolsheviks. He said that when the Slovaks were released from prison they had no uniforms or ammunition, and could only use that which they took from the Bolsheviks. He stated, as did many others, that he expected to return to this country as soon as the immigration laws would allow it. All of the men were struck with America, and especially this section, many of them exclaiming at the beautiful scenes which they saw in and around Asheville.

The Slovaks are paid about \$10 per month, and many of them had practically no money. One soldier, unused to the high prices of this country, displayed an American dollar and seemed to think that he was very rich. Some of them had money in their own coin, but naturally, could not spend it.

What man has done woman thinks she can undo.

## Pimples, Sores, Humors and Skin Eruptions

### Are Caused by Impure or Bad Blood—Internal Treatment is Necessary.

There are a great many conditions of poor health caused by bad blood. These disorders are evidenced by skin eruptions, swelling of the glands or joints, falling hair and sores on different parts of the face, limbs or body. While it is bad enough to be sick, such troubles are a continual source of embarrassment and annoyance.

You can alleviate these troubles caused by impure or bad blood by taking Prescription C-2223, a blood purifier of merit. The medicinal ingredients which are used in its manufacture are so proportional and combined as to go directly to the seat of the trouble, sweep out the impurities and purify the blood, that one great necessity of a healthy body.

Prescription C-2223 contains no mercury, opium, morphine, chloral or strychnine; it was originally the prescription of a prominent physician, used in his practice in the treatment of conditions due to impure blood. If any one doubts the merit of the medicinal ingredients used in its manufacture, will gladly furnish this information to their family physician.

Prescription C-2223 can be found at all good drug stores for \$1.50 a bottle; or the manufacturers will send prepaid on receipt of price. Write the C-2223 Laboratory, Memphis, Tenn., for free literature.—(adv.)

## Art Craft Phonographs

### The Art Craft Amplifier

is the Latest Achievement

## Sound Chamber Development

Designed by an inventor, with constructive mechanical ideas, musical talent and a thorough knowledge of Acoustics, sound vibration and the amplification of sound waves.

An all-wood throat and tone chamber, made of selected woods, that improves with use and age, the same as used by the Master makers of famous violins and other musical instruments.

The Art Craft amplifier attracts and brings out the vibrant singing quality of violin and piano, the sympathetic tones of voice and instrument in perfect unison and harmony clear, resonant, mellow and rich; the tones hitherto lost in phonographic reproduction.
