

B. R. T. STRIKE HAS BEEN CALLED OFF

Under Terms of Agreement Strikers Win Recognition of Organizations

New York, Aug. 9.—The strike which for four days has paralyzed traffic on the surface, subway and elevated lines of the Brooklyn Rapid Transit Company, was called off tonight after an agreement had been reached between representatives of the strikers and Lindley M. Garrison, receiver of the road.

Under the terms of this agreement the strikers win their principal demand, recognition of the Amalgamated Association of Street and Electric Railway Employees—provided they can show that 9 per cent of the company's employees were members of the union at midnight, August 8. This union officials profess to be confident they can do.

Other clauses of the agreement provide that Mr. Garrison will receive a committee presenting grievances of the employees; that any grievances which cannot be adjusted will be submitted to arbitration and that the receiver and the strikers bind themselves to abide by the results of such arbitration.

CHRISTIAN ENDEAVOR WORLD CONFERENCE

Buffalo, N. Y., Aug. 9.—The World Inter-Church movement was among the important subjects considered at the closing sessions of the Christian Endeavor World Conference here today.

"The basic foundation of this movement does not rest upon an organic unit, but rather on spiritual unity," said the Secretary, the Rev. J. Campbell White. "We are not arguing for church unity—let that take care of itself. The movement is a serious effort on the part of protestant churches and agencies to work together to map out a world program for the spread of the gospel."

An effort will be made to recruit 25,000 secretaries among Christian Endeavor Societies as their contribution to the movement.

While New York has been tentatively selected as the meeting place of 1921, final action was deferred until October 1st, when the board of trustees meets in Boston.

BAPTIST CAMPAIGN WORKERS GATHER

Several Hundred Are Holding Conference At Meredith College

Several hundred representative Baptist men and women are in Raleigh. They are attending a conference of workers who are to put the Baptist seventy-five million dollar campaign "over the top." These workers come from every section and are studying the plans and purposes of the campaign.

The conference sessions are held in the Meredith College auditorium and will continue Sunday. Dr. L. R. Scarborough, of Nashville, Tenn., the general manager of the campaign will be with the North Carolina Baptists today and will lead in the discussions. Dr. Scarborough does not come to Raleigh to deliver a public address and the conference is not a public gathering but is purely a gathering of workers who are to be trained to carry on the local work of the big Baptist undertaking.

North Carolina Baptists will raise a minimum of 6,000,000 as their part of the seventy-five millions and from reports that are coming to Baptist headquarters it seems that there is a strong likelihood that North Carolina will go beyond the amount set.
